Q2: Can brain teasers help prevent dementia?

A2: While brain teasers alone can't prevent dementia, they can contribute to overall cognitive health and may help delay or reduce the severity of cognitive decline. A healthy lifestyle, including regular mental and physical exercise, plays a more significant role.

Q3: How often should I do brain teasers?

A3: There's no magic number, but aiming for at least 15-20 minutes of brain teaser activity a few times a week is a good starting point. Consistency is more crucial than the duration of each session.
