

Cold War Ap World History Definition

Cold War AP World History Definition: Understanding the Global Power Struggle

The Cold War. A term that evokes images of nuclear anxieties, proxy wars, and the ever-present shadow of annihilation. But for students navigating the complexities of AP World History, the Cold War represents far more than just a historical period; it's a pivotal turning point shaping the geopolitical landscape we inhabit today. This comprehensive guide delves into the precise definition of the Cold War within the context of AP World History, exploring its causes, key characteristics, and lasting global impact. We'll unravel the intricacies of this era, providing you with the knowledge you need to ace your exams and gain a deeper understanding of this critical period.

What is the Cold War? An AP World History Definition

The Cold War, for AP World History purposes, is defined as the geopolitical tension between the United States and the Soviet Union, and their respective allies, from approximately 1947 to 1991. Unlike a "hot" war involving direct military conflict between the two superpowers, the Cold War was characterized by an intense ideological struggle, proxy conflicts, an arms race, and the constant threat of nuclear war. This period significantly reshaped global political alliances, fueled decolonization processes, and left an enduring legacy on international relations. It's crucial to understand it wasn't simply a conflict between two nations, but a complex global struggle involving numerous countries drawn into spheres of influence.

Understanding the Ideological Divide: Capitalism vs. Communism

The core of the Cold War stemmed from fundamentally opposing ideologies: capitalism and communism. The United States championed democratic capitalism, emphasizing individual liberty, free markets, and limited government intervention. The Soviet Union, on the other hand, promoted communism, a system advocating for a classless society, collective ownership of the means of production, and a centrally planned economy. This ideological clash became the battleground for global influence, with each superpower attempting to spread its system through various means, both overt and covert.

The Rise of Superpowers After World War II:

The end of World War II left the US and USSR as the two dominant global powers. The collapse of the Axis powers created a power vacuum, and both nations sought to fill it, often clashing over spheres of influence in Eastern Europe and elsewhere. The differing political and economic systems, coupled with mutual distrust and ideological incompatibility, fueled the escalating tension.

Key Characteristics of the Cold War in AP World History

Several key characteristics define the Cold War period for AP World History students:

The Arms Race:

A relentless competition to develop and amass more powerful weapons, particularly nuclear weapons, dominated the Cold War. The fear of nuclear annihilation was a constant presence, shaping foreign policy and international relations. The development of increasingly sophisticated weapons systems fueled a dangerous cycle of escalation.

Proxy Wars:

Instead of direct confrontation, the superpowers often engaged in proxy wars, supporting opposing sides in regional conflicts around the globe. Examples include the Korean War, the Vietnam War, and various conflicts in Africa and Latin America. These proxy wars served as battlegrounds for the ideological struggle and often resulted in devastating human cost.

The Space Race:

The competition extended beyond military might; the Space Race symbolized the ideological contest in a new arena. Both the US and USSR poured significant resources into space exploration, vying for technological supremacy and prestige.

The Formation of Alliances:

The Cold War witnessed the formation of two major military alliances: NATO (North Atlantic Treaty Organization) led by the US, and the Warsaw Pact led by the Soviet Union. These alliances solidified

the division of the world into two opposing blocs, increasing the risk of global conflict.

Espionage and Propaganda:

Intense espionage activities and sophisticated propaganda campaigns characterized the Cold War. Both sides engaged in covert operations to undermine each other, while propaganda played a critical role in shaping public opinion and garnering support for their respective ideologies.

The End of the Cold War and its Lasting Legacy

The Cold War's conclusion in 1991, marked by the collapse of the Soviet Union, was a momentous event with far-reaching consequences. However, the legacy of this period continues to shape global politics today. The collapse of communism in Eastern Europe led to significant geopolitical shifts, the rise of new nation-states, and ongoing debates about the role of global institutions. The threat of nuclear war, while diminished, remains a concern, highlighting the lasting impact of this era.

Conclusion

Understanding the Cold War is essential for comprehending the modern world. This period fundamentally reshaped the global political landscape, leaving an enduring legacy that continues to influence international relations today. By grasping its core definition, key characteristics, and lasting implications, AP World History students can gain a crucial understanding of this pivotal moment in history.

FAQs

1. What were the main causes of the Cold War? The main causes were ideological differences (capitalism vs. communism), the power vacuum left by World War II, mutual distrust and suspicion between the superpowers, and differing views on post-war reconstruction in Europe.
2. How did the Cold War affect decolonization? The Cold War intensified decolonization processes as both superpowers competed for influence in newly independent nations, often supporting different factions within those nations.
3. What was the significance of the Berlin Wall? The Berlin Wall symbolized the division of Germany and, more broadly, the ideological and physical division of Europe during the Cold War. Its fall in 1989 marked a significant turning point towards the end of the Cold War.
4. What role did nuclear weapons play in the Cold War? Nuclear weapons were a constant threat,

driving the arms race and shaping foreign policy decisions. The fear of mutually assured destruction (MAD) prevented direct conflict but created a state of perpetual tension.

5. How did the Cold War end? The Cold War ended primarily due to the internal weaknesses of the Soviet Union, economic stagnation, and the increasing pressure for reform from within the Soviet bloc. Gorbachev's policies of perestroika and glasnost further contributed to the eventual collapse of the Soviet Union in 1991.

cold war ap world history definition: AP WORLD HISTORY NARAYAN CHANGDER, 2022-12-19 THE AP WORLD HISTORY MCQ (MULTIPLE CHOICE QUESTIONS) SERVES AS A VALUABLE RESOURCE FOR INDIVIDUALS AIMING TO DEEPEN THEIR UNDERSTANDING OF VARIOUS COMPETITIVE EXAMS, CLASS TESTS, QUIZ COMPETITIONS, AND SIMILAR ASSESSMENTS. cold war ap world history definition: Understanding by Design Grant P. Wiggins, Jay McTighe, 2005 What is understanding and how does it differ from knowledge? How can we determine the big ideas worth understanding? Why is understanding an important teaching goal, and how do we know when students have attained it? How can we create a rigorous and engaging curriculum that focuses on understanding and leads to improved student performance in today's high-stakes, standards-based environment? Authors Grant Wiggins and Jay McTighe answer these and many other questions in this second edition of *Understanding by Design*. Drawing on feedback from thousands of educators around the world who have used the UbD framework since its introduction in 1998, the authors have greatly revised and expanded their original work to guide educators across the K-16 spectrum in the design of curriculum, assessment, and instruction. With an improved UbD Template at its core, the book explains the rationale of backward design and explores in greater depth the meaning of such key ideas as essential questions and transfer tasks. Readers will learn why the familiar coverage- and activity-based approaches to curriculum design fall short, and how a focus on the six facets of understanding can enrich student learning. With an expanded array of practical strategies, tools, and examples from all subject areas, the book demonstrates how the research-based principles of *Understanding by Design* apply to district frameworks as well as to individual units of curriculum. Combining provocative ideas, thoughtful analysis, and tested approaches, this new edition of *Understanding by Design* offers teacher-designers a clear path to the creation of curriculum that ensures better learning and a more stimulating experience for students and teachers alike.

cold war ap world history definition: *Cracking the AP World History Exam* Monty Armstrong, David Daniel, Princeton Review (Firm), Abby Kanarek, Alexandra Freer, 2004-02-03 The Princeton Review realizes that acing the AP World History Exam is very different from getting straight A's in

school. We don't try to teach you everything there is to know about world history-only what you'll need to score higher on the exam. There's a big difference. In *Cracking the AP World History Exam*, we'll teach you how to think like the test makers and -Focus on the key ideas and information by using the History Review, structured to help you wade through thousands of facts -Nail the essay questions by learning how to compare and contrast across civilizations and through the centuries -Learn time-tested Princeton Review techniques for answering multiple-choice questions and acing essays This book includes 2 full-length practice AP World History tests. All of our practice test questions are like the ones you'll see on the actual exam, and we fully explain every answer.

cold war ap world history definition: *AP Q&A World History* Christina Giangrandi, 2020-07-21 Barron's brand new AP Q&A World History features 600 questions and explanations covering all AP World History concepts. Practice includes all exam question types so students can apply the skills they learned in class, and answer explanations help students review and understand the content. AP Q&A World History doesn't just explain why an answer is correct—students will learn the rationale behind why each other answer choice is incorrect, helping them understand the key concepts and how to apply them on exam day. Practice questions and comprehensive explanations help students review history from the foundations of civilization circa. 600 B.C.E. to world cultures of the twenty-first century. AP Q&A World History is specifically created to help students hone critical thinking skills and practice with all AP-style question types, such as multiple-choice, numeric response, and short and long free-response questions. Looking for in-depth content review along with realistic practice tests? Try Barron's AP World History with Online Tests for even more prep.

cold war ap world history definition: *The Global Cold War* Odd Arne Westad, 2005-10-24 The Cold War shaped the world we live in today - its politics, economics, and military affairs. This book shows how the globalization of the Cold War during the last century created the foundations for most of the key conflicts we see today, including the War on Terror. It focuses on how the Third World policies of the two twentieth-century superpowers - the United States and the Soviet Union - gave rise to resentments and resistance that in the end helped topple one superpower and still seriously challenge the other. Ranging from China to Indonesia, Iran, Ethiopia, Angola, Cuba, and Nicaragua, it provides a truly global perspective on the Cold War. And by exploring both the development of interventionist ideologies and the revolutionary movements that confronted interventions, the book links the past with the present in ways that no other major work on the Cold War era has succeeded in doing.

cold war ap world history definition: *The World Revolution of Westernization* Theodore Hermann Von Laue, 1987 Von Laue contends that the world's frantic attempt to catch up with the West militarily, economically, and politically was the cause of many countries falling prey to totalitarian regimes and military strife.

cold war ap world history definition: *Southeast Asia in World History* Craig Lockard,

2009-04-24 Here is a brief, well-written, and lively survey of the history of Southeast Asia from ancient times to the present, paying particular attention to the region's role in world history and the distinctive societies that arose in lands shaped by green fields and forests, blue rivers and seas. Craig Lockard shows how for several millennia Southeast Asians, living at the crossroads of Asia, enjoyed ever expanding connections to both China and India, and later developed maritime trading networks to the Middle East and Europe. He explores how the people of the region combined local and imported ideas to form unique cultures, reflected in such striking creations as Malay sailing craft, Javanese gamelan music, and batik cloth, classical Burmese and Cambodian architecture, and social structures in which women have often played unusually influential roles. Lockard describes colonization by Europeans and Americans between 1500 and 1914, tracing how the social, economic, and political frameworks inherited from the past, combined with active opposition to domination by foreign powers, enabled Southeast Asians to overcome many challenges and regain their independence after World War II. The book also relates how Malaysia, Singapore, Thailand, Indonesia, and Vietnam are now among the fastest growing economies in the world and play a critical role in today's global marketplace.

cold war ap world history definition: The Clash of Civilizations and the Remaking of World Order Samuel P. Huntington, 2007-05-31 The classic study of post-Cold War international relations, more relevant than ever in the post-9/11 world, with a new foreword by Zbigniew Brzezinski. Since its initial publication, *The Clash of Civilizations and the Remaking of World Order* has become a classic work of international relations and one of the most influential books ever written about foreign affairs. An insightful and powerful analysis of the forces driving global politics, it is as indispensable to our understanding of American foreign policy today as the day it was published. As former National Security Adviser Zbigniew Brzezinski says in his new foreword to the

book, it “has earned a place on the shelf of only about a dozen or so truly enduring works that provide the quintessential insights necessary for a broad understanding of world affairs in our time.” Samuel Huntington explains how clashes between civilizations are the greatest threat to world peace but also how an international order based on civilizations is the best safeguard against war. Events since the publication of the book have proved the wisdom of that analysis. The 9/11 attacks and wars in Iraq and Afghanistan have demonstrated the threat of civilizations but have also shown how vital international cross-civilization cooperation is to restoring peace. As ideological distinctions among nations have been replaced by cultural differences, world politics has been reconfigured. Across the globe, new conflicts—and new cooperation—have replaced the old order of the Cold War era. *The Clash of Civilizations and the Remaking of World Order* explains how the population explosion in Muslim countries and the economic rise of East Asia are changing global politics. These developments challenge Western dominance, promote opposition to supposedly “universal” Western ideals, and intensify intercivilization conflict over such issues as nuclear proliferation, immigration, human rights, and democracy. The Muslim population surge has led to many small wars throughout Eurasia, and the rise of China could lead to a global war of civilizations. Huntington offers a strategy for the West to preserve its unique culture and emphasizes the need for people everywhere to learn to coexist in a complex, multipolar, multicivilizational world.

cold war ap world history definition: *Kaplan AP World History 2004* Kaplan, Mark Bach, 2004 As colleges continue to become more selective, students who want to do well on the AP World History exam will rely on Kaplan to help them score higher and stand out from the competition.

cold war ap world history definition: *Assignment Russia* Marvin Kalb, 2021-04-13 A personal journey through some of the darkest moments of the cold war and the early days of television news Marvin Kalb, the award-winning journalist who has written extensively about the world he reported on during his long career, now turns his eye on the young man who became that journalist. Chosen by legendary broadcaster Edward R. Murrow to become one of what came to be known as the Murrow Boys, Kalb in this newest volume of his memoirs takes readers back to his first days as a journalist, and what also were the first days of broadcast news. Kalb captures the excitement of being present at the creation of a whole new way of bringing news immediately to the public. And what news. Cold War tensions were high between Eisenhower's America and Khrushchev's Soviet Union. Kalb is at the center, occupying a unique spot as a student of Russia tasked with explaining Moscow to Washington and the American public. He joins a cast of legendary figures along the way, from Murrow himself to Eric Sevareid, Howard K. Smith, Richard Hottelet, Charles Kuralt, and Daniel Schorr among many others. He finds himself assigned as Moscow correspondent of CBS News just as the U2 incident—the downing of a US spy plane over Russian territory—is unfolding. As readers of his first volume, *The Year I Was Peter the Great*, will recall, being the right person, in the right place, at the right time found Kalb face to face with Khrushchev. *Assignment Russia* sees Kalb once again an eyewitness to history—and a writer and analyst who has helped shape the first draft of that history.

cold war ap world history definition: *The Marshall Plan* Benn Steil, 2018-03-07 A polished and masterly work of historical narrative, *The Marshall Plan* is an instant classic of Cold War literature. With Britain's empire collapsing and Stalin's ascendant, U.S. officials under new Secretary of State George C. Marshall set out to reconstruct western Europe as a bulwark against communist authoritarianism. Their massive, costly, and ambitious undertaking would confront Europeans and Americans alike with a vision at odds with their history and self-conceptions. In the process, they would drive the creation of NATO, the European Union, and a Western identity that

continues to shape world events. This is the story behind the birth of the Cold War, and the U.S.-led liberal global order, told with verve, insight, and resonance for today. Bringing to bear fascinating new material from American, Russian, German, and other European archives, Benn Steil's book will forever change how we see the Marshall Plan. Focusing on the critical years 1947 to 1949, Steil's gripping narrative takes us through the seminal episodes that marked the collapse of postwar U.S.-Soviet relations: the Prague coup, the Berlin blockade, and the division of Germany. In each case, Stalin's determination to crush the Marshall Plan and undermine American power in Europe is vividly portrayed. And in a riveting epilogue, Steil shows how the forces which clove Europe in two after the Second World War have reasserted themselves since the collapse of the Soviet Union.

cold war ap world history definition: *Japan's Cold War* Ann Sherif, 2009-03-05 Critics and cultural historians take Japan's postwar insularity for granted, rarely acknowledging the role of Cold War concerns in the shaping of Japanese society and culture. Nuclear anxiety, polarized ideologies, gendered tropes of nationhood, and new myths of progress, among other developments, profoundly transformed Japanese literature, criticism, and art during this era and fueled the country's desire to recast itself as a democratic nation and culture. By rereading the pivotal events, iconic figures, and crucial texts of Japan's literary and artistic life through the lens of the Cold War, Ann Sherif places this supposedly insular nation at the center of a global battle. Each of her chapters focuses on a major moment, spectacle, or critical debate highlighting Japan's entanglement with cultural Cold War politics. Film director Kurosawa Akira, atomic bomb writer Hara Tamiki, singer and movie star Ishihara Yujiro, and even Godzilla and the Japanese translation of *Lady Chatterley's Lover* all reveal the trends and controversies that helped Japan carve out a postwar literary canon, a definition of obscenity, an idea of the artist's function in society, and modern modes of expression and knowledge. Sherif's comparative approach not only recontextualizes seemingly anomalous texts and ideas, but binds culture firmly to the domestic and international events that defined the decades following World War II. By integrating the art and criticism of Japan into larger social fabrics, Japan's Cold War offers a truly unique perspective on the critical and creative acts of a country remaking itself in the aftermath of war.

cold war ap world history definition: Decolonization and the Cold War Leslie James, Elisabeth Leake, 2015-02-26 The Cold War and decolonization transformed the twentieth century world. This volume brings together an international line-up of experts to explore how these transformations took place and expand on some of the latest threads of analysis to help inform our understanding of the links between the two phenomena. The book begins by exploring ideas of modernity, development, and economics as Cold War and postcolonial projects and goes on to look at the era's intellectual history and investigate how emerging forms of identity fought for supremacy. Finally, the contributors question ideas of sovereignty and state control that move beyond traditional Cold War narratives. Decolonization and the Cold War emphasizes new approaches by drawing on various methodologies, regions, themes, and interdisciplinary work, to shed new light on two topics that are increasingly important to historians of the twentieth century.

cold war ap world history definition: *The End of the Cold War* Michael J. Hogan, 1992-06-26 This book, first published in 1992, examines the end of the Cold War and the implications for the history and future of the world order.

The 5-Step Plan:

Step 1: Set up your study plan with three model schedules

Step 2: Determine your readiness with an AP-style Diagnostic Exam

Step 3: Develop the strategies that will give you the edge on test day

Step 4: Review the terms and concepts you need to achieve your highest score

Step 5: Build your confidence with full-length practice exams

cold war ap world history definition: International News Agencies Michael B. Palmer, 2020-01-02 International news-agencies, such as Reuters, the Associated Press and Agence France-Presse, have long been 'unsung heroes' of the media sphere. From the mid-nineteenth century, in Britain, the US, France and, to a lesser extent, Germany, a small number of agencies have fed their respective countries with international news reports. They informed governments, businesses, media and, indirectly, the general public. They helped define 'news'. Drawing on years of archival research and first-hand experience of major news agencies, this book provides a comprehensive history of the leading news agencies based in the UK, France and the USA, from the early 1800s to the present day. It retraces their relations with one another, with competitors and clients, and the types of news, information and data they collected, edited and transmitted, via a variety of means, from carrier-pigeons to artificial intelligence. It examines the sometimes colourful biographies of agency newsmen, and the rise and fall of news agencies as markets and methods shifted, concluding by looking to the future of the organisations.

cold war ap world history definition: World History in Documents Peter N. Stearns, 2008-04-15 Promotes the ability to study history with primary sources and the ability to compare aspects of major societies.

cold war ap world history definition: The Cold War and the Color Line Thomas BORSTELMANN, 2009-06-30 After World War II the United States faced two preeminent challenges: how to administer its responsibilities abroad as the world's strongest power, and how to manage the rising movement at home for racial justice and civil rights. The effort to contain the growing influence of the Soviet Union resulted in the Cold War, a conflict that emphasized the American commitment to freedom. The absence of that freedom for nonwhite American citizens confronted the nation's leaders with an embarrassing contradiction. Racial discrimination after 1945 was a foreign as well as a domestic problem. World War II opened the door to both the U.S. civil rights movement and the struggle of Asians and Africans abroad for independence from colonial rule. America's closest allies against the Soviet Union, however, were colonial powers whose interests had to be balanced against those of the emerging independent Third World in a multiracial, anticommunist alliance. At the same time, U.S. racial reform was essential to preserve the domestic consensus needed to sustain the Cold War struggle. The Cold War and the Color Line is the first comprehensive examination of how the Cold War intersected with the final destruction of global white supremacy. Thomas Borstelmann pays close attention to the two Souths--Southern Africa and the American South--as the primary sites of white authority's last stand. He reveals America's efforts to contain the racial polarization that threatened to unravel the anticommunist western alliance. In so doing, he recasts the history of American race relations in its true international context, one that is meaningful and relevant for our own era of globalization. Table of Contents: Preface Prologue 1. Race and Foreign Relations before 1945 2. Jim Crow's Coming Out 3. The Last Hurrah of the Old Color Line 4. Revolutions in the American South and Southern Africa 5. The Perilous Path to Equality 6. The End of the Cold War and White Supremacy Epilogue Notes Archives and Manuscript Collections Index

Reviews of this book: In rich, informing detail enlivened with telling anecdote, Cornell historian Borstelmann unites under one umbrella two commonly separated strains of the U.S. post-WWII experience: our domestic political and cultural history, where the Civil Rights movement holds center stage, and our foreign policy, where the Cold War looms largest...No history could be more timely or more cogent. This densely detailed book, wide ranging in its sources, contains lessons that could play a vital role in reshaping American foreign and domestic policy. --Publishers Weekly

Reviews of this book: [Borstelmann traces] the constellation of racial challenges each administration

faced (focusing particularly on African affairs abroad and African American civil rights at home), rather than highlighting the crises that made headlines...By avoiding the crutch of turning points for storytelling convenience, he makes a convincing case that no single event can be untied from a constantly thickening web of connections among civil rights, American foreign policy, and world affairs. --Jesse Berrett, Village Voice Reviews of this book: Borstelmann...analyzes the history of white supremacy in relation to the history of the Cold War, with particular emphasis on both African Americans and Africa. In a book that makes a good supplement to Mary Dudziak's Cold War Civil Rights, he dissects the history of U.S. domestic race relations and foreign relations over the past half-century...This book provides new insights into the dynamics of American foreign policy and international affairs and will undoubtedly be a useful and welcome addition to the literature on U.S. foreign policy and race relations. Recommended. --Edward G. McCormack, Library Journal

cold war ap world history definition: *The Bay of Pigs* Howard Jones, 2008 Jones provides an account of President Eisenhower's disastrous attempt to overthrow Fidel Castro. He examines the train of missteps and self-deceptions that led to the invasion of the Bay of Pigs by U.S.-trained exiles.

cold war ap world history definition: Critical Reflections on the Cold War Martin J. Medhurst, H. W. Brands, 2000 Rhetoric and history intersected dramatically during the Cold War, which was, above all else, a war of words. This volume, which combines the work of historians and communication scholars, examines the public discourse in Cold War America from a number of perspectives including how rhetoric shaped history and policies and how rhetorical images invited interpretations of history. The book opens with Norman Graebner's wideranging analysis of the rhetorical background of the Cold War. Frank Costigliola then parses Stalin's speech of February, 1946, an address that many in the West took as a declaration of war by the USSR. The development of NSC68 in 1950, often referred to as America's blueprint for fighting the Cold War, is the subject of Robert P. Newman's review. Shawn J. ParryGiles and J. Michael Hogan then focus on American propaganda responses to the perceived Soviet threat. H. W. Brands, Randall B. Woods, and Rachel L. Holloway examine the effects of liberal ideology and rhetoric on domestic and foreign policy decisions. Robert J. McMahon and Robert L. Ivie raise the issue of what it has meant to be the leader of the Free World and what the task of postCold War rhetoric will be in this regard. Scholars concerned with the role of words in public life and in the study of history will find challenging material in this interdisciplinary volume. Historians, speech communication scholars, and political scientists with an interest in the Cold War will similarly find grist for further milling.

cold war ap world history definition: 5 Steps to a 5: AP World History: Modern 2022 Elite Student Edition Beth Bartolini-Salimbeni, Wendy Petersen, 2021-08-04 MATCHES THE LATEST EXAM! cold war ap world history definition: Cracking the AP World History Exam 2006-2007 Princeton Review (Firm), 2006-01-10 Provides test-taking strategies, a subject review, and practice tests.

cold war ap world history definition: *U.S. History* P. Scott Corbett, Volker Janssen, John M. Lund, Todd Pfannestiel, Sylvie Waskiewicz, Paul Vickery, 2024-09-10 U.S. History is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender.

cold war ap world history definition: *The Stupidity of War* John Mueller, 2021-03-04 This innovative argument shows the consequences of increased aversion to international war for foreign and military policy.

cold war ap world history definition: *The Cold War* Odd Arne Westad, 2019-10-15 The definitive history of the Cold War and its ongoing impact around the world The Cold War began on the perimeters of Europe, but it had its deepest reverberations in Asia, Africa, and the Middle East, where every community had to choose sides. Those choices continue to define economies and regimes across the world. Stunning in breadth and revelatory in perspective, *The Cold War*, by prize-winning scholar Odd Arne Westad, expands our understanding of the conflict both geographically and chronologically, and offers a new understanding of how today's world was created. An epic account. --Wall Street Journal An account of the Cold War that is truly global in its scope... a wise and observant history. --New Republic An ambitious study, perspicacious and panoramic in scope. --Financial Times, Best Books of 2017

cold war ap world history definition: Death by Government R. J. Rummel, 2011-12-31 This is R. J. Rummel's fourth book in a series devoted to genocide and government mass murder, or what he calls democide. He presents the primary results, in tables and figures, as well as a historical sketch of the major cases of democide, those in which one million or more people were killed by a regime. In *Death by Government*, Rummel does not aim to describe democide itself, but to determine its nature and scope in order to test the theory that democracies are inherently nonviolent. Rummel discusses genocide in China, Nazi Germany, Japan, Cambodia, Turkey, Yugoslavia, Poland, the Soviet Union, and Pakistan. He also writes about areas of suspected genocide: North Korea, Mexico, and feudal Russia. His results clearly and decisively show that democracies commit less democide than other regimes. The underlying principle is that the less freedom people have, the greater the violence; the more freedom, the less the violence. Thus, as Rummel says, "The problem is power. The solution is democracy. The course of action is to foster freedom." *Death by Government* is a compelling look at the horrors that occur in modern societies. It depicts how democide has been very much a part of human history. Among other examples, the book includes the massacre of Europeans during the Thirty Years' War, the relatively unknown genocide of the French Revolution, and the slaughtering of American Indians by colonists in the New World. This riveting account is an essential tool for historians, political scientists, and scholars interested in the study of genocide.

cold war ap world history definition: *5 Steps to a 5: AP World History 2018, Elite Student Edition* Peggy J. Martin, Beth Bartolini-Salimbeni, Wendy Petersen, 2017-08-04 Get ready to ace your AP World History Exam with this easy-to-follow, multi-platform study guide *5 Steps to a 5: AP World History 2018 Elite Student Edition* introduces an effective 5-step study plan to help you build the skills, knowledge, and test-taking confidence you need to achieve a high score on the exam.

- 4 Practice Exams (2 in the book + 2 online)
- Powerful analytics you can use to assess your test readiness
- Flashcards, games, social media support, and more

cold war ap world history definition: Brock Chisholm, the World Health Organization, and the Cold War John Farley, 2009-01-01 Brock Chisholm was one of the most influential Canadians of the twentieth century. A world-renowned psychiatrist, he was the first director-general of the World Health Organization and built it up against overwhelming political odds in the years immediately following the Second World War. An atheist and a fierce critic of jingoistic nationalism, he supported world peace and world government and became a champion of the United Nations and the WHO. Post-1945 international politics, global health issues, and medical history intersect in this highly readable account of a remarkable Canadian.

cold war ap world history definition: Life After Death Richard Bessel, Dirk Schumann, 2003-05-05 This book offers a novel approach to the cultural and social history of Europe after the Second World War.

cold war ap world history definition: *A History of the World in 6 Glasses* Tom Standage, 2009-05-26 New York Times Bestseller * Soon to be a TV series starring Dan Aykroyd "There aren't many books this entertaining that also provide a cogent crash course in ancient, classical and modern history." -Los Angeles Times Beer, wine, spirits, coffee, tea, and Coca-Cola: In Tom Standage's deft, innovative account of world history, these six beverages turn out to be much more than just ways to quench thirst. They also represent six eras that span the course of civilization—from the adoption of agriculture, to the birth of cities, to the advent of globalization. *A History of the World in 6 Glasses* tells the story of humanity from the Stone Age to the twenty-first century through each epoch's signature refreshment. As Standage persuasively argues, each drink is in fact a kind of technology, advancing culture and catalyzing the intricate interplay of different societies. After reading this enlightening book, you may never look at your favorite drink in quite the same way again.
