What Has Been Filmed at Maury County Courthouse? A Look Behind the Scenes

Have you ever wondered what fascinating stories unfold behind the imposing brick walls of the Maury County Courthouse? This historic building, steeped in Tennessee's rich past, isn't just a place for legal proceedings; it's also served as a captivating backdrop for numerous film and television productions. This post delves into the world of film and television productions that have utilized the unique charm and character of the Maury County Courthouse, revealing the secrets behind its on-screen appearances. We'll explore some of the notable projects, the reasons behind its popularity as a filming location, and offer a glimpse into the history that makes this location so special.

The Allure of the Maury County Courthouse as a Filming Location

The Maury County Courthouse, situated in Columbia, Tennessee, boasts stunning architecture and a palpable sense of history. Its imposing presence, detailed craftsmanship, and classic Southern aesthetic make it a highly sought-after location for filmmakers. But what specifically draws productions to this particular courthouse?

Several factors contribute to its appeal:

Architectural Significance: The courthouse's neoclassical design, with its stately columns and grand entrance, immediately evokes a sense of authority and history. This visual impact effortlessly sets the tone for a variety of genres, from period dramas to legal thrillers.

Authentic Period Details: The building's preserved architectural details provide an authentic backdrop for period pieces, eliminating the need for extensive set construction. This cost-effectiveness is a significant draw for production companies.

Accessibility and Amenities: Despite its historical significance, the Maury County Courthouse offers relatively easy access for filming crews and equipment. The availability of nearby parking and supporting infrastructure further enhances its practicality.

Location, Location, Location: Situated in a picturesque area of Tennessee, the courthouse benefits from the surrounding landscape, providing diverse and visually appealing options for exterior shots.

Notable Productions Filmed at the Maury County Courthouse

While a complete list of every production that has used the Maury County Courthouse is difficult to compile, some notable films and television shows have prominently featured the building. Unfortunately, specific details about many productions are often kept confidential during and after filming.

However, through online databases and local news archives, we can uncover some productions. The building's imposing exterior has often been used for establishing shots, portraying the seat of justice in fictional towns. Its interior spaces, with their high ceilings and large courtroom, have served as settings for key scenes in various productions. This often requires careful coordination with the county's schedule and operations to minimize disruption to the courthouse's normal functions.

Further research into local film permits and production company archives might yield a more comprehensive list, but unfortunately, this information isn't always publicly available.

The Impact of Film on Maury County

The use of the Maury County Courthouse as a filming location contributes positively to the local economy. Film crews often utilize local services, from catering and lodging to equipment rental and transportation, creating opportunities for businesses and individuals within the community. This injection of revenue can stimulate economic growth and enhance the profile of Maury County as a desirable filming destination.

Preserving History While Embracing the Future

The Maury County Courthouse's dual role – as a functional government building and a sought-after film location – highlights the potential for historical preservation and economic development to coexist. The careful management of filming activities ensures the preservation of the building's historical integrity while capitalizing on its economic value.

Conclusion

The Maury County Courthouse stands as a testament to both enduring history and modern-day entertainment. Its unique blend of architectural grandeur and accessibility makes it an attractive location for film and television productions. While a complete, publicly accessible list of every production filmed there remains elusive, its presence in various projects significantly impacts both the local economy and the broader cinematic landscape.

what has been filmed at maury county courthouse: Tales from Tennessee Lawyers William Montell, 2005-10-07 Perhaps no one has keener insight into human nature than the small-town trial lawyer. All but lost in an era of corporate law firms and specialized practice, this charismatic figure was once at the political center of a community and was the holder of its many secrets. A small town attorney's only specialization was the town itself. Serving as both defender and accuser, these lawyers witnessed communities and individuals at their best and worst. Men and women of the legal profession often exert influence in seemingly small realms, but they play an important role in the

lives of many people and help shape the American legal system. Veteran oral historian and folklorist William Lynwood Montell has brought together a fascinating collection of tales gathered from lawyers and judges throughout the Volunteer State. Montell searched small towns and cities across Tennessee for the law's older and middle age practitioners, and he shares the wealth of their experience in *Tales from Tennessee Lawyers*. These stories are recorded exactly as told by the lawyers themselves, and they reveal candid and unusual snapshots of the legal system—both past and present. With a tape recorder and an ear for detail, Montell uncovers events and lives ranging from the commonplace to the extraordinary. A man resorts to prostitution to alleviate the debt brought about by divorce proceedings. Identical twins are tried for a string of murders. A convict flees his trial by stealing the judge's car. A prosecutor tries the nation's first school-shooting case. Judge George Balitsaris, a former University of Tennessee football player, escorts a special prosecutor out of a notorious rape trial as a precaution after the defendant's family issues threats. These and similar stories illustrate the strange, complex cases argued daily from Tennessee's largest cities to its smallest towns. Far more than just a collection of lawyer jokes, these recollections shed light on the tense and often dangerous lives of those who work to see that all receive fair representation and treatment in court.

Includes extensive photos of original documents, illustrations of life during each generation, discussions of what life was like for each family, and coverage of many different branches of the family. The author writes of the old photographs, letters, clippings, and historic information that he and two of his cousins collected: I realized that many of these items resided with a single individual and might soon be gone. The idea of a way to make this information available to a wider range of friends and relatives started to form. Thus, I felt inspired to write this book. It was surprising to me to see the large number of our ancestors who in every sense of the word were true pioneers and moved to the very edge of a new frontier. Hence, the title of this book: *The Bryson Ancestors--On the Edge of New Frontiers*.

what has been filmed at maury county courthouse: *Unsolved Civil Rights Murder Cases, 1934-1970* Michael Newton, 2016-01-28 The Emmett Till Unsolved Civil Rights Crime Act of 2007 called for review and reinvestigation of violations of criminal civil rights statutes that occurred not later than December 31, 1969, and resulted in a death. The U.S. Attorney General's review observed that date, while examining cases from 1936 (a date not specified in the Till Act) onward. In selecting violations for review, certain headline cases were included while others meeting the same criteria

were not considered. This first full-length survey of American civil rights cold cases examines unsolved racially motivated murders over nearly four decades, beginning in 1934. The author covers all cases reviewed by the federal government to date, as well as a larger number of cases that were ignored without official explanation.

what has been filmed at maury county courthouse: *Tennessee Tragedies* Allen R. Coggins, 2012-01-15 A one-of-a-kind reference book, *Tennessee Tragedies* examines a wide variety of disasters that have occurred in the Volunteer State over the past several centuries. Intended for both general readers and emergency management professionals, it covers natural disasters such as floods, tornadoes, and earthquakes; technological events such as explosions, transportation wrecks, and structure fires; and societal incidents including labor strikes, political violence, lynchings, and other hate crimes. At the center of the book are descriptive accounts of 150 of the state's most severe events. These range from smallpox epidemics in the eighteenth century to the epic floods of 1936-37, from the Sultana riverboat disaster of 1865 (the worst inland marine accident in U.S. history) to the 1968 assassination of Dr. Martin Luther King Jr. Included as well are stories of plane crashes, train wrecks, droughts, economic panics, and race riots. An extensive chronology provides further details on more than 900 incidents, the most complete listing ever compiled for a single state. The book's introduction examines topics that include our fascination with such tragedies; major causes of death, injury, and destruction; and the daunting problems of producing accurate accountings of a disaster's effects, whether in numbers of dead and injured or of economic impact. Among the other features are a comprehensive glossary that defines various technical terms and concepts and tables illustrating earthquake, drought, disease, and tornado intensity scales. A work of great historical interest that brings together for the first time an impressive array of information, *Tennessee Tragedies* will prove exceptionally useful for those who must respond to inevitable future disasters.

what has been filmed at maury county courthouse: Devil in the Grove Gilbert King, 2012-03-06 Winner of the Pulitzer Prize "A must-read, cannot-put-down history." — Thomas Friedman, New York Times Arguably the most important American lawyer of the twentieth century, Thurgood Marshall was on the verge of bringing the landmark suit Brown v. Board of Education before the U.S. Supreme Court when he became embroiled in a case that threatened to change the course of the civil rights movement and cost him his life. In 1949, Florida's orange industry was booming, and citrus barons got rich on the backs of cheap Jim Crow labor with the help of Sheriff Willis V. McCall, who ruled Lake County with murderous resolve. When a white seventeen-year-old girl cried rape, McCall pursued four young black men who dared envision a future for themselves beyond the groves. The Ku Klux Klan joined the hunt, hell-bent on lynching the men who came to be known as the Groveland Boys. Associates thought it was suicidal for Marshall to wade into the Florida Terror, but the young lawyer would not shrink from the fight despite continuous death threats against him. Drawing on a wealth of never-before-published material, including the FBI's unredacted Groveland case files, as well as unprecedented access to the NAACP's Legal Defense Fund files, Gilbert King shines new light on this remarkable civil rights crusader.

what has been filmed at maury county courthouse: John Lewis: The Last Interview MELVILLE HOUSE, 2021-11-23 Featuring interviews of civil rights activist and congressman John Lewis at almost every stage of his career, this collection illustrates why Lewis has become a human rights icon and remains an inspiration to activists today Throughout John Lewis's long and storied career he maintained a seemingly unwavering hope for a better future. This hope can be traced throughout the interviews collected here. From a young activist testifying in the aftermath of Bloody Sunday to recounting the violence he met as a Freedom Rider to an elder statesman inspired by today's civil rights activists, this collection forms a portrait of a man whose life was spent fighting for a better world and never lost hope.

what has been filmed at maury county courthouse: The Webb School of Bell Buckle Susan Coop Howell and Hannah Byrd Little, 2019 The Webb School of Bell Buckle is the oldest continuously operating boarding school in the South. In Culleoka, Tennessee, in 1870, William Robert Sawney Webb Sr. founded the school, and classes were taught in the basement of a Methodist church. Webb's brother, John Maurice, joined as coprincipal in 1873. Having family ties to the town of Bell Buckle, the Webbs moved the school to its permanent home in 1886. With Sawney known for his drive and discipline and John known for his saintly character, deep learning, and the gift of imparting it, according to Vanderbilt University professor emeritus Edwin Mims (Webb School class of 1888), the brothers were a powerful force in education and later became founding members of the Southern Association of Independent Schools. In addition to 10 Rhodes Scholars, the school

has produced governors, university presidents, diplomats, CEOs, actors, artists, and several award-winning authors. The Webb School celebrates its sesquicentennial in 2020.

what has been filmed at maury county courthouse: Thurgood Marshall Juan Williams, 2011-06-22 A NEW YORK TIMES NOTABLE BOOK • The definitive biography of the great lawyer and Supreme Court justice, from the bestselling author of Eyes on the Prize “Magisterial . . . in Williams’ richly detailed portrait, Marshall emerges as a born rebel.”—Jack E. White, Time Thurgood Marshall was the twentieth century’s great architect of American race relations. His victory in the Brown v. Board of Education decision, the landmark Supreme Court case outlawing school segregation in the United States, would have made him a historic figure even if he had never been appointed as the first African-American to serve on the Supreme Court. He had a fierce will to change America, which led to clashes with Martin Luther King, Jr., Malcom X, and Robert F. Kennedy. Most surprising was Marshall’s secret and controversial relationship with the FBI chief J. Edgar Hoover. Based on eight years of research and interviews with over 150 sources, Thurgood Marshall is the sweeping and inspirational story of an enduring figure in American life who rose from the descendants of slaves to become an American hero.

what has been filmed at maury county courthouse: This Nonviolent Stuff’ll Get You Killed Charles E Cobb Jr., 2014-06-03 Visiting Martin Luther King Jr. at the peak of the Montgomery, Alabama bus boycott, journalist William Worthy almost sat on a loaded pistol. Just for self defense, King assured him. It was not the only weapon King kept for such a purpose; one of his advisors remembered the reverend’s Montgomery, Alabama home as an arsenal. Like King, many ostensibly nonviolent civil rights activists embraced their constitutional right to selfprotection -- yet this crucial dimension of the Afro-American freedom struggle has been long ignored by history. In This Nonviolent Stuff’ll Get You Killed, civil rights scholar Charles E. Cobb Jr. describes the vital role that armed self-defense played in the survival and liberation of black communities in America during the Southern Freedom Movement of the 1960s. In the Deep South, blacks often safeguarded themselves and their loved ones from white supremacist violence by bearing -- and, when necessary, using -- firearms. In much the same way, Cobb shows, nonviolent civil rights workers received critical support from black gun owners in the regions where they worked. Whether patrolling their neighborhoods, garrisoning their homes, or firing back at attackers, these courageous men and women and the weapons they carried were crucial to the movement’s success. Giving voice to the World War II veterans, rural activists, volunteer security guards, and self-defense groups who took up arms to defend their lives and liberties, This Nonviolent Stuff’ll Get You Killed lays bare the paradoxical relationship between the nonviolent civil rights struggle and the Second Amendment. Drawing on his firsthand experiences in the civil rights movement and interviews with fellow participants, Cobb provides a controversial examination of the crucial place of firearms in the fight for American freedom.

what has been filmed at maury county courthouse: We Were Illegal Jessica Goudeau, 2024-06-18 An award-winning author’s deep exploration of pivotal moments in Texas history through multiple generations of her own family, and a ruthless reexamination of our national and personal myths Seven generations of Jessica Goudeau’s family have lived in Texas, and her family’s legacy—a word she heard often growing up—was rooted in faith, right-living, and the hard work that built their great state. It wasn’t until her aunt mentioned a stowaway ancestor and she began to dig more deeply into the story of the land she lives on today in suburban Austin, that Goudeau discovered her family’s far more complicated role in Texas history: from a swindling land grant agent in the earliest

days of Anglo settlement that brought slavery to Mexican land, up through her Texas Ranger great-uncle, who helped a sociopathic sheriff cover up mass murder. Tracking her ancestors' involvement in pivotal moments from before the Texas Revolution through today, *We Were Illegal* is at once an intimate and character-driven narrative and an insider's look at a state that prides itself on its history. It is an act of reckoning and recovery on a personal scale, as well as a reflection of the work we all must do to dismantle the whitewashed narratives that are passed down through families, communities, and textbooks. And it is a story filled with hope—by facing these hypocrisies and long-buried histories, Goudeau explores with us how to move past this fractured time, take accountability for our legacy, and learn to be better, more honest ancestors.

what has been filmed at maury county courthouse: *Suicide or Murder?* Vardis Fisher, 2017-07-11 Meriwether Lewis (1774-1809) was an American explorer, soldier, politician, and public administrator, best known for his role as the leader of the Lewis and Clark Expedition, also known as the Corps of Discovery, with William Clark. Their mission was to explore the territory of the Louisiana Purchase, establish trade with and sovereignty over the natives near the Missouri River, and claim the Pacific Northwest and Oregon Country for the United States before European nations. They also collected scientific data, and information on indigenous nations. President Thomas Jefferson appointed Lewis Governor of Upper Louisiana in 1806. He died of gunshot wounds in what was either a murder or suicide, in 1809. The death of Meriwether Lewis is one of the great mysteries of American history. Was he murdered at Grinder's Stand or did he commit suicide? Vardis Fisher meticulously reconstructs the events and presents his own version of the case with the precision and persuasiveness of a fine trial lawyer. But Fisher was also a great novelist and it is his sense of character that serves him best here. We know Lewis' complex sensibility as well as we know that of any man of his time—his Journals are so self-revealing, so exacting in the record they make of his musings, doubts, and elations. Fisher offers us this complex Lewis and, with equal perceptiveness, sets the rough, frontier scene at Grinder's Stand. The result is a fine mystery, well solved, that leans toward tragedy.
