## **Planned Parenthood Voting Guide: Making Your Voice Heard on Reproductive Healthcare**

Navigating the political landscape to understand how your vote impacts access to reproductive healthcare can be daunting. This Planned Parenthood voting guide cuts through the noise, providing you with the information you need to make informed choices during election season. We'll explore key issues, identify candidates' stances, and equip you with resources to advocate for reproductive rights. This guide empowers you to become an active participant in shaping healthcare policy, ensuring access to vital services for yourself and your community.

### **H2: Understanding Planned Parenthood's Role in Healthcare**

Planned Parenthood is a non-profit organization that provides comprehensive reproductive and sexual health care services, including preventative care, contraception, cancer screenings, STI testing and treatment, and abortion services. Their services are crucial for millions of Americans, particularly those in underserved communities with limited access to healthcare. Understanding their multifaceted role is crucial to understanding the political implications of supporting or opposing their work.

### **H2: Key Issues Impacting Reproductive Healthcare Access**

Several key issues directly impact Planned Parenthood and access to reproductive healthcare. These issues are frequently debated during election cycles and understanding the candidates' positions on them is paramount.

### **H3: Abortion Access:**

The legality and accessibility of abortion are central to the debate surrounding Planned Parenthood. Many anti-abortion groups actively seek to defund or restrict the organization's ability to provide

abortion services. Candidates' stances on abortion rights, including access to safe, legal abortion and the availability of abortion medication, are crucial considerations.

### H3: Contraception Access:

Access to affordable and accessible contraception is essential for preventing unintended pregnancies. Policies that restrict access to contraception, including mandatory waiting periods or limitations on insurance coverage, directly impact Planned Parenthood's ability to provide these vital services.

### H3: Sex Education:

Comprehensive sex education is crucial for promoting sexual health and preventing unintended pregnancies and STIs. Candidates' positions on sex education funding and curriculum influence the information young people receive and their ability to make informed choices.

### H3: Healthcare Funding:

Government funding plays a significant role in Planned Parenthood's ability to provide services. Candidates' stances on federal and state funding for reproductive healthcare directly impact the organization's capacity to serve patients.

## H2: Finding Candidate Information and Resources

Researching candidates' positions on reproductive healthcare can be time-consuming. However, several resources can help you streamline this process:

### H3: Candidate Websites:

Most candidates' websites include their stances on key issues. Look for sections on healthcare, women's health, or reproductive rights.

### H3: Vote Smart and Ballotpedia:

Websites like Vote Smart and Ballotpedia provide non-partisan information on candidates' voting records and public statements on key issues, including reproductive healthcare.

### H3: Planned Parenthood Action Fund:

The Planned Parenthood Action Fund actively works to elect candidates who support reproductive rights. Their website provides candidate endorsements and information on key races.

### H3: League of Women Voters:

The League of Women Voters offers non-partisan voter information guides that include candidates' positions on various issues, potentially including reproductive healthcare.

## H2: Beyond Voting: Advocacy and Engagement

Voting is a critical step, but your engagement doesn't stop there. Consider these avenues to continue advocating for reproductive healthcare access:

Contact your elected officials: Share your opinions on legislation impacting reproductive healthcare.  
Volunteer with Planned Parenthood: Offer your time to support their work at the local level.  
Donate to organizations supporting reproductive rights: Financial support helps ensure continued access to vital services.  
Educate others: Share information about reproductive healthcare access and the importance of voting.

## H2: Making Informed Choices: Your Role in Protecting Reproductive Healthcare

This Planned Parenthood voting guide is designed to empower you. By researching candidates' stances, leveraging available resources, and engaging in advocacy, you can play a pivotal role in shaping reproductive healthcare policy. Remember, your voice matters. Your vote matters. Your actions matter. Use this information to become an informed and active participant in protecting access to essential healthcare services for all.

### Conclusion:

The fight for access to comprehensive reproductive healthcare is ongoing. By utilizing this guide and staying informed, you can actively participate in securing reproductive rights for yourself and future generations. Remember to use your vote and your voice to shape a future where everyone has access to the healthcare they need.

### FAQs:

1. Where can I find a list of candidates endorsed by Planned Parenthood? The Planned Parenthood Action Fund website is an excellent resource for finding endorsed candidates.
2. What if my chosen candidate doesn't explicitly state their position on reproductive rights? Contact their campaign directly to request clarification on their stance. Pay attention to their voting record and any public statements they've made on related issues.
3. How can I get involved beyond voting? Volunteer with Planned Parenthood, donate to organizations supporting reproductive rights, contact your elected officials, or educate others about reproductive healthcare access.
4. Are there any other organizations besides Planned Parenthood that advocate for reproductive rights? Yes, numerous organizations advocate for reproductive rights, including NARAL Pro-Choice America, the National Abortion Federation, and many state-level organizations.
5. What if I live in a state with restrictive abortion laws? Even in states with restrictive laws, there are still ways to advocate for change. Support organizations working to challenge these laws, contact your elected officials, and participate in peaceful protests or rallies.

**planned parenthood voting guide: In Case You're Curious** Planned Parenthood, 2019-09-10  
Did you ever walk out of class having even more questions than when you walked in? You may feel that way about History or Math, but what about your Sexual Health class (if you even had one)? If you're anything like most of the youth in America today, your head is probably spinning with a

swirling, high-speed hurricane of questions. It is totally normal to be curious and to have questions about relationships, bodies, consent . . . you name it! But where can your average teen go to get all the reliable and accurate answers they need? In Case You're Curious (ICYC), a text-and-answer program conceived by Planned Parenthood, has been providing this educational service for teens for years. And now In Case You're Curious: Questions about Sex from Young People with Answers from the Experts is a big book of answers with funny and educational illustrations, to the most popular and most interesting questions young people have about birth control, development, sexually transmitted diseases, and so much more. Within these pages you will find non-judgmental (and fun!) answers meant to educate teens without the uncomfortable silence or weird eye contact often associated with "The Talk." With questions like "Does masturbating give you a disease?" and "Is the pineapple thing true?" In Case You're Curious isn't afraid to tackle the nitty-gritty questions you may think twice about raising your hand to ask in your Sexual Health class or at home.

**planned parenthood voting guide: Campaigns and Elections** Robert P. Watson, Colton C. Campbell, 2003 Examines elections at the federal, state, and local levels, covering such topics as the use of political consultants, polling, campaign finance reform, and partisan politics.

**planned parenthood voting guide: Make Trouble** Cecile Richards, 2018-04-03 From Cecile Richards, the former president of Planned Parenthood for more than a decade, daughter of the late Ann Richards, featured speaker at the Women's March on Washington, and "the heroine of the resistance" (Vogue), comes "an enthralling memoir" (Booklist, starred review) filled with "practical advice and inspiration for aspiring leaders everywhere" (Hillary Rodham Clinton). Cecile Richards has been an activist since she was taken to the principal's office in seventh grade for wearing an armband in protest of the Vietnam War. Richards had an extraordinary childhood in ultra-conservative Texas, where her civil rights attorney father and activist mother taught their kids to be troublemakers. She had a front-row seat to observe the rise of women in American politics and watched her mother, Ann, transform from a housewife to an electrifying force in the Democratic party. As a young woman, Richards worked as a labor organizer alongside women earning minimum wage, and learned that those in power don't give it up without a fight. She experienced first-hand the misogyny, sexism, fake news, and the ever-looming threat of violence that constantly confront women who challenge authority. Now, after years of advocacy, resistance, and progressive leadership, she shares her "truly inspiring" (Redbook) story for the first time—from the joy and heartbreak of activism to the challenges of raising kids, having a life, and making change, all the while garnering a reputation as "the most badass feminist EVER" (Teen Vogue). In the "powerful and infinitely readable" (Gloria Steinem) *Make Trouble*, Richards reflects on the people and lessons that have gotten her through good times and bad, and encourages the rest of us to take risks, make mistakes, and make trouble along the way.

**planned parenthood voting guide: Congressional Voting Guide** Victor W. Bosnich, 1994

**planned parenthood voting guide: I Don't Have Enough Faith to Be an Atheist** Norman L. Geisler, Frank Turek, 2021-05-17 To some, the concept of having faith in a higher power or a set of religious beliefs is nonsensical. Indeed, many view religion in general, and Christianity in particular, as unfounded and unreasonable. Norman Geisler and Frank Turek argue, however, that Christianity is not only more reasonable than all other belief systems, but is indeed more rational than unbelief itself. With conviction and clear thinking, Geisler and Turek guide readers through some of the traditional, tested arguments for the existence of a creator God. They move into an examination of the source of morality and the reliability of the New Testament accounts concerning Jesus. The final section of the book deals with a detailed investigation of the claims of Christ. This volume will be an interesting read for those skeptical about Christianity, as well as a helpful resource for Christians seeking to articulate a more sophisticated defense of their faith.

**planned parenthood voting guide: Every Day is Election Day** Rebecca Sive, 2013 With expert guidance and abundant resources, this practical and inspirational guide is for women at all stages of life who want to seek and win public leadership and public office at any level. According to research, women considering leadership positions or running for elected office are more inhibited than men by

family concerns and by a lack of confidence, and speaking directly to these issues, this book offers pragmatic advice and strategies for women's daily lives as advocates, candidates, and powerbrokers and shares the true-life stories, secrets of success, and frank suggestions of women who have led, run, and won. This handy reference teaches women how to surmount public barriers, conquer private fears, and run a winning campaign--be it for a PTA position, board president, U.S. senator, or beyond--with joy, humor, confidence, and no apologies--

**planned parenthood voting guide: Queer Eye** Antoni Porowski, Tan France, Jonathan Van Ness, Bobby Berk, Karamo Brown, 2018-11-13 From the Fab Five--the beloved hosts of Netflix's viral hit Queer Eye--comes a book that is at once a behind-the-scenes exclusive, a practical guide to living and celebrating your best life, and a symbol of hope. Feeling your best is about far more than deciding what color to paint your accent wall or how to apply nightly moisturizer. It's also about creating a life that's well-rounded, filled with humor and understanding--and most importantly, that suits you. At a cultural moment when we are all craving people to admire, Queer Eye offers hope and acceptance. After you get to know the Fab Five, together they will guide you through five practical chapters that go beyond their designated areas of expertise (food & wine, fashion, grooming, home decor, and culture), touching on topics like wellness, entertaining, and defining your personal brand, and complete with bite-sized Hip Tips for your everyday quandaries. Above all else, Queer Eye aims to help you create a happy and healthy life, rooted in self-love and authenticity.

**planned parenthood voting guide: Abortion Politics** Ziad Munson, 2018-05-21 Abortion has remained one of the most volatile and polarizing issues in the United States for over four decades. Americans are more divided today than ever over abortion, and this debate colors the political, economic, and social dynamics of the country. This book provides a balanced, clear-eyed overview of the abortion debate, including the perspectives of both the pro-life and pro-choice movements. It covers the history of the debate from colonial times to the present, the mobilization of mass movements around the issue, the ways it is understood by ordinary Americans, the impact it has had on US political development, and the differences between the abortion conflict in the US and the rest of the world. Throughout these discussions, Ziad Munson demonstrates how the meaning of abortion has shifted to reflect the changing anxieties and cultural divides which it has come to represent. Abortion Politics is an invaluable companion for exploring the abortion issue and what it has to say about American society, as well as the dramatic changes in public understanding of women's rights, medicine, religion, and partisanship.

**planned parenthood voting guide: Exposed** Schapiro. Mark, 2009-01-26

**planned parenthood voting guide: A Field Guide to the Culture Wars** Michael McGough, 2008-12-23 Like any realignment in politics, the Democratic takeover of Congress in the 2006 midterm elections inspired a raft of instant analyses. One take on the results that is surely wrong is that the change in control of Congress and the spike in Democratic hopes for the 2008 presidential race mark an end to the culture wars that conventional wisdom blamed (or credited) for George W. Bush's re-election in 2004. This book sets the stage for a new consideration of the contemporary culture wars by examining their antecedents—from the Scopes trial to Prohibition to the controversy over the Supreme Court's desegregation and school-prayer rulings to loyalty-oath battles of the 1950s to the pre- Roe v. Wade campaign to liberalize abortion laws. Even during times of supposed conformism, Americans have been presented with competing claims about what sort of culture this is and how and to what extent government should reflect, and police, values. The author covers such topics as same-sex marriage, stem cell research, intelligent design, and other hot button issues that are debated not just between the religious and secular, but more and more among the ranks of the religious themselves, where a religious left has emerged to counter arguments from the religious right. Anyone interested in the intersection of religion and politics, in the rise of the so-called moral majority, and in the current state of affairs with regard to values and public life in America will gain a better understanding from reading this book.

**planned parenthood voting guide: Emerging Answers** Douglas Kirby, 2001 This report summarizes three bodies of research on teenage pregnancy and programs to reduce the risk of

teenage pregnancy. Studies included in this report were completed in 1980 or later, conducted in the United States or Canada, targeted adolescents, employed an experimental or quasi-experimental design, had a sample size of at least 100 in the combined treatment and control group, and measured the impact on sexual or contraceptive behavior, pregnancy, or childbearing. Six chapters focus on: (1) Making the Case for Prevention Efforts: Adolescent Risk-Taking Behavior and Its Consequences; (2) Looking for Reasons Why: The Antecedents of Adolescent Sexual Behavior; (3) Assessing the Evidence: Factors Affecting the Strength of Research Results; (4) Emerging Answers: The Behavioral Impact of Programs To Reduce Adolescent Sexual Risk-Taking; (5) Looking Forward: Conclusions about the State of Research and the Effectiveness of Programs; and (6) Bringing It Home: Applying These Research Results in Communities. (Chapters contain references.) (SM)

**planned parenthood voting guide: Persuasive Pro Life, 2nd Ed: How to Talk about Our Culture's Toughest Issue** Trent Horn, 2023-07-20 Not sure how to defend pre-born life? Whatever the reason for this fear, it causes many of us to pass up opportunities to speak out on behalf of the unborn. You can overcome this fear, says Trent Horn in this new and revised edition of his bestselling classic. In *Persuasive Pro-Life- 2nd Edition*, you can become a bold and effective apologist for life. Drawing on the latest developments in the post-Roe landscape, Horn helps you cut through the rhetoric of the pro-choice side in order to accurately frame the legal, historical, and scientific issues surrounding abortion. Then he demonstrates--with vivid personal examples from his years of campus activism, how to be charitable, he offers real-life examples on what to say, and what not to say. We must be not just warriors for the pro-life cause, he says, but ambassadors for it. Read *Persuasive Pro-Life- 2nd Edition* today, and never again be afraid to speak up for the precious and fundamental right to life.

**planned parenthood voting guide: Run for Something** Amanda Litman, 2017-10-03 From the e-mail marketing director of Hillary Clinton's presidential campaign and the co-founder of Run for Something; comes an essential and inspiring guide that encourages and educates young progressives to run for local office, complete with contributions from elected officials and political operatives.

**planned parenthood voting guide: Campaigns and Elections** Stephen K. Medvic, 2017-11-21 Stephen Medvic's *Campaigns and Elections* is a comprehensive yet compact core text that addresses two distinct but related aspects of American electoral democracy—both the processes that constitute campaigns and elections and the players who are involved. In addition to balanced coverage of process and actors, it also gives equal billing to both campaigns and elections, and covers contests for legislative and executive positions at the national and state and local levels, including issue-oriented campaigns of note. The book opens by providing students with the conceptual distinctions between what happens in an election and the campaigning that precedes it. Significant attention is devoted to setting up the context for these campaigns and elections by covering the rules of the game in the American electoral system as well as aspects of election administration and the funding of elections. Then the book systematically covers the actors at every level—candidates and their organizations, parties, interest groups, the media, and voters—and the macro level aspects of campaigns such as campaign strategy and determinants of election outcomes. The book concludes with a big picture assessment of campaign ethics and implications of the permanent campaign. New to the Third Edition Fully updated through the 2016 elections. Questions the party decides theory of the nomination process in light of the Trump Republican candidacy. Covers campaign finance laws and practice emanating from both *Citizens United* and *McCutcheon*. Critically examines restrictive voting laws in place for the first time in the 2016 presidential election. Looks at new automatic voter registration as well as registration removals. Expands coverage of media effects on campaigns at every stage, including social media. Draws upon recent research on new campaign technologies and of the science of campaigning.

**planned parenthood voting guide: Student's Guide to the Supreme Court** Bruce J. Schulman, 2010-05-03 *Student's Guide to the Supreme Court* examines the history of America's highest court using a three-part approach that is tailor-made for students new to the topic. --

**planned parenthood voting guide:** Congress and the People Donald R. Wolfensberger, 2001-04-27 Will some form of direct democracy supplant representative, deliberative government in the twenty-first century United States? That question is at the heart of Donald R. Wolfensberger's history of Congress and congressional reform, which runs back to the Constitution's creation of a popularly elected House of Representatives and forward to the surreal ending of the 105th Congress, featuring barrels of pork, resignation of the speaker, and impeachment of the president. The author's expertise comes from twenty-eight years as a staff member in the House, culminating in service as chief of staff of the powerful House Rules Committee. He was a top parliamentary expert and a principal Republican procedural strategist. Sensitive to the power of process, Wolfensberger is an authoritative guide to reform efforts of earlier eras. And as a participant in reforms since the 1960s, he offers a unique perspective on forging the 1970s sunshine coalition, televising House proceedings, debating term limits, and coping with democracy in an electronic age.

**planned parenthood voting guide:** One Person, No Vote Carol Anderson, 2018-09-11 As featured in the documentary All In: The Fight for Democracy Finalist for the PEN/John Kenneth Galbraith Award for Nonfiction Longlisted for the National Book Award in Nonfiction Named one of the Best Books of the Year by: Washington Post \* Boston Globe \* NPR\* Bustle \* BookRiot \* New York Public Library From the award-winning, New York Times bestselling author of White Rage, the startling--and timely--history of voter suppression in America, with a foreword by Senator Dick Durbin. In her New York Times bestseller White Rage, Carol Anderson laid bare an insidious history of policies that have systematically impeded black progress in America, from 1865 to our combustible present. With One Person, No Vote, she chronicles a related history: the rollbacks to African American participation in the vote since the 2013 Supreme Court decision that eviscerated the Voting Rights Act of 1965. Known as the Shelby ruling, this decision effectively allowed districts with a demonstrated history of racial discrimination to change voting requirements without approval from the Department of Justice. Focusing on the aftermath of Shelby, Anderson follows the astonishing story of government-dictated racial discrimination unfolding before our very eyes as more and more states adopt voter suppression laws. In gripping, enlightening detail she explains how voter suppression works, from photo ID requirements to gerrymandering to poll closures. And with vivid characters, she explores the resistance: the organizing, activism, and court battles to restore the basic right to vote to all Americans.

**planned parenthood voting guide:** *The Teaching Transgender Toolkit* Eli R. Green, Luca Maurer, 2015-09-01 The Teaching Transgender Toolkit is the first of its kind and is based on decades of transgender training experience and current best practices. This guide enables facilitators and trainers to provide the most accurate and effective practical training, toward the goals of increasing awareness, empathy and skills. As a result of these trainings, participants will be better prepared to acknowledge, support, and engage with transgender people in an affirming manner.

**planned parenthood voting guide:** *Shout Your Abortion* Amelia Bonow, Emily Nokes, 2018-11-01 Following the U.S. Congress's attempts to defund Planned Parenthood, the hashtag #ShoutYourAbortion became a viral conduit for abortion storytelling, receiving extensive media coverage and positioning real human experiences at the center of America's abortion debate for the very first time. The online momentum sparked a grassroots movement that has subsequently inspired countless individuals to share their abortion stories in art, media, and community events all over the country, and to begin building platforms for others to do the same. Shout Your Abortion is a collection of photos, essays, and creative work inspired by the movement of the same name, a template for building new communities of healing, and a call to action. Since SYA's inception, people all over the country have shared stories and begun organizing in a range of ways: making art, hosting comedy shows, creating abortion-positive clothing, altering billboards, starting conversations that had never happened before. This book documents some of these projects and illuminates the individuals who have breathed life into this movement, illustrating the profound liberatory and political power of defying shame and claiming sole authorship of our experiences.

With *Roe vs. Wade* on the brink of reversal, the act of shouting one's abortion has become explicitly radical, and *Shout Your Abortion* is needed more urgently than ever before.

**planned parenthood voting guide: New Handbook for a Post-Roe America** Robin Marty, 2021-03-30 A completely new edition--with a new introduction by Amanda Palmer--of Robin Marty's best-selling manual on what to do if/when *Roe v. Wade* is overturned. The *New Handbook for a Post-Roe America* is a comprehensive and user-friendly manual for understanding and preparing for the looming changes to reproductive rights law, and getting the health care you need. Activist and writer Robin Marty guides readers through various worst-case scenarios of a post-Roe America, and offers ways to fight back, including: how to acquire financial support, how to use existing networks and create new ones, and how to, when required, work outside existing legal systems. She details how to plan for your own emergencies, how to start organizing now, what to know about self-managed abortion care with pills and/or herbs, and how to avoid surveillance. The only guidebook of its kind, *The New Handbook for a Post-Roe America* includes new chapters that cover the needs and tools available for pregnant people across the country. This second edition features extensively updated information on abortion legality and access in the United States, and approximately one hundred pages of new content, covering such topics as independent alternatives to Planned Parenthood, auntie networks, taxpayer-funded abortions, and using social media wisely in the age of surveillance.

**planned parenthood voting guide: Guide to U.S. Elections** Deborah Kalb, 2015-12-24 The CQ Press *Guide to U.S. Elections* is a comprehensive, two-volume reference providing information on the U.S. electoral process, in-depth analysis on specific political eras and issues, and everything in between. Thoroughly revised and infused with new data, analysis, and discussion of issues relating to elections through 2014, the *Guide* will include chapters on: Analysis of the campaigns for presidency, from the primaries through the general election Data on the candidates, winners/losers, and election returns Details on congressional and gubernatorial contests supplemented with vast historical data. Key Features include: Tables, boxes and figures interspersed throughout each chapter Data on campaigns, election methods, and results Complete lists of House and Senate leaders Links to election-related websites A guide to party abbreviations

**planned parenthood voting guide: The Last Hurrah?** David B. Magleby, J. Quin Monson, 2004-04-08 The 2002 midterm elections were noteworthy U.S. congressional campaigns for many reasons. They marked the last national contests before implementation of the Bipartisan Campaign Reform Act (BCRA) and thus were expected by many to be the last hurrah for soft money. These midterm campaigns provided a window on the activity of parties, interest groups, and political consultants on the eve of BCRA, as they prepared to enter a new era of American elections. The results of Campaign 2002 were remarkable. As the party in power, the Republicans defied history by gaining seats in both houses of Congress, giving them a majority in the Senate. To some degree this resulted from the GOP's new emphasis on ground war voter mobilization. Another key was the unusually aggressive support of the sitting president, who leveraged his popularity to advance his party's candidates for Congress. *The Last Hurrah?* analyzes the role of soft money and issue advocacy in the 2002 battle for Congress. Having been granted access to a number of campaign operations across a broad array of groups, David Magleby, Quin Monson, and their colleagues monitored and documented a number of competitive races, including the key South Dakota and Missouri Senate contests. Each case study breaks down the campaign communication in a particular race, including devices such as advertising, get-out-the-vote drives, soft money expenditures, and the increasingly influential role of the national parties on local races. They also discuss the overall trends of the midterm election of 2002, paying particular attention to the impact of President Bush and his political operation in candidate recruitment, fundraising, and campaign visits. Magleby and Monson consider an important question typically overlooked. How do voters caught in the middle of a hotly contested race deal with—and react to—a barrage of television and radio ads, direct mail, unsolicited phone calls, and other campaign communications? T

**planned parenthood voting guide: Reports of Cases in the Supreme Court of Nebraska**

Nebraska. Supreme Court, 1891 Rules of the supreme court. In force February 1, 1914: v. 94, p. vii-xx.

**planned parenthood voting guide:** *Neurotoxins at Home and in the Workplace* United States. Congress. House. Committee on Science and Technology. Subcommittee on Investigations and Oversight, 1986

**planned parenthood voting guide:** *The Abortion Resource Handbook* K. Kaufmann, 1997-07-16 The Abortion Resource Handbook covers such issues as finding a safe, pro-choice clinic, dealing with parental consent and other restrictive laws, dealing with anti-choice protesters, and more. Includes a summary of state laws and a listing of pro-choice organizations nationwide. Line drawings.

**planned parenthood voting guide:** *Vote Her In* Rebecca Sive, 2018-10-16 A seasoned political analyst and strategist argues why the U.S. must elect a woman president now and lays out a plan of action to make it happen. Yes. She. Can. Vote Her In addresses the unrealized dream of millions of American women: electing our first woman president. It makes the case for the urgency of women attaining equal executive power at all levels, including the presidency, and offers a comprehensive strategy for every woman to be a part of this campaign—the most important of our lifetimes. Women are wildly underrepresented at every level of the U.S. government: federal, state, and local. Research has shown that women in executive government positions are far more likely than men to commit to policies that benefit women, girls, and other marginalized groups. So, after centuries of underrepresentation, it's clear: our best bet for creating a system that is more fair, balanced, and just for everyone is electing our first Madam President—as soon as we can. Vote Her In is organized around the inspirational messages seen on protest signs carried at the record-breaking 2017 Chicago Women's March. Part One outlines the case for why we need to mobilize now, and Part Two provides a clear strategy for how to do it. Each chapter in Part Two includes an action plan that women can complete to help each other (or themselves) attain political power and work toward electing our first woman president. Author Rebecca Sive draws on her decades of political experience to create this crucial book, which empowers every American man, woman, and child who cares about our nation's democratic future to harness their collective power in the run-up to 2020 and, at last, form a more perfect union. Praise for Rebecca Sive's *Vote Her In* "Rebecca astutely explores a critical question: If we believe in justice for every American, will we work to elect women to public offices across the country, including the presidency? We must!" —Lisa Madigan, former attorney general, Illinois "Sive takes her years of dedication to advancing women's political careers and causes and turns them into a call to action?along with some of the practical tools needed for real and rapid progress." —Katherine Baicker, dean, University of Chicago Harris School of Public Policy "Far too few women, especially women of color, have the opportunity to become political leaders. Let's #VoteHerIn, as Sive's inspirational guide so powerfully argues." —Kimberly M. Foxx, state's attorney, Cook County, Illinois

**planned parenthood voting guide:** *Democrats for Life* Kristen Day, 2006 In a shocking expose, Kristen Day reveals the agenda of the modern Democratic Party leadership, which hijacked the grassroots movement to push through Roe vs. Wade. Drawing from historical background, and her own experience in Washington, Day provides strong evidence that abortion on demand is not the mindset of real America.

**planned parenthood voting guide:** *Good Catholics* Patricia Miller, 2014-05-20 Good Catholics tells the story of the remarkable individuals who have engaged in a nearly fifty-year struggle to assert the moral legitimacy of a pro-choice position in the Catholic Church, as well as the concurrent efforts of the Catholic hierarchy to suppress abortion dissent and to translate Catholic doctrine on sexuality into law. Miller recounts a dramatic but largely untold history of protest and persecution, which demonstrates the profound and surprising influence that the conflict over abortion in the Catholic Church has had not only on the church but also on the very fabric of U.S. politics. Good Catholics addresses many of today's hot-button questions about the separation of church and state, including what concessions society should make in public policy to matters of

religious doctrine, such as the Catholic ban on contraception. Good Catholics is a Gold Medalist (Women's Issues) in the 2015 IPPY awards, an award presented by the Independent Publishers Book Association to recognize excellence in independent book publishing.

**planned parenthood voting guide: Planned Bullyhood** Karen Handel, 2012-09-11 The full, up-close story of the battle between Susan G. Komen for the Cure and Planned Parenthood from the woman at the center of the explosive media firestorm of early 2012, Karen Handel, former SVP of Public Policy at Komen. In 2011, Susan G. Komen for the Cure was growing weary of the "pink" being tarnished by its health grants to Planned Parenthood (PPH), whose many controversies were fueling backlash against Komen. They wanted to remove themselves from the pro-life/abortion debate and made what they thought was a rational, reasonable decision: seek neutral ground in the culture war by severing ties with Planned Parenthood—and in turn, eliminate a major headache while opening a new, robust fund-raising channel. Karen Handel, the organization's Senior Vice President of Public Policy, was tasked with identifying options to disengage. In November, the Komen management and board decided to move forward. Komen believed that they and PPH had made a "gentle ladies" pact, agreeing to part ways amicably and acknowledging that a media firestorm was in no one's best interest. Yet, six weeks later, PPH unleashed a media campaign so viral and so seamlessly executed that it must have been in the works for some time. PPH attacked Komen against the backdrop of the Obama administration's clash with the Catholic Church over contraception. After just three days, following hysterical cries that "Komen was abandoning women," Komen capitulated and reversed course. Handel—a lifelong pro-life Republican who was raised Catholic—was immediately made the target. She resigned within days of Komen's reversal. Liberals called her a right-wing Trojan horse. The pro-life community hailed her as a hero. She insists she is neither. Why did Planned Parenthood attack? Was Komen simply a pawn in something bigger? In this book, Karen Handel finally speaks. \*\*\* For at least a decade, Susan G. Komen for the Cure, the world's leading breast cancer organization, had been dealing with the backlash from pro-life conservatives because of its grants to Planned Parenthood, the world's largest abortion provider. According to Karen Handel, Komen's Senior Vice President of Public Policy in 2011, the two organizations had mutually agreed to part ways amicably, but then Planned Parenthood surprisingly unleashed a media attack against Komen, waving the banner of women's health as a shield for its underlying political agenda. Public criticism against Komen intensified with damaging consequences, eventually concluding in Komen's surrender and Karen's resignation. In daring to walk away, Komen had unwittingly ignited a battle in which it became collateral damage in a larger election-year war between liberals and conservatives for the souls (and votes!) of women and the nation's conscience—with abortion and contraception linked as ultimate wedge issues. What exactly went on inside this firestorm of controversy? Were there larger forces at play? In this tell-all, highly charged account, Karen Handel breaks the silence and finally reveals what really happened in the winter of 2011.

**planned parenthood voting guide: Alaska's Constitution** Alaska Legislative Affairs Agency, 2013

**planned parenthood voting guide: The Untold Story of Women of Color in the League of Women Voters** Carolyn Jefferson-Jenkins, 2020-02-24 The Untold Story of Women of Color in the League of Women Voters explores ways in which these women have been marginalized and recognizes how their contributions will positively influence the organization as it moves into its next 100 years. On February 14, 2020, the League of Women Voters of the United States celebrated the 100th anniversary of its founding. Although women of color have always made significant contributions to women's suffrage and the women's movements, their contributions, particularly as they relate to the League of Women Voters (LWV), have been marginalized and relegated to the footnotes of the organization's history. The Untold Story of Women of Color in the League of Women Voters adds a new dimension to these conversations. The book is structured to show the progression of the relationship between the League of Women Voters and its members of color as manifested in changes to its policies, practices, symbols, and messaging. It begins with the suffrage movement and

continues until the celebration of the 100th anniversary of the League and uses actual correspondence, convention minutes, existing League histories, and personal accounts to tell the League story. Chapter titles disclose the philosophical shifts in attitude at each stage of the organization's evolution.

**planned parenthood voting guide: Guide to State Politics and Policy** Richard G. Niemi, Joshua J. Dyck, 2013-10-18 No previous book has pulled together into one place a single, comprehensive volume that provides up-to-date coverage of state government and politics, along with the states' current and future public policies. This new book does just that, offering students, scholars, citizens, policy advocates, and state specialists accessible information on state politics and policy in 34 topical chapters written by experts in the field. The guide provides contemporary analysis of state institutions, processes, and public policies, along with both historical and theoretical perspectives that help readers develop a comprehensive understanding of the 50 U.S. states' complex and changing political spheres. Those who use this volume—from experienced scholars to neophytes—can rely upon the guide to provide: Basic factual information on state politics and policy Core explanatory frameworks and competing arguments Insightful coverage of major policy areas as they have played out in the states.

**planned parenthood voting guide: The Rights of Women** Erika Bachiochi, 2021-07-15 Erika Bachiochi offers an original look at the development of feminism in the United States, advancing a vision of rights that rests upon our responsibilities to others. In *The Rights of Women*, Erika Bachiochi explores the development of feminist thought in the United States. Inspired by the writings of Mary Wollstonecraft, Bachiochi presents the intellectual history of a lost vision of women's rights, seamlessly weaving philosophical insight, biographical portraits, and constitutional law to showcase the once predominant view that our rights properly rest upon our concrete responsibilities to God, self, family, and community. Bachiochi proposes a philosophical and legal framework for rights that builds on the communitarian tradition of feminist thought as seen in the work of Elizabeth Fox-Genovese and Jean Bethke Elshtain. Drawing on the insight of prominent figures such as Sarah Grimké, Frances Willard, Florence Kelley, Betty Friedan, Pauli Murray, Ruth Bader Ginsburg, and Mary Ann Glendon, this book is unique in its treatment of the moral roots of women's rights in America and its critique of the movement's current trajectory. *The Rights of Women* provides a synthesis of ancient wisdom and modern political insight that locates the family's vital work at the very center of personal and political self-government. Bachiochi demonstrates that when rights are properly understood as a civil and political apparatus born of the natural duties we owe to one another, they make more visible our personal responsibilities and more viable our common life together. This smart and sophisticated application of Wollstonecraft's thought will serve as a guide for how we might better value the culturally essential work of the home and thereby promote authentic personal and political freedom. *The Rights of Women* will interest students and scholars of political theory, gender and women's studies, constitutional law, and all readers interested in women's rights.

**planned parenthood voting guide: *Guide to Congress*** CQ Press,, 2012-08-10 The new edition of this comprehensive, two-volume reference has been thoroughly revised and expanded by expert CQ Press writers—with years of experience covering Congress—to offer a complete institutional history of Congress along with updated insight and analysis on the 2008 and 2010 shifts in power of the U.S. Senate and House of Representatives. The 35 chapters of *Guide to Congress*, Seventh Edition, are divided into eight subject areas that cover all aspects of the U.S. Congress: Origins and Development of Congress, from the constitutional beginnings of the legislative branch to the histories of the House and Senate and their power shifts, eras of partisanship and unity, influential leaders, and working relationships with presidents. New coverage includes analysis of the tug-of-war

between House Democrats and the George W. Bush administration on Iraq war withdrawal timetables, updates on criminal investigations of House members including William J. Jefferson of Louisiana and Charles Rangel of New York, and analysis of the Tea Party Movement and new Republican majority. Powers of Congress, including powers to tax, spend, and borrow; to conduct foreign policy and investigations; to confirm and impeach; to regulate commerce; to amend the Constitution; and to select the president. Updated material includes analysis of the George W. Bush administration's use of immunity from questioning by congressional committees, analysis of the signing of the new START treaty with Russia—marking a cornerstone of U.S. relations with the country, coverage of the War on Terror—including the killing of bin Laden in a U.S. raid in Pakistan, and perspective on the negotiations to raise the federal debt ceiling in 2011. Congressional Procedures, detailing the party and leadership structures; rules and the legislative process; the committee system, assignment, and procedures; and congressional staff. Revised coverage profiles the methods, styles, and legislative successes and defeats of House Speakers Pelosi and Boehner and Senate majority leader Reid. The Guide also analyzes the new hyperpartisanship emerging in Congress and provides updates on congressional travel reforms and aide statistics and trends. Pressures on Congress, including influence from constituents, political parties, the president, the Supreme Court, lobbyists, and the media. New material explores the use of social media to communicate with constituents, examines the role of the new Consumer Financial Protection Bureau, and analyzes the Obama administration's relationship with Congress. Housing and Support, covering the U.S. Capitol, House and Senate office buildings, the Library of Congress, and organizations such as the Government Accountability Office and the Congressional Research Service. Updates are provided on new initiatives by the Library of Congress and reforms to the General Accounting Office. Pay and Perquisites, including honoraria and allowances, franking and travel privileges, and other benefits. Updates include revised figures for congressional pay and benefits and analysis of efforts to control privately sponsored foreign travel. Congress and the Electorate, covering the right to vote, the demographic composition of congress, the role of parties in elections, campaign financing, and redistricting. New information discusses elections statistics in recent elections, the impact of third parties, Tea Party gains, and the creation of super PACs and 527 groups. Qualifications and conduct, detailing congressional ethics investigations and procedures for disciplining members. Updated coverage reviews ethics investigations, including the creation of the Office of Congressional Ethics. Specific investigations and outcomes are discussed, including the censure of Charles Rangel and disapproval of Joe Wilson's outburst during a speech by President Obama. Volume 2 concludes with a selected bibliography and key reference materials: a list of all members of congress who have served since 1789; congressional election results; floor leaders and committee chairs; dates for sessions of congress; women, black, Asian, and Hispanic members; and many more. Boxed features, tables, and figures and a generous number of photos enhance the topical coverage of this definitive resource on Congress.
