

Money Hungry

Money Hungry: Understanding the Drive for Wealth and Its Implications

Are you constantly chasing the next dollar? Do you feel an insatiable hunger for more money, even when your basic needs are met? This isn't necessarily a moral failing; it's a complex psychological and societal phenomenon we explore in this article. We'll delve into what it means to be "money hungry," examining its roots, its manifestations, and its potential consequences - both positive and negative. We'll also offer strategies for navigating this powerful drive and finding a healthier relationship with wealth.

What Does "Money Hungry" Really Mean?

The term "money hungry" often carries a negative connotation. It suggests greed, selfishness, and a relentless pursuit of wealth at any cost. However, the reality is far more nuanced. Being driven by a desire for financial security isn't inherently bad. The line blurs when this ambition becomes all-consuming, overriding ethical considerations, relationships, and personal well-being. This intense focus on accumulating wealth, often irrespective of its ethical source or impact, is what truly defines a "money hungry" mindset.

The Psychology Behind the Money Hunger

Several psychological factors can contribute to a money-hungry mentality.

Fear of Scarcity and Insecurity:

A deep-seated fear of poverty or lack can fuel an insatiable desire for financial security. This fear may stem from childhood experiences, witnessing financial hardship, or witnessing financial instability.

The Pursuit of Status and Power:

For some, money represents status, power, and social standing. The acquisition of wealth becomes a means to achieve a sense of belonging and self-worth, often leading to an intense focus on accumulating more than what is necessary.

Materialism and Consumerism:

Modern society often glorifies wealth and material possessions. Constant exposure to advertising and social media showcasing luxurious lifestyles can cultivate an insatiable desire for more, blurring the line between needs and wants.

The "More is Better" Mentality:

This ingrained belief that more money automatically equates to more happiness fuels the endless pursuit of wealth. It ignores the fact that happiness is often derived from relationships, experiences, and personal fulfillment, rather than solely financial accumulation.

The Consequences of Being Money Hungry

While the pursuit of financial security is laudable, an unchecked desire for wealth can have detrimental effects.

Strained Relationships:

The relentless focus on accumulating wealth can lead to neglected relationships with family and friends. The constant pressure to achieve financial goals can cause stress and resentment, damaging bonds.

Compromised Ethics:

In the pursuit of wealth, individuals may be tempted to engage in unethical or illegal activities, jeopardizing their integrity and facing legal consequences.

Burnout and Mental Health Issues:

The pressure to continually accumulate more can lead to extreme stress, burnout, and mental health problems like anxiety and depression. The never-ending pursuit can leave one feeling perpetually unfulfilled.

Ignoring Personal Fulfillment:

The intense focus on financial success can overshadow other important aspects of life, leading to feelings of emptiness and lack of purpose. Pursuing passions and personal growth often gets neglected.

Finding a Healthier Relationship with Money

Recognizing the potential pitfalls of a "money hungry" mindset is the first step towards cultivating a healthier relationship with money.

Redefining Success:

Shifting your definition of success from solely financial accumulation to encompass personal well-being, meaningful relationships, and personal fulfillment is crucial.

Setting Realistic Financial Goals:

Develop a realistic budget and financial plan that aligns with your values and lifestyle. Avoid setting unattainable goals that lead to constant stress and disappointment.

Practicing Gratitude:

Focusing on what you have rather than what you lack can shift your perspective and foster contentment. Regularly acknowledging your blessings can reduce the obsessive desire for more.

Seeking Professional Help:

If your pursuit of wealth is causing significant distress or impacting your relationships and well-being, seeking professional help from a therapist or financial advisor can provide valuable support and guidance.

Conclusion

The desire for financial security is a natural human instinct. However, when this desire transforms into an all-consuming "money hunger," it can have serious consequences. By understanding the underlying psychological factors, recognizing the potential pitfalls, and actively cultivating a healthier relationship with money, you can achieve financial well-being without sacrificing your overall happiness and well-being. The key is to find balance – a life where financial security supports a fulfilling and meaningful existence, rather than dictating it.

FAQs

1. Is it always wrong to be ambitious about money? No, ambition is not inherently negative. The problem arises when the pursuit of wealth becomes the sole focus, overriding ethical considerations and personal well-being.
2. How can I tell if I'm too "money hungry"? Consider if your pursuit of wealth is causing stress in relationships, compromising your ethics, or overshadowing other important aspects of your life.
3. Can therapy help with a money-hungry mindset? Yes, therapy can help identify the root causes of this mindset and develop healthier coping mechanisms and strategies for managing your relationship with money.
4. What are some healthy ways to achieve financial security? Creating a realistic budget, investing wisely, seeking financial advice, and prioritizing saving are all healthy approaches.
5. Is it possible to be wealthy and happy? Absolutely. Wealth can contribute to a comfortable life, but true happiness stems from a balance of financial security, fulfilling relationships, and personal growth.

money hungry: *Money Hungry (Coretta Scott King Author Honor Title)* Sharon Flake, 2009-11-01 The mesmerizing story of one girl's struggle to break her family's cycle of poverty is reissued with an arresting new cover. Thirteen-year-old Raspberry Hill is starved for money. She will do just about anything legal to get her hands on the almighty dollar -- wash cars, sell rotten candy, skip lunch, clean houses. She is obsessed. She is driven. She is afraid. Memories of being homeless, sleeping in the streets, and eating handouts keep Raspberry's eye on the only prize that matters to her: cold, hard cash. When the green stuff greases her palm, she gets comfort from feeling its crinkly paper power. And, when money is your best friend, there's more to do than hold it. Raspberry kisses her cash. She smells it. She loves it. But even money can't answer the questions that keep Raspberry awake at night. Will she and Momma ever move out of the projects? What did Ja'nae do with the two hundred bucks Raspberry loaned her? And what's really going on with Momma and that rich doctor? A haunting story of greed and forgiveness by the award-winning author of *The Skin I'm In*, this unforgettable novel will keep you glued to every page. Bank on it.

money hungry: *Begging for Change* Sharon Flake, 2009-10-28 The story of one young girl's struggle for money and survival, and the lengths she will go to get both, now reissued with an arresting new cover. Is there greed in Raspberry Hill's genes? In this sequel to Coretta Scott King Honor Book *Money Hungry*, once-homeless Raspberry Hill vows never to end up on the streets again. It's been a year since Raspberry's mother threw her hard-earned money out the window like trash, so to Raspberry money equals security and balance. And she's determined to do anything to achieve it. But when a troubled neighborhood teenager attacks her mother and Raspberry's drug-addicted father returns, Raspberry becomes desperate for her life to change and ends up doing the unthinkable, potentially ruining her friendships and losing her self-respect along the way. Will Raspberry accept that nothing good comes of bad money? Or is she destined to follow in her father's footsteps?

money hungry: *Money Hungry Appetite for Destruction* Jason Poole, Tyrone Brown, 2005-01-01

All so you can earn more, save smart, invest wisely, borrow only when you have

to, and enjoy everything you've got!

money hungry: *Mother Hunger* Kelly McDaniel, 2021-07-20 An insatiable need for sex and love. Periods of overeating or starving. A pattern of unstable and painful relationships. Does this sound painfully familiar? Trauma counselor Kelly McDaniel has seen these traits over and over in clients who feel trapped in cycles of harmful behaviors—and are unable to stop. Many of us find ourselves stuck in unhealthy habits simply because we don't see a better way. With *Mother Hunger*, McDaniel helps women break the cycle of destructive behavior by taking a fresh look at childhood trauma and its lasting impact. In doing so, she destigmatizes the shame that comes with being under-mothered and misdiagnosed. McDaniel offers a healing path with powerful tools that include therapeutic interventions and lifestyle changes in service to healthy relationships. The constant search for mother love can be a lifelong emotional burden, but healing begins with knowing and naming what we are missing. McDaniel is the first clinician to identify Mother Hunger, which demystifies the search for love and provides the compass that each woman needs to end the struggle with achy, lonely emptiness, and come home to herself.

money hungry: *Seven Hungry Babies* Candace Fleming, 2011-04-19 Seven bitty baby birds are hungry, hungry, hungry—and they're letting Mama know. "Feed us! Feed us!" the little ones chant, and Mama calms them as only a mother can—before she frantically flies away to gather more delectable worms. Readers can count with Mama Bird as she zooms back and forth across the pages, going from seven hungry babies to none...until one by one the babies wake up again...hungry!

money hungry: *Hungry Monkey* Matthew Amster-Burton, 2009 A reflection on the wild joys of food and parenting and the marvelous melange of the two--Hungry Monkey takes food enthusiasts on a new adventure in eating (with dozens of delicious recipes).

money hungry: *It's a No-money Day* Kate Milner, 2019 My mum works really hard and knows lots of fun things to do that don't cost any money. But when there's nothing left in the cupboards we have to go to the foodbank. Maybe one day things will be different... [quatrième de couverture]

money hungry: *Hungry Ghosts* C J Barker, 2024-03-28 The lives of Vic Woods and Ruth Wolfe, working-class teenagers from Liverpool and London, are profoundly disrupted by the arrival of World War II. Ruth's journey leads her to aerial photographic interpretation, though her aspirations for advancement are denied, while Vic's wartime experiences with bomber command haunt him long after the war is over. Their post-war marriage and tumultuous relationship with their son, James, make for a gripping narrative of trauma, conflict and, ultimately, love. Set against the backdrop of World War II and the social upheaval of the late 1960s, *Hungry Ghosts* transports readers into the drama of two pivotal eras in history, exploring the intergenerational impact of war, particularly on the intricate relationships between fathers and sons. *Hungry Ghosts* is not just a war story; it's a timeless exploration of family bonds and the indelible scars left by war.

money hungry: *The Ideal Team Player* Patrick M. Lencioni, 2016-04-25 In his classic book, *The Five Dysfunctions of a Team*, Patrick Lencioni laid out a groundbreaking approach for tackling the perilous group behaviors that destroy teamwork. Here he turns his focus to the individual, revealing the three indispensable virtues of an ideal team player. In *The Ideal Team Player*, Lencioni tells the story of Jeff Shanley, a leader desperate to save his uncle's company by restoring its cultural commitment to teamwork. Jeff must crack the code on the virtues that real team players possess, and then build a culture of hiring and development around those virtues. Beyond the fable, Lencioni presents a practical framework and actionable tools for identifying, hiring, and developing ideal team players. Whether you're a leader trying to create a culture around teamwork, a staffing professional looking to hire real team players, or a team player wanting to improve yourself, this book will prove to be as useful as it is compelling.

money hungry: *The War on Cash* David McRee, 2020-06-23 *The War on Cash: How Banks and a Power-Hungry Government Want to Confiscate Your Cash, Steal Your Liberty and Track Every Dollar You Spend. And How to Fight Back* is a wake-up call to everyone about the tactics being used by governments to restrict the public's use of cash and to abuse the laws for its own purposes. Powerful forces are threatening your financial freedom. All over the world, including in the United

States of America, governments, certain academics, banks and non-governmental organizations (nonprofits) are working in a coordinated way to stop you from using cash. They want you to have no option but to pay for everything you buy using electronic payment systems. They want you to be unable to go to a bank and withdraw your money in cash. They want you to be afraid to have more than a few dollars cash on your person, in your home, or in your car. In *The War on Cash*, David McRee: Outlines the tactics being used by governments and their banking and financial services allies to restrict the public's use of cash, and to abuse the laws for their own purposes Explains how the huge payment processing companies understand that getting a piece of every financial transaction in the world is worth trillions of dollars Details why the data collection industry is also salivating over the profit potential of massive data collection, analysis and sales, costing you money and your personal privacy and freedoms Covers how the use and possession of cash is essential to a free and prosperous society McRee gives the reader the information and tools to fight back against government control and collectivism and capitalism and individual liberty.

money hungry: *Big Hunger* Andrew Fisher, 2018-04-13 How to focus anti-hunger efforts not on charity but on the root causes of food insecurity, improving public health, and reducing income inequality. Food banks and food pantries have proliferated in response to an economic emergency. The loss of manufacturing jobs combined with the recession of the early 1980s and Reagan administration cutbacks in federal programs led to an explosion in the growth of food charity. This was meant to be a stopgap measure, but the jobs never came back, and the “emergency food system” became an industry. In *Big Hunger*, Andrew Fisher takes a critical look at the business of hunger and offers a new vision for the anti-hunger movement. From one perspective, anti-hunger leaders have been extraordinarily effective. Food charity is embedded in American civil society, and federal food programs have remained intact while other anti-poverty programs have been eliminated or slashed. But anti-hunger advocates are missing an essential element of the problem: economic inequality driven by low wages. Reliant on corporate donations of food and money, anti-hunger organizations have failed to hold business accountable for offshoring jobs, cutting benefits, exploiting workers and rural communities, and resisting wage increases. They have become part of a “hunger industrial complex” that seems as self-perpetuating as the more famous military-industrial complex. Fisher lays out a vision that encompasses a broader definition of hunger characterized by a focus on public health, economic justice, and economic democracy. He points to the work of numerous grassroots organizations that are leading the way in these fields as models for the rest of the anti-hunger sector. It is only through approaches like these that we can hope to end hunger, not just manage it.

money hungry: *The Hungry Brain* Stephan J. Guyenet, Ph.D., 2017-02-07 A Publishers Weekly Best Book of the Year From an obesity and neuroscience researcher with a knack for engaging, humorous storytelling, *The Hungry Brain* uses cutting-edge science to answer the questions: why do we overeat, and what can we do about it? No one wants to overeat. And certainly no one wants to overeat for years, become overweight, and end up with a high risk of diabetes or heart disease--yet two thirds of Americans do precisely that. Even though we know better, we often eat too much. Why does our behavior betray our own intentions to be lean and healthy? The problem, argues obesity and neuroscience researcher Stephan J. Guyenet, is not necessarily a lack of willpower or an incorrect understanding of what to eat. Rather, our appetites and food choices are led astray by ancient, instinctive brain circuits that play by the rules of a survival game that no longer exists. And these circuits don't care about how you look in a bathing suit next summer. To make the case, *The Hungry Brain* takes readers on an eye-opening journey through cutting-edge neuroscience that has never before been available to a general audience. *The Hungry Brain* delivers profound insights into why the brain undermines our weight goals and transforms these insights into practical guidelines for eating well and staying slim. Along the way, it explores how the human brain works, revealing how this mysterious organ makes us who we are.

money hungry: *Table Money* Jimmy Breslin, 2012-02-14 DIVAs a city worker and former war hero tumbles into alcoholism, his wife fights to hold on to her newfound freedom/divDIV

Owney Morrison has walked the catacombs underneath New York City since he was eleven. His father was a sandhog—a tunnel worker—and the first to introduce him to the miles of passageways snaking beneath the ground. Now an adult, back from Vietnam with a Medal of Honor and no work prospects, Owney takes up the family legacy, digging and maintaining the tunnels that provide the city with water. It is dangerous work, and at the end of each shift he deserves a few drinks. But when alcohol takes control of him, his wife Dolores is left with a decision. Should she take her baby daughter and cut ties with her husband, or stay and risk being dragged under by a man who feels safest one hundred feet below the street? At once witty and moving, *Table Money* is a memorable portrait of family and marriage in modern America. This ebook features an illustrated biography of Jimmy Breslin including rare photos and never-before-seen documents from the author's personal collection.

money hungry: Lunch Money Andrew Clements, 2012-04-17 Meet Greg Kenton, billionaire in the making. Greg Kenton has two obsessions -- making money and his long-standing competition with his annoying neighbor, Maura Shaw. So when Greg discovers that Maura is cutting into his booming Chunky Comics business with her own original illustrated minibooks, he's ready to declare war. The problem is, Greg has to admit that Maura's books are good, and soon the longtime enemies become unlikely business partners. But their budding partnership is threatened when the principal bans the sale of their comics in school. Suddenly, the two former rivals find themselves united against an adversary tougher than they ever were to each other. Will their enterprise -- and their friendship -- prevail?

money hungry: The Very Hungry Caterpillar Eric Carle, 2016-11-22 The all-time classic picture book, from generation to generation, sold somewhere in the world every 30 seconds! Have you shared it with a child or grandchild in your life? For the first time, Eric Carle's *The Very Hungry Caterpillar* is now available in e-book format, perfect for storytime anywhere. As an added bonus, it includes read-aloud audio of Eric Carle reading his classic story. This fine audio production pairs perfectly with the classic story, and it makes for a fantastic new way to encounter this famous, famished caterpillar.

money hungry: Hungry H. A. Swain, 2014-06-03 For fans of *The Giver*, a futuristic thriller with a diverse cast. In Thalia's world, there is no more food and no need for food, as everyone takes medication to ward off hunger. Her parents both work for the company that developed the drugs society consumes to quell any food cravings, and they live a life of privilege as a result. When Thalia meets a boy who is part of an underground movement to bring food back, she realizes that there is an entire world outside her own. She also starts to feel hunger, and so does the boy. Are the meds no longer working? Together, they set out to find the only thing that will quell their hunger: real food. It's a journey that will change everything Thalia thought she knew. But can a privy like her ever truly be part of a revolution?

money hungry: Hungry Crystal Renn, 2009-09-08 An inspiring tale for women of all ages, *Hungry* is an uplifting memoir with a universal message about body image, beauty and self-confidence.

money hungry: Hungry as a Horse Sibley Miller, 2015-02-03 The Wind Dancers—Kona, Brisa, Sumatra, and Sirocco—are back with four more full-color illustrated titles sure to delight the imaginations of horse-loving little girls everywhere. Sirocco, the lone colt among a trio of fillies, is always hungry. Will he lose his appetite when his fellow Wind Dancers challenge him to learn to cook, or will he become a chef extraordinaire?

money hungry: 40 Chances Howard G Buffett, 2013-10-22 The son of legendary investor Warren Buffet relates how he set out to help nearly a billion individuals who lack basic food security through his passion of farming, in forty stories of lessons learned.

money hungry: Hangry Mike Evans, 2022-11 While dreaming of an easier way to order pizza, Mike Evans founded the online food delivery site, Grubhub, in his basement and grew it into the multi-billion-dollar colossus that is now a household name. But it wasn't as easy as searching, clicking, and checking out. Mike's meteoric rise to the top of the booming tech and business world

demanding a decade of 80 hour work weeks, endless financing rounds, cliffhanger acquisitions, the near collapse of his collaterally-damaged marriage, a brutally difficult merger, and a pair of tumultuous I quit/unquit moments, all to steer the company to its successful IPO. And then, at the height of his success, he scrapped it all--leaving Grubhub behind and finding a new path as an entrepreneur, literally, on a solo bike ride across America. HANGRY is the unveiled and unfiltered rags-to-riches story of how Grubhub came to exemplify the promise of tech and the gig worker economy, and how it failed to live up to its impressive potential, even as it threatened Evans's sanity and marriage. I'd created Frankenstein, Evans writes.

money hungry: Money Boy Paul Yee, 2011-08-03 An American Library Association Youth Media Award Stonewall Honor Book Ray Liu knows he should be happy. He lives in a big suburban house with all the latest electronic gadgets, and even finds plenty of time to indulge in his love of gaming. He needs the escape. It's tough getting grades that will please his army veteran father, when speaking English is still a struggle. And he can't quite connect with his peers at high school -- Chinese immigrants like himself but who seem to have adjusted to North American life more easily. Then comes the fateful day when his father accesses Ray's internet account, and discovers Ray has been cruising gay websites. Before Ray knows what has hit him, his belongings have been thrown on the front lawn, and he has been kicked out. Angry, defiant, Ray heads to downtown Toronto. In short order he is robbed, beaten up and seduced, and he learns the hard realities of life on the street. Could he really sell himself for sex? Lots of people use their bodies to make money -- athletes, actors, models, pop singers. If no one gets hurt, why should anyone care?

money hungry: Hungry Robin L. Smith, Dr., 2013-02-22 Even though I looked alive and vital, the hourglass measuring the aliveness of my soul was swiftly draining to the bottom. I was losing my battle to be myself. I was in my prime. My career was taking off; I was surrounded by loving friends and family. Yet it felt like time was running out. Dr. Robin L. Smith, noted psychologist, ordained minister, motivational speaker, and best-selling author of *Lies at the Altar*, seemed to have the perfect life, but underneath it all, she felt empty. In this powerful new work, Dr. Robin painstakingly chronicles a time when she felt at the end of her rope, unable to truly see herself or escape the unrelenting craving in her heart. Throughout her life, she had always focused on living up to everyone else's expectations, doing everything they asked - everything they recommended - in the hopes that by pleasing others she would find fulfillment and success. Instead she found herself spiritually and emotionally starved with a hungry soul begging for change. Through vivid descriptions of the symptoms of her hunger, the gnawing emptiness in her soul, and her courageous journey to discovering herself, Dr. Robin opens a window into her own experiences in order to provide insight into yours. With clarity and empathy she starts you on a path to uncovering the real you - the you that lays beneath all the doubt, superficiality, and life crises. Dr. Robin honestly bares her soul and shares her story - plus stories of other hungry souls including her friends, clients from her psychology practice, family, and celebrities - and in the process, teaches you to recognize, survive, embrace, and conquer your own hunger. She teaches you to step into your own story so you can listen to and learn from the wisdom within.

Most importantly, you'll learn Rachel's 7 Simple Steps for getting your financial \$hit together. If you're ready to whip your finances into shape and have fun while doing so, this book is for you.

money hungry: What the World Eats, 2008 A photographic collection exploring what the

world eats featuring portraits of twenty-five families from twenty-one countries surrounded by a week's worth of food--Provided by publisher.

money hungry: Maid Stephanie Land, 2019-01-22 A single mother's personal, unflinching look at America's class divide (Barack Obama), this New York Times bestselling memoir is the inspiration for the Netflix limited series, hailed by Rolling Stone as a great one. At 28, Stephanie Land's dreams of attending a university and becoming a writer quickly dissolved when a summer fling turned into an unplanned pregnancy. Before long, she found herself a single mother, scraping by as a housekeeper to make ends meet. Maid is an emotionally raw, masterful account of Stephanie's years spent in service to upper middle class America as a nameless ghost who quietly shared in her clients' triumphs, tragedies, and deepest secrets. Driven to carve out a better life for her family, she cleaned by day and took online classes by night, writing relentlessly as she worked toward earning a college degree. She wrote of the true stories that weren't being told: of living on food stamps and WIC coupons, of government programs that barely provided housing, of aloof government employees who shamed her for receiving what little assistance she did. Above all else, she wrote about pursuing the myth of the American Dream from the poverty line, all the while slashing through deep-rooted stigmas of the working poor. Maid is Stephanie's story, but it's not hers alone. It is an inspiring testament to the courage, determination, and ultimate strength of the human spirit. A single mother's personal, unflinching look at America's class divide, a description of the tightrope many families walk just to get by, and a reminder of the dignity of all work. -PRESIDENT BARACK OBAMA, Obama's Summer Reading List

money hungry: Hungry for Math Kari-Lynn Winters, Lori Sherritt-Fleming, 2014-12-29 Published in both Canada and the United States.

money hungry: MONEY MATTERS Brian Finney, 2019-08-23

money hungry: Thank You, M'am Langston Hughes, 2014-08 When a young boy named Roger tries to steal the purse of a woman named Luella, he is just looking for money to buy stylish new shoes. After she grabs him by the collar and drags him back to her home, he's sure that he is in deep trouble. Instead, Roger is soon left speechless by her kindness and generosity.

money hungry: My Dad Got Sick Jay Perry, 2018-05-10 Most of us, at one time or another, have encountered tragedy. If you find yourself reading the description of this book, I assume this is the case for you and I'd like to say I'm truly sorry. To be honest, I really wish everything in this book were tales of fiction and that my experiences were all a dream. But the stories I courageously share, are my own truthful encounters with life as a caregiver. This book is an outline of my experiences while taking care of my dad, both physically and mentally, during his battle with cancer. It is a tool designed to help those in similar positions navigate coping, self-awareness, empathy, compassion, self-care, support, education, commitment, grief, love and embracing the day-to-day reality of caregiving. Although very cancer-specific, these words can provide encouragement to all those questioning whether or not to take on the role of caregiver. I did my best to write the book I was looking for when my journey began in early 2013. I don't have any 'top 10' pieces of advice to offer, and any advice I do give is solely based off what was found to work successfully for my dad. I'm not a doctor, and I don't have any professional medical training whatsoever. At the time this story began I was just a son doing everything possible for my best friend - I educated myself on the run. My dad was given a terminal diagnosis of nine months to a year to live. He ended up passing away two and a half years later, and although he fought hard for us, I want my dad's fight to be worth more. I want his struggles to give inspiration, and I want to see a shy, humble man's battle provide support and hope long after he's gone. I share these stories about a man with an incurable disease to demonstrate how myself and my loved ones were able to extend his life beyond what doctors ever expected. During my dad's final year, I used social media as a positive platform to share the daily struggles and absolute joys I was constantly faced with. The outpouring of love and support I received is what made me realize this book needed to be written. For obvious reasons, I hate the fact that this book has grounds to exist, but I will use it as a vehicle to share a journey that will hopefully help you with yours.*Description taken from Chapter One: To The Reader
