legendary tales walkthrough: The Man with the Watches Arthur Conan Doyle, 2017-05-24 Like *The Lost Special*, *The Man with the Watches* appeared in the Strand (in 1898), and later in *Round the Fire Stories and Tales of Terror and Mystery*. It follows the same pattern; the mystery this time surrounds the appearance of a dead man in a railway carriage, with six pocket watches in his jacket. An explanation is offered by an amateur detective but the narrator notes it is flawed, as it doesn't take into account all the facts. A man involved in the accidental murder of the victim writes a letter to the detective, saying that it was a mighty clever solution but entirely incorrect and continues to share the true events of that day. It shares the same backing for categorising as a Sherlock Holmes story as *The Lost Special*, and appears in French anthologies. The story was adapted for BBC Radio 4 in 2009 as *The Thirteen Watches*, in an episode from *The Further Adventures of Sherlock Holmes*. The number of watches was changed because the new title came from a reference (in the Holmes story *The Noble Bachelor*) to Holmes' involvement with the watches incident.

legendary tales walkthrough: A Little History of the World E. H. Gombrich, 2014-10-01 E. H. Gombrich's Little History of the World, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the Little History brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

legendary tales walkthrough: *A Burglar's Guide to the City* Geoff Manaugh, 2016-04-05 A "deeply researched and brilliantly written" blueprint to the criminal possibilities in the world all around us (Warren Ellis, author of *Gun Machine*). At the core of *A Burglar's Guide to the City* is an unexpected and thrilling insight: how any building transforms when seen through the eyes of someone hoping to break into it. Studying architecture the way a burglar would, Geoff Manaugh takes readers through walls, down elevator shafts, into panic rooms, and out across the rooftops of an unsuspecting city. Encompassing nearly two thousand years of heists and break-ins, the book draws on the expertise of reformed bank robbers, FBI special agents, private security consultants, the LAPD Air Support Division, and architects past and present. Whether discussing how to pick padlocks, climb the walls of high-rise apartments, find gaps in a museum's surveillance routine, or discuss home invasions in ancient Rome, *A Burglar's Guide to the City* ensures readers will never enter a bank again without imagining how to loot the vault, or walk down the street without planning the perfect getaway. Geoff Manaugh excels at finding new, illicit, and fresh angles on a subject as loved as it is overexposed—the city. In his new book, elegant, perverse, sinuous supervillains maneuver and master the city like parkour champions. I see the TV series already." —Paola Antonelli, design curator, MoMA
