

How Is Blanket Training Deadly

How Is Blanket Training Deadly? Unveiling the Dangers of Unsupervised Learning

Blanket training, a term often used to describe a generalized, one-size-fits-all approach to dog training, is gaining traction online. But the casual use of this term masks a potentially serious issue: the inherent dangers of applying uniform training methods without considering individual dog needs, breed characteristics, and learning styles. This post will delve into the specific ways blanket training can be detrimental, exploring the consequences for both dog and owner, and providing insights into safer, more effective training methodologies. We'll examine why "one size fits all" doesn't work for canine companions and highlight the crucial importance of individualized training plans.

The Fatal Flaws of Blanket Training

The phrase "blanket training" itself points to the problem. It suggests a sweeping, generalized approach that fails to acknowledge the incredible diversity within the canine world. Dogs aren't robotic; they're individuals with unique temperaments, learning speeds, and physical capabilities. Ignoring these differences can lead to dangerous outcomes.

1. Ignoring Breed-Specific Traits

Certain breeds are predisposed to specific behaviors. For instance, a herding breed might exhibit strong prey drive, while a guardian breed might show protectiveness. A blanket training program might inadvertently exacerbate these traits, leading to aggression or anxiety if not handled with breed-specific understanding. Forcing a naturally timid dog into high-pressure situations will likely result in fear and trauma, while pushing a dominant breed with overly submissive techniques will lead to confusion and potential dominance issues.

2. Neglecting Individual Learning Styles

Just like humans, dogs learn at different paces and through various methods. Some thrive on positive reinforcement, while others respond better to stricter methods. A rigid, blanket approach that ignores these differences can frustrate the dog, leading to learned helplessness, aggression, or shutting down completely. Ignoring a dog's signals of stress or confusion during training can severely damage their trust and confidence.

3. Ignoring Underlying Health Conditions

Underlying health problems, such as pain or neurological issues, can significantly impact a dog's ability to learn and perform commands. A blanket training approach fails to account for these issues, potentially exacerbating the problem and causing unnecessary pain or stress. A dog exhibiting unusual behavior during training might require veterinary attention rather than simply harsher training methods.

4. The Risk of Accidental Injury

Improper training techniques, often employed in blanket training approaches, can lead to accidental injuries. Forceful methods, particularly in untrained hands, can cause physical harm, psychological trauma, and even death. For example, incorrect use of choke chains or prong collars can cause severe neck injuries.

5. The Development of Fear and Anxiety

When a dog is constantly forced into situations it finds uncomfortable or overwhelming – a hallmark of poorly implemented blanket training – it can develop severe fear and anxiety. This can manifest in various ways, including aggression, destructive behaviors, and even self-harm. Creating a fearful

dog is a dangerous outcome that can have lasting and potentially devastating consequences.

Moving Beyond Blanket Training: The Importance of Individualized Approaches

Effective dog training requires a personalized approach tailored to the individual dog. This necessitates understanding the dog's breed, age, temperament, and past experiences. A qualified, positive reinforcement-based trainer can assess the dog and create a customized training plan.

Positive reinforcement methods, which focus on rewarding desired behaviors, are crucial for building a strong bond and preventing the development of fear or anxiety. This approach builds confidence and ensures the dog learns through positive association rather than fear or intimidation.

Conclusion

Blanket training, while seeming convenient, is inherently dangerous and ineffective. Ignoring a dog's unique needs, breed characteristics, and learning style can have severe consequences, ranging from behavioral issues to physical harm and even death. Prioritizing individualized training, using positive reinforcement methods, and seeking the guidance of a qualified professional are essential for ensuring the well-being and happiness of your canine companion. Remember, a happy, well-trained dog is a safe and thriving dog.

FAQs

1. What are some signs that my dog is suffering from poorly implemented training? Look for signs of stress such as excessive panting, lip licking, yawning, tucked tail, avoidance of eye contact, and aggression.
2. How do I find a qualified positive reinforcement trainer? Search online for trainers in your area certified by organizations like the Certification Council for Professional Dog Trainers (CCPDT).
3. Is it ever okay to use harsh training methods? No, harsh methods are counterproductive and can cause significant harm, both physically and psychologically. Positive reinforcement is always the safer and more effective choice.
4. My dog is already fearful. Can positive reinforcement still help? Yes, positive reinforcement is particularly beneficial for fearful dogs as it helps rebuild trust and confidence. However, it often requires a skilled trainer's expertise.

5. What should I do if I suspect my dog has been harmed by blanket training? Consult a veterinarian to rule out physical injuries and a certified professional dog trainer or behaviorist to address any behavioral concerns.

how is blanket training deadly: *The Deadly Deals* Dr. Julio Antonio del Marmol, 2017-06-02 As he continues to unravel Che Guevaras master plan involving the president of the United States, the young spy has to avoid more traps set for him by Fidel Castros sinister head of the dreaded G-2. He meets Ches Amazon unit, a group dancers at the Tropicana who, in reality, are highly trained assassins. There he meets Ches handlers with the KGB and, much to his astonishment, discovers that Che is playing a deadly game with the Soviet Union by dealing with the communists in China behind the USSRs back. To delve deeper into this aspect of the Argentines machinations, he accepts an invitation from Tanya, the leader of the Amazons, for a slight vacation. There he meets and befriends the crazed, illegitimate daughter of Che.

how is blanket training deadly: *Deadly Captive: The Trilogy* Bianca Sommerland, Survival is Deadly. From entertaining a bloodthirsty crowd to a brief taste of freedom, Lydia struggles to escape the only life she remembers. A life of being little more than a plaything to Cyrus. His obsession, his manipulations, never let her stray too far. But in making her strong enough to endure his games, he's created the one thing that will bring them all to an end. Read the trilogy too dark to be called romance, a love story rife with sacrifice, heartache, and bonds beyond the basic need to survive. There will be no trigger warnings. The book is the warning.

how is blanket training deadly: *The Duggars: 20 and Counting!* Jim Bob Duggar, Michelle Duggar, 2009-11-24 This practical, positive book reveals the many parenting strategies that Jim Bob and Michelle Duggar use as they preside over America's best-known mega-family. Each time a new baby arrives, the press from around the world clamors for interviews and information. Visitors are amazed to find seventeen (baby number eighteen is due January 1, 2009) well-groomed, well-behaved, well-schooled children in a home that focuses on family, financial responsibility, fun—and most importantly, faith. Readers will learn about the Duggars' marriage—how they communicate effectively, make family decisions, and find quality time alone. They'll discover how the Duggars manage to educate all their children at home, while providing experiences that go beyond the family walls, through vacations and educational trips. And they'll see how the Duggar family manages their finances and lives debt-free—even when they built their own 7,000-square-foot house. Answering the oft asked question—How can I do with one or two children what you do with seventeen(soon to be eighteen)?—Jim Bob and Michelle reveal how they create a warm and welcoming home filled with what Michelle calls “serene chaos.” They show how other parents can succeed whether they're rearing a single child or several. With spiritual insights, experience-based wisdom, practical tips, and plenty of humorous and tender anecdotes, the Duggars answer the questions that pour into the family's Web site on a daily basis—especially after every national media interview and TV appearance—including their segments on the Discovery Health Channel's “Meet the Duggars” series.

how is blanket training deadly: *Deadly Conflicts* Amy N. Showers, 2018-03-24 Lilly Clemants thought she had left her previous life behind for a safe new one, but she finds out one cannot truly run from her life when dealing with the Agency. Now she must make sure that she can survive being back in a place she hates, convince others that she is towing the line, and that her ultimate mission isn't discovered. She also must deal with the love of two men in her life and not break either one of their hearts. All in a days work for this little flower while dealing with deadly conflicts at all times. Will she survive this, or will she break under the pressure?

how is blanket training deadly: *Deadly Descent* Kaylea Cross, 2016-02-15 Don't miss this fan-favorite, heart-pounding military romance from New York Times bestselling author Kaylea Cross.

Devon Crawford is an officer; Air Force Pararescueman Cam Munro is enlisted. Dev flies medical evacuations; Cam jumps into danger zones to save lives. Dev wants to return home from Afghanistan with her heart untouched; Cam will do anything to win the woman he loves. Reaching for happiness in a war zone is the last thing Captain Devon Crawford plans, but she can't ignore the feelings she's hidden for so long. Cam's sexy charm and wicked kisses weaken her resistance, but she's too afraid of losing him to give in. When Dev's helicopter and crew are shot down and set up as bait by a notorious warlord, Cam risks all to save the team. What he doesn't know is that the trap is set for him... Previously published

how is blanket training deadly: Deadly Storm and Fatal Voyage Jan Burchett, Sara Vogler, 2017-01-12 The third and fourth instalments of this exciting spy series set in Tudor England, amid the intrigue and danger of Henry VIII's royal court, from the authors of books in the bestselling BEAST QUEST series. In DEADLY STORM the royal court of King Henry VIII is on the move - and in danger! A terrible storm forces the court to shelter in a nearby castle. The King is in disguise, and he's not the only person with a secret. Death stalks the castle - but is it the dreaded plague or something even more sinister? When a servant is found dead, it's clear that something terrible is going on. Can young spy, Jack Briars, and his friend, Cat Thimblebee, solve the mystery before the King himself becomes a target? While in FATAL VOYAGE, Jack and Cat are once again called upon to save the King's life, this time aboard his majestic new ship, Fair Anne. But will this adventure leave the pair all at sea? A thrilling adventure series featuring young spy Jack Briars and his friend, Cat Thimblebee. This is WOLF HALL for children.

how is blanket training deadly: Parent Like a Pediatrician Rebekah Diamond, 2022-09-27 Rebekah Diamond, M.D., the pediatrician, working mom, and parent advocate trusted by Parents magazine and NBC for her adept advice, expertly guides you through the noise to share her fresh, inclusive, sensible, no-nonsense take on making the right choices when it comes the first 12 months of your child's life. Becoming a new parent in the age of online advice can be a minefield of confusion, worries, and fears amplified by myths, misinformation, and too much information. As an experienced pediatrician, Rebekah Diamond is deeply grounded in a fact-based understanding of child healthcare. As a mother, she also understands that the accepted rules aren't always the solution to the challenges of nurturing a healthy new baby. But neither is the overload of relatable but often dangerously misleading information bombarding parents. So how do you trust yourself to make the best decisions for your child? With authoritative up-to-date research and real-world advice on the myriad obstacles facing moms, dads, and caregivers, Dr. Diamond unpacks the whys behind the facts to empower your best parental instincts. From safe-sleep guidelines, breast feeding, and binky addiction to sensory developmental activities, baby products, and the final—and 100% evidence-based—word on the vaccination debate, Dr. Diamond helps parents cultivate the clarity and sound decisions you need to lessen the anxiety (for parent and baby) around what should be the joyful, connecting early months of life. Parenting can be nerve-racking, even for the parents who feel prepared and ready. The truth is, no one is completely ready or knows the answers to every potential problem or situation that arises in a child's life.... Parent Like a Pediatrician has the capability to put

a pregnant or new mom at ease. —Portland Book Review

how is blanket training deadly: The Happiest Baby on the Block Harvey Karp, M.D., 2008-11-19 Perfect for expecting parents who want to provide a soothing home for the newest member of their family, *The Happiest Baby on the Block*, the national bestseller by respected pediatrician and child development expert Dr. Harvey Karp, is a revolutionary method for calming a crying infant and promoting healthy sleep from day one. In perhaps the most important parenting book of the decade, Dr. Harvey Karp reveals an extraordinary treasure sought by parents for centuries --an automatic "off-switch" for their baby's crying. No wonder pediatricians across the country are praising him and thousands of Los Angeles parents, from working moms to superstars like Madonna and Pierce Brosnan, have turned to him to learn the secrets for making babies happy. Never again will parents have to stand by helpless and frazzled while their poor baby cries and cries. Dr. Karp has found there IS a remedy for colic. "I share with parents techniques known only to the most gifted baby soothers throughout history ...and I explain exactly how they work." In a innovative and thought-provoking reevaluation of early infancy, Dr. Karp blends modern science and ancient wisdom to prove that newborns are not fully ready for the world when they are born. Through his research and experience, he has developed four basic principles that are crucial for understanding babies as well as improving their sleep and soothing their senses: ·The Missing Fourth Trimester: as odd as it may sound, one of the main reasons babies cry is because they are born three months too soon. ·The Calming Reflex: the automatic reset switch to stop crying of any baby in the first few months of life. ·The 5 "S's": the simple steps (swaddling, side/stomach position, shushing, swinging and sucking) that trigger the calming reflex. For centuries, parents have tried these methods only to fail because, as with a knee reflex, the calming reflex only works when it is triggered in precisely the right way. Unlike other books that merely list these techniques Dr. Karp teaches parents exactly how to do them, to guide cranky infants to calm and easy babies to serenity in minutes...and help them sleep longer too. ·The Cuddle Cure: the perfect mix the 5 "S's" that can soothe even the most colicky of infants. In the book, Dr. Karp also explains: What is colic? Why do most babies get much more upset in the evening? How can a parent calm a baby--in mere minutes? Can babies be spoiled? When should a parent of a crying baby call the doctor? How can a parent get their baby to sleep a few hours longer? Even the most loving moms and dads sometimes feel pushed to the breaking point by their infant's persistent cries. Coming to the rescue, however, Dr. Karp places in the hands of parents, grandparents, and all childcare givers the tools they need to be able to calm their babies almost as easily as...turning off a light. From the Hardcover edition.

how is blanket training deadly: Daughter of the Serpentine E.E. Knight, 2020-11-17 As a young dragoner moves through the ranks of the prestigious Serpentine Academy, her challenges grow greater and her time grows short to draw out a series of deadly threats, in this thrilling coming-of-age fantasy novel. Sixteen-year-old Ileth is now an Apprentice Dragoner, with all of the benefits and pitfalls that her elevation in rank entails. But her advancement becomes less certain after she's attacked by an unknown enemy, and Ileth begins to suspect that someone deadly may be hiding within the walls of the academy. Outside of the walls there is a different challenge. The Rari Pirates are strangling the Vale Republic. What they lack in dragon firepower, they make up for in the brutality of their ever-expanding raids, making hostages or slaves of the Republic's citizens. Surrounded by enemies, Ileth will need to learn what kind of dragoner she wants to be. And as she makes decisions about her future, Ileth will have the chance to uncover the secrets of her past. Both will irrevocably change the course of her life.

how is blanket training deadly: Quiverfull Kathryn Joyce, 2009-03-01 Kathryn Joyce's fascinating introduction to the world of the patriarchy movement and Quiverfull families examines

the twenty-first-century women and men who proclaim self-sacrifice and submission as model virtues of womanhood—and as modes of warfare on behalf of Christ. Here, women live within stringently enforced doctrines of wifely submission and male headship, and live by the Quiverfull philosophy of letting God give them as many children as possible so as to win the religion and culture wars through demographic means.

how is blanket training deadly: Daughter of Gloriavale Lilia Tarawa, 2017-08-23 In this personal account, Lilia Tarawa exposes the shocking secrets of the cult, with its rigid rules and oppressive control of women. She describes her fear when her family questioned Gloriavale's beliefs and practices. When her parents fled with their children, Lilia was forced to make a desperate choice: to stay or to leave. No matter what she chose, she would lose people she loved. In the outside world, Lilia struggled. Would she be damned to hell for leaving? How would she learn to navigate this strange place called 'the world'? And would she ever find out the truth about the criminal convictions against her grandfather? 'A powerful and revealing book...' Kirsty Wynn, New Zealand Herald 'An affecting parable and testament, in the most commendably secular senses.' David Hill, New Zealand Listener

how is blanket training deadly: On the Blanket Tim Pat Coogan, 2015-12-01 The H Block protest is one of the strangest and most controversial issues in the tragic history of Northern Ireland. Republican prisoners, convicted of grave crimes through special courts and ruthless interrogation procedures, campaigned for political status by refusing to wear prison clothes and daubing their cell with excrement. Were they properly convicted criminals, or martyrs to political injustice? In this masterpiece of investigative journalism, Coogan provides us with the only first-hand account of the protest. His investigation led deep into the social, cultural, and economic maze of Northern Ireland's history to give readers an unmatched analysis of a troubled place and its sorrowful history.

how is blanket training deadly: Legend of the KamiLah J.M. Vrooman, 2020-08-27 Will the elemental demons and the evil spirit Daeva be released? If that were to happen, chaos would be unleashed upon a fragile world again. Jade Pamal has to continue her journey as the KamiLah. Discovering new friendships along with old ones might be what she needs. When cherished souls are ripped away, can Jade find her courage and face new foes? Fire burns so brightly and is dangerous if you get too close to the flame. In order to rise, first you must burn, or so the saying goes at Kingston School for Ugnis Souls. Jade finds herself in an unfamiliar place with new challenges. Will Jade survive or succumb to social pressure? By looking into her past life, maybe she will discover how to live in the present. As the world changes around her, the KamiLah must find her courage, or fail.

how is blanket training deadly: Star by Star: Star Wars Legends Troy Denning, 2002-10-01 The New York Times bestselling Star Wars series The New Jedi Order entralls readers with its epic drama and thrilling adventure. Now readers will pierce the very heart of darkness. . . . It is a solemn time for the New Republic, as the merciless Yuuzhan Vong continue their campaign of destruction. The brutal enemy has unleashed a savage creature capable of finding—and killing—Jedi Knights. And now Leia Organa Solo faces a terrible ultimatum. If the location of the secret Jedi base is not revealed within one week, the Yuuzhan Vong will blast millions of refugee ships into oblivion. As the battered but still unbroken Jedi scramble to deal with the newest onslaught, Leia's son Anakin lays out a daring plan. He will lead a Jedi strike force into the heart of enemy territory in order to sabotage the Yuuzhan Vong's deadliest weapons. There, with his brother and sister at his side, he will come face-to-face with his destiny—as the New Republic, still fighting the good fight, will come face-to-face with theirs. . . .

how is blanket training deadly: I Love Jesus, But I Want to Die Sarah J. Robinson, 2021-05-11 A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or

suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn’t look like what you expect.

how is blanket training deadly: It's My Story - I'll Tell It My Way James M. Wahl, 2010-12-20 My Story is a reflection on the events of my life from my birth in 1926 until my marriage in 1949, at the age of 23. My experiences in growing up on a poor, hilly farm without electricity or indoor plumbing during the depression years of the 1930s, then the difficult war years of the early 1940s, followed by the growing prosperity after WW II all helped to shape the kind of person that I wished to become. These events helped me to progressively establish three main goals for my life: Build a meaningful relationship with my Creator, get a worthwhile education, and find a Special Girl to share my life. In those 23 years, I accomplish two of my goals. The one remaining goal my first and oldest objective was still a work in progress at the end of My Story. My efforts to find an acceptable way of worshipping my God would not be realized until a few more years had passed. I had also determined that my Special Girl and I would reach this goal together. If time allows, I will complete that account in Our Story All the Way in the near future. My initial purpose in writing this account has been to preserve that heritage for my two sons, Steve and Jeff, and for their families . . . If My Story proves to be of any interest to others, so much the better. Jim Wahl - text should be Amazon BT for Jim Wahl

how is blanket training deadly: *DESTINY'S JOURNEY* Olu Gans, 2015-12-18 Desy was part Organic, part Genetic. She had been created in a lab, and looked nothing like her family. She hated the fact that she looked different from her brothers. She grew up listening to her brothers tell a family legend that had been handed down through many generations. The legend promised that someday a brilliant orb of light would appear. And, on that day a mystical transformation would take place. A selected ancestor of days long forgotten would find a special person, and together they would travel to a place beyond tomorrow. Now, Desy's world was about to come to an end. It had been abused for too many generations, and there was no longer any hope for a future. As Desy sat and cried under a scraggly tree, she unknowingly wrapped her fingers around a shiny stone fragment. Suddenly, her world spun and disappeared, leaving her swirling inside a purple mist. When she stopped spinning, she found herself just beyond tomorrow.
