Quentin Miller, 2005-10-04 As the United States' prison population has exploded over the past 30 years, a rich, provocative and ever-increasing body of literature has emerged, written either by prisoners or by those who have come in close contact with them. Unlike earlier prison writings, contemporary literature moves in directions that are neither uniformly ideological nor uniformly political. It has become increasingly personal, and the obsessive subject is the way identity is shaped, compromised, altered, or obliterated by incarceration. The 14 essays in this work examine the last 30 years of prison literature from a wide variety of perspectives. The first four essays examine race and ethnicity, the social categories most evident in U.S. prisons. The three essays in the next section explore gender, a prominent subject of prison literature highlighted by the absolute separation of male and female inmates. Section three provides three essays focused on the part ideology plays in prison writings. The four essays in section four consider how aesthetics and language are used, seeking to define the qualities of the literature and to determine some of the reasons it exists.

Torres, 2020-10-06 An astonishing debut collection looking back on a community of Mexican American boys as they grapple with assimilation versus the impulse to create a world of their own. Who do we belong to? This is the question Michael Torres ponders as he explores the roles that names, hometown, language, and others' perceptions each play on our understanding of ourselves in *An Incomplete List of Names*. More than a boyhood ballad or a coming-of-age story, this collection illuminates the artist's struggle to make sense of the disparate identities others have forced upon him. His description of his childhood is both idyllic and nightmarish, sometimes veering between the two extremes, sometimes a surreal combination of both at once. He calls himself "the Pachuco's grandson" or REMEK or Michael, depending on the context, and others follow his lead. He worries about losing his identification card, lest someone mistake his brown skin for evidence of a crime he never committed. He wonders what his students—imprisoned men who remind him of his high school friends and his own brother—make of him. He wonders how often his neighbors think about where he came from, if they ever do imagine where he came from. When Torres returns to his hometown to find the layers of spray-painted evidence he and his boyhood friends left behind to prove their existence have been washed away by well-meaning municipal workers, he wonders how to collect a list of names that could match the eloquent truths those bubbled letters once secured.

Jimmy Santiago Baca introduces us to a man and woman before they are acquainted and re-creates their first meeting, falling in love, their decision to make a family, the eventual realization of each other's irreconcilable faults, the resulting conflicts, the breakup and hostility, and, finally, their transcendence of the bitterness and resentment. Throughout the relationship we are privy to the couple's anguish of loneliness, the heady rush of new love, the irritations and joys of raising children, the difficulties in truly knowing someone, the doldrums of breakup, and so on. It is impossible not to identify with these characters and to recognize the universal drama of human connection. As he weaves this story, Baca explores many of his traditional themes: the beauty and cruelty of the desert lands where he spent much of his life, the grace and wisdom of animals, and the quiet dignity of life on small Chicano farms. An extraordinary work that "expresses both bliss and heartache with lyric intensity" from one of America's finest poets (Booklist). "Baca is a force in American poetry . . . His words heal, inspire, and elicit the earthly response of love." —Garrett Hongo "[Baca] writes with unconcealed passion . . . what makes his writing so exciting to me is the way in which it manifests both an intense lyricism and that transformative vision which perceives the mythic and archetypal significance of life-events." —Denise Levertov

They have the power--the power of the word--to create a world of thoughts and emotions other can share. We only have to learn to listen. In a series of fascinating conversations with thirty-four American poets, *The Language Of Life* celebrates language in its most exalted, wrenching, delighted, and concentrated form, and its unique power to re-create the human experience: falling in love, facing death, leaving home, playing basketball, losing faith, finding God. Listening to Linda McCarriston's award-winning poems about a child trapped in a violent home, or to Jimmy Santiago Baca explaining how words changed his life in prison, or to David Mura describing his Japanese American grandfather's experience in relocation camps, or to Sekou Sundiata stitching the magic of his childhood church in Harlem to the African tradition of storytelling, or to Gary Snyder invoking the natural wonder of mountains and rivers, or to Adrienne Rich calling for honesty in human relations, all testify to the necessity and clarity of the poet's voice, and all give hope that from such a wide variety of racial, ethnic, and religious threads we might yet weave a new American fabric. 'Listen,' said the storytellers of old, 'listen and you shall hear,' explains Bill Moyers. *The Language Of Life* is a joyous, life-affirming invitation to listen, learn, and experience the exhilarating power of the spoken word.

Fusing the personal and the political in high-voltage verse, Amiri Baraka whose long illumination of the black experience in America was called incandescent in some quarters and incendiary in others was one of the preeminent literary innovators of the past century (The New York Times). Selected by Paul Vangelisti, this volume comprises the fullest spectrum of Baraka’s rousing, revolutionary poems, from his first collection to previously unpublished pieces composed during his final years. Throughout Baraka’s career as a prolific writer (also published as LeRoi Jones), he was vehemently outspoken against oppression of African American citizens, and he radically altered the discourse surrounding racial inequality. The environments and social values that inspired his poetics changed during the course of his life, a trajectory that can be traced in this retrospective spanning more than five decades of profoundly evolving subjects and techniques. Praised for its lyricism and introspection, his early poetry emerged from the Beat generation, while his later writing is marked by intensely rebellious fervor and subversive ideology. All along, his primary focus was on how to live and love in the present moment despite the enduring difficulties of human history. A New York Times Editors’ Choice “A big handsome book of Amiri Baraka’s poetry [that gives] us word magic, wit, wild thoughts, discomfort, and pleasure.” —William J. Jimmy Boyle grew up in Glasgow's Gorbals. All around him the world was drinking, fighting and thieving. To survive, he too had to fight and steal... Kids' gangs led to trouble with the police. Approved schools led to Borstal, and Jimmy was on his way to a career in crime. By his twenties he was a hardened villain, sleeping with prostitutes, running shebeens and money-lending rackets. Then they nailed him for murder. The sentence was life – the brutal, degrading eternity of a broken spirit in the prisons of Peterhead and Inverness. Thankfully, Jimmy was able to turn his life around inside the prison walls and eventually released on parole. *A Sense of Freedom* is a searing indictment of a society that uses prison bars and brutality to destroy a man's humanity and at the same time an outstanding testament to one man's ability to survive, to find a new life, a new creativity, and a new alternative.
