Common Sense by Thomas Paine: A Revolutionary Read That Still Resonates

Introduction:

Have you ever wondered about the spark that ignited the American Revolution? While numerous factors contributed, one pamphlet stands out as a pivotal catalyst: Thomas Paine's *Common Sense*. Published anonymously in January 1776, this seemingly small booklet became a runaway bestseller, profoundly influencing public opinion and galvanizing support for American independence from Great Britain. This post delves deep into *Common Sense*, exploring its key arguments, lasting impact, and enduring relevance in today's world. We'll unpack Paine's powerful prose, analyzing its rhetorical strategies and examining why this 18th-century text remains a compelling and insightful read.

The Context of Paine's Common Sense: A Nation's Birth Pangs

Before diving into the pamphlet's content, it's crucial to understand the historical backdrop. Colonists were grappling with increasing tensions with the British crown. Taxation without representation, restrictive trade policies, and the looming threat of further oppression fueled discontent. However, the move towards independence was not universally supported. Many colonists, loyal to the British monarchy, feared the uncertainty and potential chaos of revolution.

Paine's Masterful Use of Plain Language

Paine's genius lay in his ability to articulate the colonists' grievances in clear, concise, and emotionally resonant language. He eschewed the complex political jargon of the time, opting for a style accessible to the common person – hence the title, *Common Sense*. This simple yet powerful prose resonated deeply with a broad audience, transforming abstract political concepts into relatable everyday concerns.

Key Arguments in Common Sense: A Case for Independence

Common Sense is not a systematic political treatise; it's a passionate appeal to reason and liberty. Paine's core arguments can be summarized as follows:

The Absurdity of Monarchy: A Critique of Hereditary Rule

Paine launched a scathing critique of monarchy, arguing that hereditary succession is inherently illogical and unjust. He posited that a king's right to rule is not divinely ordained but rather a product of arbitrary tradition and force. He eloquently argued that the concept of inheriting power, regardless of merit or capability, is inherently flawed and detrimental to societal progress.

The Benefits of Republicanism: A Vision of Self-Governance

Paine championed republicanism, advocating for a government based on the consent of the governed. He envisioned a society where power resides with the people, exercised through elected representatives. This vision of self-governance offered a powerful alternative to the perceived tyranny of British rule, promising liberty, equality, and prosperity.

The Practicalities of Independence: Addressing Colonial Concerns

Paine addressed the practical concerns of independence, acknowledging the challenges and risks involved. However, he argued persuasively that the potential benefits of self-governance far outweighed the potential costs of continued subjugation under British rule. He presented a compelling case, addressing economic and security concerns with reasoned arguments.

The Impact and Legacy of Common Sense: A Lasting Influence

The pamphlet's impact was immediate and profound. It sold hundreds of thousands of copies within months, dramatically shifting public opinion in favor of independence. Common Sense became a rallying cry for the revolution, fueling the flames of rebellion and providing a philosophical justification for the fight for freedom.

Common Sense and the Declaration of Independence: A Shared Vision

The influence of Common Sense can be clearly seen in the Declaration of Independence, drafted later that same year. Many of Paine's arguments and themes resonate strongly in Jefferson's masterful articulation of the American ideals of liberty, equality, and self-government.

Enduring Relevance of Common Sense in the Modern World

Despite being written over two centuries ago, *Common Sense* retains its relevance today. Paine's arguments against tyranny, his advocacy for self-governance, and his emphasis on human rights continue to resonate with readers across the globe. The pamphlet serves as a timeless reminder of the importance of critical thinking, civic engagement, and the ongoing struggle for freedom and justice. Its accessibility and powerful message make it an essential read for anyone interested in political philosophy and the history of the American Revolution.

Conclusion:

Thomas Paine's *Common Sense* remains a powerful and relevant text. Its simple yet profound message continues to inspire readers to question authority, strive for self-governance, and fight for a more just and equitable world. The pamphlet's lasting legacy lies not only in its contribution to the American Revolution but also in its enduring relevance to the ongoing struggle for liberty and self-determination throughout history.

FAQs:

1. Was Thomas Paine actually the author of *Common Sense*? While published anonymously, strong evidence points to Thomas Paine as the author. His later writings and the style of *Common Sense* all support this conclusion.
2. What was the pamphlet's immediate impact on the American colonies? *Common Sense* rapidly shifted public opinion in favor of independence, dramatically increasing support for the revolutionary cause and providing a philosophical justification for rebellion.
3. How did *Common Sense* influence the Declaration of Independence? The pamphlet's arguments about self-governance, natural rights, and the illegitimacy of monarchy strongly influenced the Declaration's core principles.
4. Is *Common Sense* still relevant today? Absolutely. Paine's arguments against tyranny, for self-governance, and for human rights remain powerfully relevant in contemporary discussions of political philosophy and social justice.
5. Where can I find a copy of *Common Sense* to read? The pamphlet is widely available online as a free ebook and in print from numerous publishers. Many libraries also have copies in their collections.

common sense by thomas paine: *Common Sense* Thomas Paine, 2017-10-06 *Common Sense* is

a pamphlet written by Thomas Paine in 1775-76 advocating independence from Great Britain to people in the Thirteen Colonies. Written in clear and persuasive prose, Paine marshaled moral and political arguments to encourage common people in the Colonies to fight for egalitarian government. It was published anonymously on January 10, 1776, at the beginning of the American Revolution, and became an immediate sensation. It was sold and distributed widely and read aloud at taverns and meeting places. In proportion to the population of the colonies at that time (2.5 million), it had the largest sale and circulation of any book published in American history. As of 2006, it remains the all-time best selling American title.

common sense by thomas paine: Common Sense and Other Writings Thomas Paine, 2005
Thomas Paine was an important leader in the fight for independence from England. His pamphlet *Common Sense* stirred the populace to join the fight.

common sense by thomas paine: Common Sense By Thomas Paine Thomas Paine, 2020-08-09
Enormously popular and widely read pamphlet, first published in January of 1776, clearly and persuasively argues for American separation from Great Britain and paves the way for the Declaration of Independence. This highly influential landmark document attacks the monarchy, cites the evils of government and combines idealism with practical economic concerns.

common sense by thomas paine: Common Sense by Thomas Paine Illustrated Edition Thomas Paine, 2021-04-22
Thomas Paine published *Common Sense* in 1776, a time when America was a hotbed of revolution. The pamphlet, which called for America's political freedom, sold more than 150,000 copies in three months. Paine not only spurred his fellow Americans to action but soon came to symbolize the spirit of the Revolution itself. His persuasive pieces, written so elegantly, spoke to the hearts and minds of all those fighting for freedom from England.

common sense by thomas paine: Common Sense, The Rights of Man and Other Essential Writings of ThomasPaine Thomas Paine, 2003-07-01
A volume of Thomas Paine's most essential works, showcasing one of American history's most eloquent proponents of democracy. Upon publication, Thomas Paine's modest pamphlet *Common Sense* shocked and spurred the founding American colonies of 1776 to action. It demanded freedom from Britain—when even the most fervent patriots were only advocating tax reform. Paine's daring prose paved the way for the Declaration of Independence and, consequently, the Revolutionary War. For “without the pen of Paine,” as John Adams said, “the sword of Washington would have been wielded in vain.” Later, his impassioned defense of the French Revolution, *Rights of Man*, caused a worldwide sensation. Napoleon, for one, claimed to have slept with a copy under his pillow, recommending that “a statue of gold should be erected to [Paine] in every city in the universe.” Here in one volume, these two complete works are joined with selections from Paine's other major essays, “The Crisis,” “The Age of Reason,” and “Agrarian Justice.” Includes a Foreword by Jack Fruchtman Jr. and an Introduction by Sidney Hook

common sense by thomas paine: Common Sense Thomas Paine, 2017-11-01
Common Sense by Thomas Paine Fight for Freedom! Thomas Paine's pamphlet was first written and distributed in 1775, and read aloud in meeting places and taverns. Calling the American Colonists to fight for their

own representative government, this text made an impassioned plea for independence. Common Sense was an immediate sensation in Philadelphia and across the thirteen colonies. With clear and reasoned style, Paine was the first to advocate for war on the behalf of an idea--launching the American project and distinct American political identity. Thomas Paine's Common Sense maintains its readability and passion for Americans today.

common sense by thomas paine: Common Sense Thomas Paine, 2018-04-29 Common Sense by Thomas Paine. Common Sense is a pamphlet written by Thomas Paine in 1775-76 advocating independence from Great Britain to people in the Thirteen Colonies. In order to gain a clear and just idea of the design and end of government, let us suppose a small number of persons settled in some sequestered part of the earth, unconnected with the rest; they will then represent the first peopling of any country, or of the world. In this state of natural liberty, society will be their first thought. A thousand motives will excite them thereto; the strength of one man is so unequal to his wants, and his mind so unfitted for perpetual solitude, that he is soon obliged to seek assistance and relief of another, who in his turn requires the same. Four or five united would be able to raise a tolerable dwelling in the midst of a wilderness, but one man might labour out the common period of life without accomplishing any thing; when he had felled his timber he could not remove it, nor erect it after it was removed; hunger in the mean time would urge him to quit his work, and every different want would call him a different way. Disease, nay even misfortune, would be death; for, though neither might be mortal, yet either would disable him from living, and reduce him to a state in which he might rather be said to perish than to die.

common sense by thomas paine: Common Sense (Annotated) Thomas Paine, 2020-07-26 common sense thomas paine with annotations Easy to Read Thomas Paine's Common Sense (released in January 1776) is no doubt one of the most important books ever written in American History. Initially, Paine published the book anonymously. However, after three months in publication Paine was revealed as the author, putting him in serious danger. Still, Paine and his fellow revolutionaries labored on. Since most of the population was illiterate, those who were sympathetic to the books message who could read went around to taverns and gathering areas to read the pamphlet out loud. After all, the Revolution was in its infancy and many more people needed to support it in order for it to succeed. In the book, Paine advocates for independence from Great Britain through moral and political arguments. Society is produced by our wants, Paine said in Common Sense, and government by wickedness; the former promotes our happiness positively by uniting our affections, the latter negatively by restraining our vices. That is the truly the crux of Paine's argument.

common sense by thomas paine: Common Sense Thomas Paine, 2021-03-27 Thomas Paine arrived in America from England in 1774. A friend of Benjamin Franklin, he was a writer of poetry and tracts condemning the slave trade. In 1775, as hostilities between Britain and the colonies intensified, Paine wrote Common Sense to encourage the colonies to break the British exploitative hold and fight for independence. The little booklet of 50 pages was published January 10, 1776 and sold a half-million copies, approximately equal to 75 million copies today.

common sense by thomas paine: Common Sense Thomas Paine, 2021-03-22 A long habit of not thinking a thing wrong, gives it a superficial appearance of being right, and raises at first a formidable outcry in defense of custom. But the tumult soon subsides. Time makes more converts than reason. — Thomas Paine, Common Sense Throughout history, some books have changed the world. They have transformed the way we see ourselves-and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives-and destroyed them. Common Sense is a pamphlet written by Thomas Paine in 1775-76 that inspired people in the Thirteen Colonies to declare and fight for independence from Great Britain in the summer of 1776. six months before the Declaration of Independence, Thomas Paine's Common Sense was a radical and impassioned call for America to free itself from British rule and set up an independent republican government. Savagely attacking hereditary kingship and aristocratic institutions, Paine urged a new beginning for his adopted country in which personal freedom and social equality would be upheld and economic and cultural progress encouraged. His

pamphlet was the first to speak directly to a mass audience-it went through fifty-six editions within a year of publication-and its assertive and often caustic style both embodied the democratic spirit he advocated, and converted thousands of citizens to the cause of American independence. All time American History bestseller!

common sense by thomas paine: Common Sense (Original Edition) Thomas Paine, 2016-02-01 Common Sense is a pamphlet written by Thomas Paine in 1775-76 that inspired people in the Thirteen Colonies to declare and fight for independence from Great Britain in the summer of 1776. The pamphlet explained the advantages of and the need for immediate independence in clear, simple language. It was published anonymously on January 10, 1776, at the beginning of the American Revolution, and became an immediate sensation. It was sold and distributed widely and read aloud at taverns and meeting places.

common sense by thomas paine: Common Sense Thomas Paine, 2020-02 Common Sense is the timeless classic that inspired the Thirteen Colonies to fight for and declare their independence from Great Britain in the summer of 1776. Written by famed political theorist Thomas Paine, this pamphlet boldly challenged the authority of the British government and the royal monarchy to rule over the American colonists. By using plain language and a reasoned style, Paine chose to forego the philosophical and Latin references made popular by the Enlightenment era writers. As a result, Paine united average citizens and political leaders behind the central idea of independence and transformed the tenor of the colonists' argument against the British. As the best-selling American title of all time, Common Sense has been eloquently described by historian Gordon S. Wood as the most incendiary and popular pamphlet of the entire revolutionary era. Thomas Paine (1737-1809) was an English-American political activist, philosopher, and revolutionary. As one of the Founding Fathers of the United States, he authored the most influential pamphlets at the start of the American Revolution and inspired the colonists to declare independence from Great Britain in 1776. His ideas reflected Enlightenment-era rhetoric of transnational human rights and the separation of church and state. He has been called a corset-maker by trade, a journalist by profession, and a propagandist by inclination.

common sense by thomas paine: Common Sense: A Pamphlet by Thomas Paine Advocating Independence from Great Britain to People in the Thirteen Colonies. Thomas Paine, 2020-09-19 Common Sense is a pamphlet written by Thomas Paine in 1775-1776 advocating independence from Great Britain to people in the Thirteen Colonies. Writing in clear and persuasive prose, Paine marshaled moral and political arguments to encourage common people in the Colonies to fight for egalitarian government. It was published anonymously on January 10, 1776, at the beginning of the American Revolution, and became an immediate sensation. It was sold and distributed widely and read aloud at taverns and meeting places. In proportion to the population of the colonies at that time (2.5 million), it had the largest sale and circulation of any book published in American history. As of 2006, it remains the all-time best-selling American title and is still in print today. Common Sense made public a persuasive and impassioned case for independence, which had not yet been given serious intellectual consideration. Paine connected independence with common dissenting Protestant beliefs as a means to present a distinctly American political identity and structured Common Sense as if it were a sermon. Historian Gordon S. Wood described Common Sense as the most incendiary and popular pamphlet of the entire revolutionary era. The text was translated into French by Antoine Gilbert Griffet de Labaume in 1790.

About Common Sense by Thomas Paine Common Sense is a pamphlet written by Thomas Paine in 1775-76 that inspired people in the Thirteen Colonies to declare and

fight for independence from Great Britain in the summer of 1776. The pamphlet explained the advantages of and the need for immediate independence in clear, simple language. It was published anonymously on January 10, 1776, at the beginning of the American Revolution, and became an immediate sensation. It was sold and distributed widely and read aloud at taverns and meeting places. Washington had it read to all his troops, which at the time were surrounding the British army in Boston. In proportion to the population of the colonies at that time (2.5 million), it had the largest sale and circulation of any book published in American history. As of 2006, it remains the all-time best selling American title. Common Sense presented the American colonists with an argument for freedom from British rule at a time when the question of whether or not to seek independence was the central issue of the day. Paine wrote and reasoned in an easily understood style. Forgoing the philosophical and Latin references used by Enlightenment era writers, he structured Common Sense as if it were a sermon, relying on biblical references to make his case. He connected independence with common dissenting Protestant beliefs as a means to present a distinctly American political identity. Historian Gordon S. Wood described Common Sense as the most incendiary and popular pamphlet of the entire revolutionary era.

Wood described Common Sense as the most incendiary and popular pamphlet of the entire revolutionary era.

common sense by thomas paine: The Elementary Common Sense of Thomas Paine Mark Wilensky, 2007-12-05 An easy-to-understand adaptation of Paine's revolutionary pamphlet, plus insights on colonial history, life, and culture. The Declaration of Independence may have severed political bonds with England, but it was Thomas Paine's dynamic pamphlet, "Common Sense," that conceptualized the idea of unity and freedom months before Thomas Jefferson put pen to parchment. Paine's publication energized colonists to embark on a long and bloody war that imperiled their livelihoods and dismantled their cultural identity—all in the hope of creating a new nation constructed upon the concepts of liberty and independence. Although many know of Tom Paine and his famous "Common Sense," the historic pamphlet has not been readily accessible or widely read. But it needs to be, because it is one of our nation's most important founding documents. Now, fifth-grade history teacher Mark Wilensky rectifies this oversight with The Elementary Common Sense of Thomas Paine: An Interactive Adaptation for All Ages. This remarkable interactive version is adapted for young and old alike and makes Paine's words and the concepts he espoused widely available to everyone. This book offers a rich array of colonial history sprinkled with audio, video, and text graphics linked to a dynamic online website. This adaptation includes the original "Common Sense," a new adapted version in plain language everyone can understand today, an extensive chronology of important pre-revolutionary events leading up to the publication of Paine's pamphlet, and adapted versions of the Olive Branch Petition, A Proclamation For Suppressing Rebellion And

Sedition, and the Boston Port Act. Wilensky also includes a wide variety of insights on colonial coins and mercantilism, and many humorous illustrations designed to convey the important concepts of independence and liberty. Instructors and parents will especially appreciate Wilensky's decision to include supplementary materials such as teaching plans for classroom and home-schooling use. These include a wide variety of activities to engage students, all based on National Curriculum Standards. Colonial America was a continent with multiple cultures and customs spanning vast geographic distances. Tom Paine's amazing persuasive essay "Common Sense" unified these seemingly conflicting characteristics into the most remarkable nation ever founded in the history of mankind. The Elementary Common Sense of Thomas Paine will reignite the ardor of our Founding Fathers for a new generation.

common sense by thomas paine: The Writings of Thomas Paine Thomas Paine, 1894

common sense by thomas paine: Common Sense Sophia Rosenfeld, 2011 Common sense has always been a cornerstone of American politics. In 1776, Tom Paine's vital pamphlet with that title sparked the American Revolution. And today, common sense—the wisdom of ordinary people, knowledge so self-evident that it is beyond debate—remains a powerful political ideal, utilized alike by George W. Bush's aw-shucks articulations and Barack Obama's down-to-earth reasonableness. But far from self-evident is where our faith in common sense comes from and how its populist logic has shaped modern democracy. *Common Sense: A Political History* is the first book to explore this essential political phenomenon. The story begins in the aftermath of England's Glorious Revolution, when common sense first became a political ideal worth struggling over. Sophia Rosenfeld's accessible and insightful account then wends its way across two continents and multiple centuries, revealing the remarkable individuals who appropriated the old, seemingly universal idea of common sense and the new strategic uses they made of it. Paine may have boasted that common sense is always on the side of the people and opposed to the rule of kings, but Rosenfeld demonstrates that common sense has been used to foster demagoguery and exclusivity as well as popular sovereignty. She provides a new account of the transatlantic Enlightenment and the Age of Revolutions, and offers a fresh reading on what the eighteenth century bequeathed to the political ferment of our own time. Far from commonsensical, the history of common sense turns out to be rife with paradox and surprise.

common sense by thomas paine: Common Sense and Other Works by Thomas Paine Thomas Paine, 2019-01-01 Known as the Father of the American Revolution, English-American author Thomas Paine became famous for two pamphlets that inspired the colonists to fight for their independence. Common Sense, published in 1776, fostered the idea that the colonists could separate from the tyrannical rule of the British monarchy, and The American Crisis, published that same year, encouraged soldiers to fight against the British Army. Paine's later writings included The Rights of Man (1791), a series of articles defending the French Revolution and asserting that people should rise up if governments failed to protect their natural rights. His final text, The Age of Reason (1794-1796), challenged institutionalized religion and critiqued Christian theology, advocating instead for reason and scientific inquiry. This collection features unabridged editions of all four of the American revolutionary's main pamphlets and writings.

common sense by thomas paine: Common Sense Christopher Scott, 2018-11-26 Common Sense by Thomas Paine is the most compelling case for freedom ever made. It's the most influential book in American History. It's not just a book for Americans but a case for humanity and its ideas are as relevant today as ever. There's just one problem. Published in 1776 it was written in Old English and it could very well be another language for someone trying to read it today. The original manuscript is nearly impossible to understand. For the first time ever it's been translated into modern English so that everyone can read and understand it. It's a book that offers nothing more than simple facts, plain arguments and commonsense. Some people won't agree with the principles, but it doesn't make them any less true today than they were when it was originally written.

common sense by thomas paine: Thomas Paine's Common Sense Thomas Paine, 2014-01 Enormously popular and widely read pamphlet, first published in January of 1776, clearly and persuasively argues for American separation from Great Britain and paves the way for the Declaration of Independence. This highly influential landmark document attacks the monarchy, cites the evils of government and combines idealism with practical economic concerns.

--

common sense by thomas paine: Common Sense and Selected Works of Thomas Paine Thomas Paine, 2014-05-01 The pen is mightier than the sword, and this pen helped bring about the American Revolution. Thomas Paine is one of history's most renowned thinkers and was indispensable to both the American and French revolutions. The three works included, Common Sense, The Rights of Man, and The Age of Reason, are among his most famous publications. Paine is probably best known for his hugely popular pamphlet, Common Sense, which swayed public opinion in favor of American independence from England. The Rights of Man and The Age of Reason further advocated for universal human rights, a republican instead of monarchical government, and truth and reason in politics. The works of this moral visionary, whose ideas are as relevant today as ever, are now available as part of the Word Cloud Classics series, providing a stylish and affordable

addition to any library.

common sense by thomas paine: *Common Sense* Thomas Paine, 2017-08-28 The origin and design of government Published in 1776, the pamphlet *Common Sense* is a persuasive argument for the colonies' economic and political separation from Britain. Independence was declared, six months after *Common Sense* was published - and the American Revolution was born ... Today, *Common Sense* by Thomas Paine remains a landmark document in the struggle for freedom.

common sense by thomas paine: *Common Sense by Thomas Paine (illustrated)* Thomas Paine, 2017-10-08 *Common Sense By Thomas Paine (illustrated)* Throughout history, some books have changed the world. They have transformed the way we see ourselves-and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives-and destroyed them. Published anonymously in 1776, six months before the Declaration of Independence, Thomas Paine's *Common Sense* was a radical and impassioned call for America to free itself from British rule and set up an independent republican government. Savagely attacking hereditary kingship and aristocratic institutions, Paine urged a new beginning for his adopted country in which personal freedom and social equality would be upheld and economic and cultural progress encouraged. His pamphlet was the first to speak directly to a mass audience-it went through fifty-six editions within a year of publication-and its assertive and often caustic style both embodied the democratic spirit he advocated, and converted thousands of citizens to the cause of American independence.

common sense by thomas paine: *Common Sense* Thomas Paine, 2020-12-01 Struggling under oppressive laws, high taxes, and the heavy hand of King George the Third's rule, the people living in early America longed for freedoms seemingly out of reach. Talk of rebellion stayed in bars and in the secret of homes, never really given serious consideration until Thomas Paine picked up a pen. *Common Sense* was the one of the first major cases made public for independence. Written as if it were a sermon, Paine advocates for religious freedom and independence from Great Britain. *Common Sense* is separated by four sections: "Of the Origin and Design of Government in General, With Concise Remarks on the English Constitution", "Of Monarchy and Hereditary Succession," "Thoughts on the Present State of American Affairs," and "On the Present Ability of America, With Some Miscellaneous Reflections." Each use concise and persuasive prose to address Paine's main points and arguments for independence, based on the origins of the British government, the current state of America, and the issues of each. With *Common Sense* Thomas Paine entered a frequently talked about and yearned for solution for the young, struggling nation into public discourse for serious consideration. Without the pen of the author of *Common Sense*, the sword of Washington would have been raised in vain," John Adams said of Thomas Paine . *Common Sense* not only helped to inspire the American Revolution, but it also gave the founding fathers direction. Using clear, concise, and persuasive prose, Paine argues for American independence before other public figures of his time had the bravery or eloquence to. The ideologies of *Common Sense* are still employed in government today, and is a testament to the American spirit. Now with in a modern, easy-to-read font and with a distinct cover design, *Common Sense* by Thomas Paine embodies the American spirit and ingenuity like never before. It is a must-have for any collection seeking to appreciate American history and the origins of American democracy.

common sense by thomas paine: *Common Sense* Thomas Paine, 2017-01-15 *Common Sense* is a pamphlet written by Thomas Paine in 1775-76 advocating independence from Great Britain to people in the Thirteen Colonies. Written in clear and persuasive prose, Paine marshaled moral and political arguments to encourage common people in the Colonies to fight for egalitarian government. It was published anonymously on January 10, 1776, at the beginning of the American Revolution, and became an immediate sensation. It was sold and distributed widely and read aloud at taverns and meeting places. In proportion to the population of the colonies at that time (2.5 million), it had the largest sale and circulation of any book published in American history. As of 2006, it remains the all-time best selling American title, and is still in print today. *Common Sense* made public a persuasive and impassioned case for independence, which before the pamphlet had not yet been

given serious intellectual consideration. He connected independence with common dissenting Protestant beliefs as a means to present a distinctly American political identity, structuring *Common Sense* as if it were a sermon. Historian Gordon S. Wood described *Common Sense* as the most incendiary and popular pamphlet of the entire revolutionary era. The text was translated into French by Antoine Gilbert Griffet de Labaume in 1790.

common sense by thomas paine: *Common Sense* Thomas Paine, 2017-08-22 The first bestselling book in America! Buy this Classic Bestseller in its original format in this new series of bestselling classic reprints! Welcome to a special edition of a renowned classic. Several edits have been made for readability, including font, text size, spacing, and alignment changes. However, while our goal was to enhance the ease at which this book can be read, we did not alter or change the historic text. Experience this classic in all of its glory and historical significance!

common sense by thomas paine: *The Daily Thomas Paine* Thomas Paine, 2020-03-08 Thomas Paine was the spark that ignited the American Revolution. More than just a founding father, he was a verbal bomb-thrower, a rationalist, and a rebel. In his influential pamphlets *Common Sense* and *The American Crisis*, Paine codified both colonial outrage and the intellectual justification for independence, arguing consistently and convincingly for Enlightenment values and the power of the people. Today, we are living in times that, as Paine famously said, "try men's souls." Whatever your politics, if you're seeking to understand the political world we live in, where better to look than Paine? *The Daily Thomas Paine* offers a year's worth of pithy and provocative quotes from this quintessentially American figure. Editor Edward G. Gray argues that we are living in a moment that Thomas Paine might recognize—or perhaps more precisely, a moment desperate for someone whose rhetoric can ignite a large-scale social and political transformation. Paine was a master of political rhetoric, from the sarcastic insult to the diplomatic aperçu, and this book offers a sleek and approachable sampler of some of the sharpest bits from his oeuvre. As Paine himself says in the entry for January 20: "The present state of America is truly alarming to every man who is capable of reflexion." *The Daily Thomas Paine* should prove equally incendiary and inspirational for contemporary readers with an eye for politics, even those who prefer the tweet to the pamphlet.

common sense by thomas paine: *46 Pages* Scott Liell, 2004-03-03 Includes complete text of Thomas Paine's *Common sense*--Cover.
