nassau police exam: *Varieties of Police Behavior* James Q. WILSON, 2009-06-30 The patrolman has the most difficult, complex, and least understood task in the police department. Much less is known of him than of his better publicized colleague, the detective. In this important and timely book, James Q. Wilson describes the patrolman and the problems he faces that arise out of constraints imposed by law, politics, public opinion, and the expectations of superiors. The study considers how the uniformed officer in eight communities deals with such common offenses as assault, theft, drunkenness, vice, traffic, and disorderly conduct. Six of the communities are in New York State: Albany, Amsterdam, Brighton, Nassau County, Newburgh, and Syracuse. The others are Highland Park, Illinois, and Oakland, California. Enforcing laws dealing with common offenses is especially difficult because it raises the question of administrative discretion. Murder, in the eyes of the police, is unambiguously wrong, and murderers are accordingly arrested; but in cases such as street-corner scuffles or speeding motorists, the patrolman must decide whether to intervene (should the scuffle be stopped? should the motorist be pulled over?) and, if he does, just how to intervene (by arrest? a warning? an interrogation?). In most large organizations, the lowest-ranking members perform the more routinized tasks and the means of accomplishing these tasks are decided by superiors, but in a police department the lowest-ranking officer--the patrolman--is almost solely responsible for enforcing those laws which are the least precise, the most ambiguous. Three ways or styles of policing--the watchman, the legalistic, and the service styles--are analyzed and their relation to local politics is explored. In the final chapter, Mr. Wilson discusses if and how the patrolman's behavior can be changed and examines some current proposals for reorganizing police departments. He observes that the ability of the patrolman to do his job well may determine our success in managing social conflict and our prospects for maintaining a proper balance between liberty and order. nassau police exam: *A Gentleman and a Thief* Dean Jobb, 2024-06-25 Catch Me If You Can meets The Great Gatsby meets Cary Grant in To Catch a Thief in this captivating Jazz Age true-crime caper about the greatest jewel thief who ever lived (Life Magazine), Arthur Barry, who charmed celebrities and millionaires—everyone from Rockefellers to members of the royal family—while simultaneously planning and executing the most audacious and lucrative heists of the 1920s. “A master of narrative nonfiction. In this mesmerizing tale about a Jazz Age gentlemanly thief, Jobb has found his own perfect jewel.” —DAVID GRANN, #1 New York Times bestselling author of The Wager and Killers of the Flower Moon “An enthrallingly propulsive, unpredictably twisty biography of one of the most fascinating criminals of the 20th Century. I was hooked from the very first heist.” —MICHAEL FINKEL, New York Times bestselling author of The Art Thief and The Stranger in the Woods A skilled con artist and one of the most successful burglars in history, Arthur Barry was adept at slipping in and out of bedrooms undetected, even when his victims slept only inches away. He became a folk hero, a gentleman bandit touted in the press as the “Prince of Thieves” and an “Aristocrat of Crime.” Think Cary Grant in To Catch a Thief. In a span of seven years, Barry stole pearls, diamonds, and other precious gems worth almost \$60 million today. Among his many victims were a Rockefeller, an heiress to the Woolworth Department Store fortune, an oil magnate, Wall

Street bigwigs, a top executive of automotive giant General Motors, and a famous polo player. He befriended the Prince of Wales, Harry Houdini, and other luminaries. The rollicking, caper-filled rise and dramatic downfall of this master thief is a high-speed ride told in stylish prose. *A Gentleman and a Thief* is also a love story. Barry confessed to dozens of burglaries to protect his wife, Anna Blake (and was the prime suspect in scores of others on Long Island and across Westchester County). Sentenced to a twenty-five-year term, he staged a dramatic prison break—triggering a bloody inmates' riot—when Anna became seriously ill, so they could be together for a few more years as fugitives. Page-turning, escapist, and sparkling with insight into the allure of gemstones and our fascination with well-planned heists and the suave, clever criminals who pull them off, *A Gentleman and a Thief* is perfect for true crime fans who relish the exploits of con artists and high-class crooks.

nassau police exam: *The Challenge of Crime in a Free Society* United States. President's Commission on Law Enforcement and Administration of Justice, 1967 This report of the President's Commission on Law Enforcement and Administration of Justice -- established by President Lyndon Johnson on July 23, 1965 -- addresses the causes of crime and delinquency and recommends how to prevent crime and delinquency and improve law enforcement and the administration of criminal justice. In developing its findings and recommendations, the Commission held three national conferences, conducted five national surveys, held hundreds of meetings, and interviewed tens of thousands of individuals. Separate chapters of this report discuss crime in America, juvenile delinquency, the police, the courts, corrections, organized crime, narcotics and drug abuse, drunkenness offenses, gun control, science and technology, and research as an instrument for reform. Significant data were generated by the Commission's National Survey of Criminal Victims, the first of its kind conducted on such a scope. The survey found that not only do Americans experience far more crime than they report to the police, but they talk about crime and the reports of crime engender such fear among citizens that the basic quality of life of many Americans has eroded. The core conclusion of the Commission, however, is that a significant reduction in crime can be achieved if the Commission's recommendations (some 200) are implemented. The recommendations call for a cooperative attack on crime by the Federal Government, the States, the counties, the cities, civic organizations, religious institutions, business groups, and individual citizens. They propose basic changes in the operations of police, schools, prosecutors, employment agencies, defenders, social workers, prisons, housing authorities, and probation and parole officers.
