

Ron DeSantis History

Ron DeSantis History: A Deep Dive into the Florida Governor's Life and Career

Introduction:

Ron DeSantis. The name evokes strong reactions, from fervent admiration to staunch opposition. He's a prominent figure in American politics, currently serving as the 46th Governor of Florida. But understanding the present requires exploring the past. This comprehensive exploration delves into Ron DeSantis' history, examining his upbringing, education, military service, legal career, and rise through the ranks of Republican politics. We'll analyze key moments and decisions that shaped his ideology and political trajectory, providing a nuanced perspective beyond the headlines.

Early Life and Education (Ron DeSantis History)

Ron DeSantis was born in Jacksonville, Florida, on September 14, 1978. His upbringing wasn't marked by extraordinary wealth or privilege; he came from a middle-class family. His father, Ronald, was a Timex executive, and his mother, Karen, was a nurse. This background often informs narratives about his relatability to working-class families, although this connection is debated depending on political viewpoints. DeSantis attended Yale University, where he earned a degree in history, showcasing an early interest in the broader historical context of political events. He later pursued a law degree from Harvard Law School, a prestigious institution that speaks to his intellectual abilities and ambition. These formative years laid the groundwork for his future career path, hinting at a drive for achievement and a commitment to rigorous intellectual pursuits.

Military Service and Legal Career

After graduating from Harvard Law, DeSantis embarked on a notable chapter in his life: service in the United States Navy. He joined the Judge Advocate General's Corps, serving as a lawyer in the Navy JAG Corps. His time in the military, including a deployment to Iraq, provided him with firsthand experience of global affairs and a disciplined approach to problem-solving – aspects often highlighted in his political persona. Following his military service, he worked as a lawyer, gaining experience in both the private and public sectors. This legal background is frequently cited as providing him with a strong analytical foundation for his policy decisions.

Rise in Politics: From Congressman to Governor

DeSantis' entry into politics wasn't a sudden leap. He began his political career by running for and winning a seat in the U.S. House of Representatives. His tenure in Congress, though relatively short, established him as a staunch conservative voice within the Republican Party. He gained national attention through his support of conservative causes and his increasingly outspoken criticism of the Obama administration. His consistent alignment with conservative principles proved to be a pivotal factor in his subsequent gubernatorial campaign.

The Gubernatorial Race and Beyond (Ron DeSantis History)

The 2018 Florida gubernatorial race catapulted DeSantis into the national spotlight. Endorsed by then-President Donald Trump, DeSantis secured the Republican nomination and successfully campaigned on a platform of conservative principles, emphasizing issues like tax cuts, deregulation, and strict immigration policies. His victory marked a significant shift in Florida politics, establishing him as a powerful figure within the Republican Party. His current term as Governor has seen him continue to push for conservative policies, often drawing both praise and criticism depending on the perspective. His handling of the COVID-19 pandemic and his approach to education and voting rights have become particularly contentious issues.

Key Policy Positions and Legislative Achievements

DeSantis' political platform is characterized by a strong conservative stance. Key aspects of his policy positions include: economic conservatism focused on tax cuts and deregulation, a tough-on-crime approach emphasizing law and order, and a socially conservative approach reflecting his opposition to abortion rights. These policies have yielded both considerable support and significant backlash, making him a polarizing figure in the national political landscape. His legislative achievements reflect these positions, often resulting in significant changes to Florida's laws and regulations. His supporters frequently point to his successes in job creation and economic growth as evidence of his effective governance. However, critics emphasize the negative impacts of his policies

on minority communities and environmental protection.

Conclusion:

Understanding Ron DeSantis' history requires acknowledging the complexity of his career path. From his middle-class upbringing to his time in the military, his legal career, and his rise through the ranks of the Republican Party, his journey offers insights into his political ideology and decision-making processes. He remains a highly influential figure in American politics, and his actions continue to shape discussions on key national issues. His legacy is undoubtedly still being written, and the coming years will offer further opportunities to examine his impact on the nation.

FAQs:

1. What is Ron DeSantis' stance on abortion? Ron DeSantis is strongly anti-abortion, and has signed several bills into law restricting abortion access in Florida.
2. What is Ron DeSantis' military experience? He served as a Judge Advocate General (JAG) officer in the US Navy, including a deployment to Iraq.
3. What is Ron DeSantis' relationship with Donald Trump? DeSantis received Trump's endorsement during his gubernatorial campaign and is considered to be within the broader Trump political sphere. However, there have also been reported tensions between the two men.
4. How has Ron DeSantis handled the COVID-19 pandemic? DeSantis' handling of the COVID-19 pandemic was highly controversial, with his administration prioritizing individual freedoms over strict public health measures.
5. What are the major criticisms leveled against Ron DeSantis' governorship? Critics often cite his policies regarding education, voting rights, and environmental regulations as overly restrictive or discriminatory.

ron desantis history: *Dreams from Our Founding Fathers* Ron DeSantis, 2011

ron desantis history: Standing His Ground Richard Corcoran, 2023-10-31 Contrary to what the mainstream media has claimed, Florida under Ron DeSantis has become the home for freedom and individual liberty. At the onset of the pandemic, political leaders throughout the country were forced to quickly make significant decisions about how they would govern under extraordinary circumstances. A number of these decisions simply required instinct—they just had to come from the gut. There was little, if any, precedent to examine, and hardly any time for the usual gambits to test potential solutions. One person became a household name and a national hero for having made what proved to be the best decisions over and over: Ron DeSantis, the 46th governor of Florida. However, not surprisingly, his success also begot wrath. A patriot to millions of everyday Americans is often a “tyrant” to progressive elites. Other than perhaps former President Donald Trump, DeSantis was

and remains the most vilified elected official in media, politics, entertainment, academia, and now the corporate world. Conservatives know full well this means he hit the bullseye. Now that more than two years have passed, the American people are able to clearly see whose decisions struck the proper balance between liberty and safety. There's no denying that DeSantis's influence soared as the world watched him successfully steer his state step by step through one of the greatest periods of turmoil and uncertainty in modern history. While many other states floundered, Florida didn't just survive—it flourished.

ron desantis history: The Modern Republican Party in Florida Peter Dunbar, Mike Haridopolos, 2019-11-05 Despite Florida's current reputation as a swing state, there was a time when its Republicans were the underdogs against a Democratic powerhouse. This book tells the story of how the Republican Party of Florida became the influential force it is today. Republicans briefly came to power in Florida after the Civil War but were called carpetbaggers and scalawags by residents who resented pro-Union leadership. They were so unpopular that they didn't earn official party status in the state until 1928. Peter Dunbar and Mike Haridopolos show how, due largely to a population boom in the state and a schism in the Democratic Party, Republicans slowly started to see their ranks swell. This book chronicles the paths that led to a Republican majority in both the state Senate and House in the second half of the twentieth century and highlights successful campaigns of Florida Republicans for national positions. It explores the platforms and impact of Republican governors from Claude Kirk to Ron DeSantis. It also looks at how a robust two-party system opened up political opportunities for women and minorities and how Republicans affected pressing issues such as public education, environmental preservation, and criminal justice. As the Sunshine State enters its third decade under GOP control and partisan tensions continue to mount across the country, this book provides a timely history of the modern political era in Florida and a careful analysis of challenges the Republican Party faces in a state situated at the epicenter of the nation's politics.

ron desantis history: Ben and Emma's Big Hit Gavin Newsom, Ruby Shamir, 2021-12-07 From California Governor Gavin Newsom comes an empowering picture book about a young boy with dyslexia who discovers a new way to look at reading. Ben loves baseball. He loves the lines of diamond-shaped field and the dome of the pitcher's mound. What Ben doesn't like is reading. Ben has dyslexia, which means letters and sounds get jumbled up in his brain, and then the words don't make sense. But when Ben starts looking at reading like he looks at baseball, he realizes that if he keeps trying, he can overcome any obstacle that comes his way. In this empowering story by California Governor Gavin Newsom, inspired by his own childhood diagnosis of dyslexia, readers will learn that kids with the determination to try (and try again) can do big things. *This book is set in a font specifically designed to be easier for people with dyslexia to read.

ron desantis history: Trumpocalypse David Frum, 2020-05-26 I don't take responsibility at all. Those words of Donald Trump at a March 13, 2020, press conference are likely to be history's epitaph on his presidency. A huge swath of Americans has put their faith in Trump, and Trump only, because they see the rest of the country building a future that doesn't have a place for them. If they would risk their lives for Trump in a pandemic, they will certainly risk the stability of American democracy. They brought the Trumpocalypse upon the country, and a post-Trumpocalypse country will have to find a way either to reconcile them to democracy - or to protect democracy from them. In Trumpocalypse, David Frum looks at what happens when a third of the electorate refuses to abandon Donald Trump, no matter what he does. Those voters aren't looking for policy wins. They're seeking cultural revenge. It is not enough to defeat Donald Trump on election day 2020. Even if Trump peacefully departs office, the trauma he inflicted will distort American and world politics for years to come. Americans must start from where they are, build from what they have, to repair the damage Trump inflicted on the country, to amend the wrongs that, under Trump, they inflicted upon each other. Americans can do better. David Frum shows how—and inspires all readers of all points of view to believe again in the possibilities of American life. Trumpocalypse is both a warning of danger and a guide to reform that will be read and discussed for years to come.

ron desantis history: The Borowitz Report Andy Borowitz, 2010-05-11 Prepare to be shocked. From the man The Wall Street Journal hailed as a Swifteen satirist comes the most shocking book ever written! The Borowitz Report: The Big Book of Shockers, by award-winning fake journalist Andy Borowitz, contains page after page of news stories too hot, too controversial, too -- yes, shocking -- for the mainstream press to handle. Sample the groundbreaking reporting from the news organization whose motto is Give us thirty minutes -- we'll waste it.

ron desantis history: Ossian Bingley Hart, Florida's Loyalist Reconstruction Governor Canter Brown, Jr., 1997-07 In this exceptional biography, Canter Brown, Jr., removes Ossian Bingley Hart (1821-1874)—a Unionist, the principal founder of the Republican Party in Florida, and a Reconstruction-era governor of the state—from the shadows of history. Through an examination of Hart's life and career, Brown offers new insight into the political problems of the day—the role of Unionism in Deep South politics in particular—and enriches our understanding of the complexities of Reconstruction. Brown traces Hart's life from his privileged childhood in the newly founded port town of Jacksonville through his service as a volunteer soldier in the Second Seminole War, his education in South Carolina, and the dawn of his legal and political career on Florida's Atlantic frontier to his election as governor in 1872 and his premature death sixteen months later. Brown's multifaceted biography offers a rare glimpse at the persistence of Loyalism in the post-Civil War South and clearly illustrates the pivotal role played by both Loyalists and African Americans in southern politics of that era and how these two groups merged to resist carpetbag rule.

ron desantis history: Troll Nation Amanda Marcotte, 2018-04-24 "Amanda Marcotte drains the swamp and reveals a Republican Party hijacked by grifters and frauds." ?David Daley The election of Donald Trump in 2016, like most of his campaign, came as a shock to many Americans. How could a man so lacking in capacity, so void of any intellectual heft, become the president of the United States? How did Trump, a man with no detectable personal qualities outside of resentment and the will to dominate, appeal to millions of Americans and win the highest office in the land? The American right has spent decades turning away from reasoned discourse toward a rhetoric of pure resentment—it's this shift that laid the groundwork for Trump's ascendancy. In Troll Nation, journalist Amanda Marcotte outlines how Trump was the inevitable result of American conservatism's degradation into an ideology of blind resentment. For years now, the purpose of right wing media, particularly Fox News, has not been to argue for traditional conservative ideals, such as small government or even family values, so much as to stoke bitterness and paranoia in its audience. Traditionalist white people have lost control over the culture, and they know it, and the only option they feel they have left is to rage at a broad swath of supposed enemies ? journalists, activists, feminists, city dwellers, college professors ? that they blame for stealing "their" country from them. Conservative pundits, politicians, and activists have abandoned any hope of winning the argument through reasoned discourse, and instead have adopted a series of bad faith claims, conspiracy theories, and culture war hysterics. Decades of these antics created a conservative voting base that was ready to elect a mindless bully like Donald Trump.

ron desantis history: How to Win in Politics Fuller Warren, Allen Covington Morris, 2011-10-01

ron desantis history: A Story Lately Told Anjelica Huston, 2013-11-19 Anjelica Huston's "gorgeously written" (O, The Oprah Magazine) memoir is "an elegant, funny, and frequently haunting reminiscence of the first two decades of her life...A classic" (Vanity Fair). In her first, dazzling memoir, Anjelica Huston shares the story of her deeply unconventional early life—her enchanted childhood in Ireland, living with her glamorous and artistic mother, educated by tutors and nuns, intrepid on a horse. Huston was raised on an Irish estate to which—between movies—her father, director John Huston, brought his array of extraordinary friends, from Carson McCullers and John Steinbeck to Peter O'Toole and Marlon Brando. In London, where she lived with her mother and brother in the early sixties when her parents separated, Huston encountered the Rolling Stones and Fleetwood Mac. She understudied Marianne Faithfull in Hamlet. Seventeen, striking, precocious, but still young and vulnerable, she was devastated when her mother died in a car crash.

Months later she moved to New York, fell in love with the much older, brilliant but disturbed photographer, Bob Richardson, and became a model. Living in the Chelsea Hotel, working with Richard Avedon and other photographers, she navigated a volatile relationship and the dynamic cultural epicenter of New York in the seventies. *A Story Lately Told* is an “evocative” (The New York Times), “magically beautiful” (The Boston Globe) memoir. Huston’s second memoir, *Watch Me*, will be published in November 2014.

ron desantis history: *A History of Florida* Marvin Dunn, 2016-05-24 I know Florida. I was born in Florida during the reign of Jim Crow and have lived to see black astronauts blasted into the heavens from Cape Canaveral. For three quarters of a century I have lived mostly in Florida. I have seen her flowers and her warts. This book is about both. People of African descent have been in Florida from the arrival of Ponce de Leon in 1513, yet our presence in the state is virtually hidden. A casual glance at most Florida history books depict African Americans primarily as laborers who are shown as backdrops to white history. The history of blacks in Florida has been deliberately distorted, omitted and marginalized. We have been denied our heroes and heroines. Our stories have mainly been left untold. This book lifts the veil from some of these stories and places African Americans in the very marrow of Florida history.

ron desantis history: *Unintimidated* Scott Kevin Walker, Marc A. Thiessen, 2014-08-26 The controversial governor recounts his fight to reform his state and issues a call to action for the whole country In 2010, Scott Walker was elected governor of Wisconsin with a mandate to improve its economy and restore fiscal responsibility. With the state facing a \$3.6 billion budget deficit, he proposed a series of reforms to limit the collective bargaining power of public employee unions, which was costing taxpayers billions in pension and health care costs. . In June 2012, he won a special recall election with a higher share of the vote than he had for his original election, becoming the first governor in the country to survive a recall election. In this book, Governor Walker shows how his commitment to limited but effective government paid off. During his tenure Wisconsin has saved more than \$1 billion, property taxes have gone down for the first time in twelve years, and the deficit was turned into a surplus. He also shows what his experiences can teach defenders of liberty across the country about standing up to the special interests that favor the status quo.

ron desantis history: Futureface Alex Wagner, 2019-01-08 From the host of MSNBC’s Alex Wagner Tonight, “a rich and revealing memoir” (The New York Times) about her travels around the globe to solve the mystery of her ancestry, confronting the question at the heart of the American experience of immigration, race, and identity: Who are my people? “A thoughtful, beautiful meditation on what makes us who we are . . . and the values and ideals that bind us together as Americans.”—Barack Obama The daughter of a Burmese mother and a white American father, Alex Wagner grew up thinking of herself as a “futureface”—an avatar of a mixed-race future when all races would merge into a brown singularity. But when one family mystery leads to another, Wagner’s post-racial ideals fray as she becomes obsessed with the specifics of her own family’s racial and ethnic history. Drawn into the wild world of ancestry, she embarks upon a quest around the world—and into her own DNA—to answer the ultimate questions of who she really is and where she belongs. The journey takes her from Burma to Luxembourg, from ruined colonial capitals with records written on banana leaves to Mormon databases, genetic labs, and the rest of the twenty-first-century genealogy complex. But soon she begins to grapple with a deeper question: Does it matter? Is our enduring obsession with blood and land, race and identity, worth all the trouble it’s caused us? Wagner weaves together fascinating history, genetic science, and sociology but is really after deeper stuff than her own ancestry: in a time of conflict over who we are as a country, she tries to find the story where we all belong. Praise for *Futureface* “Smart, searching . . . Meditating on our ancestors, as Wagner’s own story shows, can suggest better ways of being ourselves.”—Maud Newton, The New York Times Book Review “Sincere and instructive . . . This timely reflection on American identity, with a bonus exposé of DNA ancestry testing, deserves a wide audience.”—Library Journal “The narrative is part Mary Roach-style participation-heavy research, part family history, and part exploration of existential loneliness. . . . The journey is worth

taking.”—Kirkus Reviews “[A] ruminative exploration of ethnicity and identity . . . Wagner’s odyssey is an effective riposte to anti-immigrant politics.”—Publishers Weekly

ron desantis history: Trump: The Art of the Deal Donald J. Trump, Tony Schwartz, 2009-12-23 President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America’s foremost deal-maker. “I like thinking big. I always have. To me it’s very simple: If you’re going to be thinking anyway, you might as well think big.”—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker’s art. And throughout, Trump talks—really talks—about how he does it. *Trump: The Art of the Deal* is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for *Trump: The Art of the Deal* “Trump makes one believe for a moment in the American dream again.”—The New York Times “Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet.”—Chicago Tribune “Fascinating . . . wholly absorbing . . . conveys Trump’s larger-than-life demeanor so vibrantly that the reader’s attention is instantly and fully claimed.”—Boston Herald “A chatty, generous, chutzpa-filled autobiography.”—New York Post

ron desantis history: Black AF History Michael Harriot, 2025-09-15 AMAZON'S TOP 20 HISTORY BOOKS OF 2023 * B&N BEST OF EDUCATIONAL HISTORY * THE ROOT'S BEST BOOKS OF 2023 * CHICAGO PUBLIC LIBRARY FAVORITE BOOKS OF 2023 From acclaimed columnist and political commentator Michael Harriot, a searingly smart and biting hilariously retelling of American history that corrects the record and showcases the perspectives and experiences of Black Americans. America's backstory is a whitewashed mythology implanted in our collective memory. It is the story of the pilgrims on the Mayflower building a new nation. It is George Washington's cherry tree and Abraham Lincoln's log cabin. It is the fantastic tale of slaves that spontaneously teleported themselves here with nothing but strong backs and negro spirituals. It is a sugarcoated legend based on an almost true story. It should come as no surprise that the dominant narrative of American history is blighted with errors and oversights—after all, history books were written by white men with their perspectives at the forefront. It could even be said that the devaluation and erasure of the Black experience is as American as apple pie. In *Black AF History*, Michael Harriot presents a more accurate version of American history. Combining unapologetically provocative storytelling with meticulous research based on primary sources as well as the work of pioneering Black historians, scholars, and journalists, Harriot removes the white sugarcoating from the American story, placing Black people squarely at the center. With incisive wit, Harriot speaks hilarious truth to oppressive power, subverting conventional historical narratives with little-known stories about the experiences of Black Americans. From the African Americans who arrived before 1619 to the unenslavable bandit who inspired America's first police force, this long overdue corrective provides a revealing look into our past that is as urgent as it is necessary. For too long, we have refused to acknowledge that American history is white history. Not this one. This history is Black AF.

ron desantis history: The Courage to Be Free Ron DeSantis, 2023-02-28 No American leader has accomplished more for his state than Governor Ron DeSantis. Now, he reveals how he did it. He played baseball for Yale, graduated with honors from Harvard Law School, and served in Iraq and in the halls of Congress. But in all these places, Ron DeSantis learned the same lesson: He didn't want to be part of the leftist elite. His heart was always for the people of Florida, one of the most diverse and culturally rich states in the union. Since becoming governor of the sunshine state, he has fought --and won--battle after battle, defeating not just opposition from the political left, but a barrage of hostile media coverage proclaiming the end of the world. When he implemented evidence-based and freedom-focused COVID-19 policies, the press launched a smear campaign against him, yet Florida's economy thrived, its education system outperformed the nation, and its COVID mortality rate for

seniors was lower than that in 38 states. When he enacted policies to keep leftist political concepts like critical race theory and woke gender ideology out of Florida's classrooms, the media demagogued his actions, but parents across Florida rallied to his cause. Dishonest attacks from the media don't deter him. In fact, DeSantis keeps racking up wins for Floridians. A firsthand account from the blue-collar boy who grew up to take on Disney and Dr. Fauci, *The Courage to Be Free* delivers something no other politician's memoir has before: stories of victory. This book is a winning blueprint for patriots across the country. And it is a rallying cry for every American who wishes to preserve our liberties.

ron desantis history: *Ron DeSantis* Flore Kayl, Laure Pallez, 2024-04-02 This biography delves into the life of Ron DeSantis, the governor of Florida, known for his bold stance against Donald Trump and his influential role among Republican governors. Written in a non-partisan voice, the authors meticulously trace the journey of this young and provocative leader, exploring his political agenda aimed at shaping a more conservative and anti-woke America. Through thorough research and interviews with experts in Washington, DC, they uncover the rise to power of this new figure in the Republican Party and analyze his vision for the nation. Beyond merely chronicling DeSantis's life, the book offers insights into the American federal system, providing readers with a deeper understanding of the current political landscape in the United States. With an eye toward the future, the authors paint a portrait of DeSantis as a prominent political figure destined to leave a lasting impact on American politics.

ron desantis history: *A Plague Upon Our House* Scott W. Atlas, 2021-11-23 As seen on Tucker Carlson, The Ingraham Angle, The Megyn Kelly Show, The Clay Travis & Buck Sexton Show, The Next Revolution with Steve Hilton and more! What really happened behind the scenes at the Trump White House during the COVID pandemic? When Dr. Scott W. Atlas was tapped by Donald Trump to join his COVID Task Force, he was immediately thrust into a maelstrom of scientific disputes, policy debates, raging egos, politically motivated lies, and cynical media manipulation. Numerous myths and distortions surround the Trump Administration's handling of the crisis, and many pressing questions remain unanswered. Did the Trump team really bungle the response to the pandemic? Were the right decisions made about travel restrictions, lockdowns, and mask mandates? Are Drs. Anthony Fauci and Deborah Birx competent medical experts or timeserving bureaucrats? Did half a million people really die unnecessarily because of Trump's incompetence? So far no trusted figure has emerged who can tell the story straight—until now. In this unfiltered insider account, Dr. Scott Atlas brings us directly into the White House, describes the key players in the crisis, and assigns credit and blame where it is deserved. The book includes shocking evaluations of the Task Force members' limited knowledge and grasp of the science of COVID and details heated discussions with Task Force members, including all of the most controversial episodes that dominated headlines for weeks. Dr. Atlas tells the truth about the science and documents the media's relentless campaign to suffocate it, which included canceled interviews, journalists' off-camera hostility in White House briefings, and intentional distortion of facts. He also provides an inside account of the delays and timelines involving vaccines and other treatments, evaluates the impact of the lockdowns on American public health, and indicts the relentless war on truth waged by Big Business and Big Tech. No other book contains these revelations. Millions of people who trust Dr. Atlas will want to read this dramatic account of what really went on behind the scenes in the White House during the greatest public health crisis of the 21st century.

ron desantis history: *Everything Trump Touches Dies* Rick Wilson, 2018-08-07 From Rick Wilson—longtime Republican strategist, political commentator, Daily Beast contributor—the #1 New York Times bestseller about the disease that is destroying the conservative movement and burning down the GOP: Trumpism. Includes an all-new chapter analyzing Trump's impact on the 2018 elections. In the #1 New York Times bestselling *Everything Trump Touches Dies*, political campaign strategist and commentator Rick Wilson delivers “a searingly honest, bitingly funny, comprehensive answer to the question we find ourselves asking most mornings: ‘What the hell is going on?’” (Chicago Tribune). The Guardian hails *Everything Trump Touches Dies*, saying it gives, “more

unvarnished truths about Donald Trump than anyone else in the American political establishment has offered. Wilson never holds back." Rick mercilessly exposes the damage Trump has done to the country, to the Republican Party, and to the conservative movement that has abandoned its principles for the worst President in American history. Wilson unblinkingly dismantles Trump's deceptions and the illusions to which his supporters cling, shedding light on the guilty parties who empower and enable Trump in Washington and in the media. He calls out the race-war dead-enders who hitched a ride with Trump, the alt-right basement dwellers who worship him, and the social conservatives who looked the other way. Publishers Weekly calls it, "a scathing, profane, unflinching, and laugh-out-loud funny rebuke of Donald Trump and his presidency." No left-winger, Wilson is a lifelong conservative who delivers his withering critique of Trump from the right. A leader of the Never Trump movement, he warned from the start that Trump would destroy the lives and reputations of everyone in his orbit, and *Everything Trump Touches Dies* is a deft chronicle the tragicomic political story of our time. From the early campaign days through the shock of election night, to the inconceivable train-wreck of Trump's first year. Rick Wilson provides not only an insightful analysis of the Trump administration, but also an optimistic path forward for the GOP, the conservative movement, and the country. "Hilarious, smartly written, and usually spot-on" (Kirkus Reviews), *Everything Trump Touches Dies* is perfect for those on either side of the aisle who need a dose of unvarnished reality, a good laugh, a strong cocktail, and a return to sanity in American politics.

ron desantis history: Strongmen: Mussolini to the Present Ruth Ben-Ghiat, 2020-11-10
What modern authoritarian leaders have in common (and how they can be stopped). Ruth Ben-Ghiat is the expert on the strongman playbook employed by authoritarian demagogues from Mussolini to Putin—enabling her to predict with uncanny accuracy the recent experience in America and Europe. In *Strongmen*, she lays bare the blueprint these leaders have followed over the past 100 years, and empowers us to recognize, resist, and prevent their disastrous rule in the future. For ours is the age of authoritarian rulers: self-proclaimed saviors of the nation who evade accountability while robbing their people of truth, treasure, and the protections of democracy. They promise law and order, then legitimize lawbreaking by financial, sexual, and other predators. They use masculinity as a symbol of strength and a political weapon. Taking what you want, and getting away with it, becomes proof of male authority. They use propaganda, corruption, and violence to stay in power. Vladimir Putin and Mobutu Sese Seko's kleptocracies, Augusto Pinochet's torture sites, Benito Mussolini and Muammar Gaddafi's systems of sexual exploitation, and Silvio Berlusconi and Donald Trump's relentless misinformation: all show how authoritarian rule, far from ensuring stability, is marked by destructive chaos. No other type of leader is so transparent about prioritizing self-interest over the public good. As one country after another has discovered, the strongman is at his worst when true guidance is most needed by his country. Recounting the acts of solidarity and dignity that have undone strongmen over the past 100 years, Ben-Ghiat makes vividly clear that only by seeing the strongman for what he is—and by valuing one another as he is unable to do—can we stop him, now and in the future.

ron desantis history: One Vote Away Ted Cruz, 2020-09-29 ** WALL STREET JOURNAL BESTSELLER **USA TODAY BESTSELLER ** PUBLISHER'S WEEKLY BESTSELLER ** NEW YORK TIMES BESTSELLER ** With a simple majority on the Supreme Court, the left would have the power to curtail or even abolish the freedoms that have made America a beacon to the world. We are one vote away from losing our most precious constitutional rights. As a Supreme Court clerk, solicitor general of Texas, and private litigator, Ted Cruz played a key role in some of the most important legal cases of the past two decades. In *One Vote Away*, you will discover how often the high court decisions that affect your life have been decided by the narrowest of margins. One vote preserves your right to speak freely, to bear arms, and to exercise your faith. One vote will determine whether your children enjoy their full inheritance as American citizens. God may endow us with certain unalienable rights, but whether we enjoy them depends on nine judges—the high priests who have the last say in our system of government. Drawing back the curtain of their temple, Senator Cruz

reveals the struggles, arguments, and strife that have shaped the fate of those rights. No one who reads *One Vote Away* can ever again take a single seat on the Supreme Court for granted.

ron desantis history: Woke, Inc. Vivek Ramaswamy, 2021-08-17 AN INSTANT NEW YORK TIMES BESTSELLER! A young entrepreneur makes the case that politics has no place in business, and sets out a new vision for the future of American capitalism. There's a new invisible force at work in our economic and cultural lives. It affects every advertisement we see and every product we buy, from our morning coffee to a new pair of shoes. "Stakeholder capitalism" makes rosy promises of a better, more diverse, environmentally-friendly world, but in reality this ideology championed by America's business and political leaders robs us of our money, our voice, and our identity. Vivek Ramaswamy is a traitor to his class. He's founded multibillion-dollar enterprises, led a biotech company as CEO, he became a hedge fund partner in his 20s, trained as a scientist at Harvard and a lawyer at Yale, and grew up the child of immigrants in a small town in Ohio. Now he takes us behind the scenes into corporate boardrooms and five-star conferences, into Ivy League classrooms and secretive nonprofits, to reveal the defining scam of our century. The modern woke-industrial complex divides us as a people. By mixing morality with consumerism, America's elites prey on our innermost insecurities about who we really are. They sell us cheap social causes and skin-deep identities to satisfy our hunger for a cause and our search for meaning, at a moment when we as Americans lack both. This book not only rips back the curtain on the new corporatist agenda, it offers a better way forward. America's elites may want to sort us into demographic boxes, but we don't have to stay there. *Woke, Inc.* begins as a critique of stakeholder capitalism and ends with an exploration of what it means to be an American in 2021—a journey that begins with cynicism and ends with hope.

ron desantis history: The Substance of Hope William Jelani Cobb, 2010-06-02 For acclaimed historian William Jelani Cobb, the historic election of Barack Obama to the presidency is not the most remarkable development of the 2008 election; even more so is the fact that Obama won some 90 percent of the black vote in the primaries across America despite the fact that the established black leadership since the civil rights era—men like Jesse Jackson, John Lewis, Andrew Young, who paved the way for his candidacy—all openly supported Hillary Clinton. Clearly a sea change has occurred among black voters, ironically pushing the architects of the civil rights movement toward the periphery at the moment when their political dreams were most fully realized. How this has happened, and the powerful implications it holds for America's politics and social landscape, is the focus of *The Substance of Hope*, a deeply insightful, paradigm-shifting examination of a new generation of voters that has not been shaped by the raw memory of Jim Crow and has a different range of imperatives. Cobb sees Obama's ascendancy as a reality that has been taking shape in tiny increments for the past four decades, and examines thorny issues such as the paradox and contradictions embodied in race and patriotism, identity and citizenship; how the civil rights leadership became a political machine; why the term post-racial is as iniquitous as it is inaccurate; and whether our society has really changed with Obama's election. Elegantly written and powerfully argued, *The Substance of Hope* challenges conventional wisdom as it offers original insight into America's future.

ron desantis history: The Party's Over Charlie Crist, Ellis Henican, 2014-02-04 Charlie Crist,

the former Republican governor of Florida, spent years in the party's inner circle. In this no-holds-barred memoir, he shows why he switched sides and became a Democrat. After serving as a Republican governor—one who was on the short list for the vice presidency in 2008—Charlie Crist made headlines when he decided to run for the U.S. Senate as an Independent. He was on the front page again when he endorsed President Obama in 2012 and spoke at the Democratic National Convention—and yet again when he officially joined the Democratic Party later that year. In *The Party's Over*, he'll make even more news when he reveals: The inside story of his 2010 Senate primary campaign against Marco Rubio, where he learned exactly how vicious the Republican leadership can be. His journey from inner circle to persona non grata, thanks to his literal embrace of President Obama. His very frank opinions on Marco Rubio, Jeb Bush, Mitt Romney, Sarah Palin, and other top-tier Republicans. Why he believes that Democrats have the right vision for Florida and the nation. • What he's learned as a member of both parties and why he remains convinced that the two-party system can still work—with the right leadership. Rather than just rehashing his career, in this book Crist offers a focused indictment of the failings of the Republican Party, naming names and identifying where things went wrong. *The Party's Over* is as far from "politics as usual" as you can get.

ron desantis history: *Bare-Faced Messiah* Russell Miller, 2016-01-07 *Bare-Faced Messiah* tells the extraordinary story of L. Ron Hubbard, a penniless science-fiction writer who founded the Church of Scientology, became a millionaire prophet and convinced his adoring followers that he alone could save the world. According to his 'official' biography, Hubbard was an explorer, engineer, scientist, war hero and philosopher. But in the words of a Californian judge, he was schizophrenic, paranoid and a pathological liar. What is not in dispute is that Hubbard was one of the most bizarre characters of the twentieth century. *Bare-Faced Messiah* exposes the myths surrounding the fascinating and mysterious founder of the Church of Scientology - a man of hypnotic charm and limitless imagination - and provides the definitive account of how the notorious organisation was created.

ron desantis history: *Ron DeSantis* Desmond O Allen, 2024-01-22 *Ron DeSantis: Navigating Leadership in the Sunshine State* A compelling title for a compelling leader. Dive into the story of Ron DeSantis, a man who has captured the attention of the nation with his bold approach to governing the vibrant state of Florida. This book isn't just a biography; it's a nautical chart navigating the treacherous waters of leadership. Prepare to set sail with: Gripping accounts of DeSantis's political triumphs and challenges, from his rise to the governorship to his controversial stances on everything from immigration to the pandemic. Insights into the man behind the headlines, exploring his motivations, values, and the driving forces that shape his decisions. A balanced perspective, examining both the praise and criticism that have followed DeSantis throughout his career, allowing you to form your own informed opinion. A glimpse into the future of Florida and American politics, as DeSantis carves his own unique path and sets his sights on even bigger ambitions. This book is for: Anyone who wants to understand one of the most talked-about figures in American politics today. Floridians who want to delve deeper into the forces shaping their state's destiny. Political junkies who crave the inside scoop on the strategies and decisions that make or break a leader. Anyone who has ever pondered the complexities of leadership and the challenges of navigating uncharted waters. *Ron DeSantis: Navigating Leadership in the Sunshine State* is not just a biography; it's a thrilling political adventure, a thought-provoking exploration of leadership, and a front-row seat to the making of history. Are you ready to chart your own course through the story of Ron DeSantis? This description avoids making subjective claims about DeSantis's effectiveness or morality, instead focusing on the intrigue and intrigue of his story and the opportunity for readers to form their own opinions. It also emphasizes the book's appeal to a wide range of readers, not just those who already have strong feelings about DeSantis. I hope this is helpful! Please let me know if you have any other questions.

ron desantis history: *The Age of Charisma* Jeremy C. Young, 2017 This book demonstrates how the modern relationship between leaders and followers in America grew out of late-nineteenth and

early-twentieth century charismatic social movements.

ron desantis history: OK Boomer, Let's Talk Jill Filipovic, 2020-08-11 "Particularly relevant in an election year...This book is full of data—on the economy, technology, and more—that will help millennials articulate their generational rage and help boomers understand where they're coming from." —The Washington Post "Jill Filipovic cuts through the noise with characteristic clarity and nuance. Behind the meme is a thoughtfully reported book that greatly contributes to our understanding of generational change." —Irin Carmon, coauthor of the New York Times bestseller Notorious RBG Baby Boomers are the most prosperous generation in American history, but their kids are screwed. In this eye-opening book, journalist Jill Filipovic breaks down the massive problems facing Millennials including climate, money, housing, and healthcare. In *Ok Boomer, Let's Talk*, journalist (and Millennial) Jill Filipovic tells the definitive story of her generation. Talking to gig workers, economists, policy makers, and dozens of struggling Millennials drowning in debt on a planet quite literally in flames, Filipovic paints a shocking and nuanced portrait of a generation being left behind: -Millennials are the most educated generation in American history—and also the most broke. -Millennials hold just 3 percent of American wealth. When they were the same age, Boomers held 21 percent. -The average older Millennial has \$15,000 in student loan debt. The average Boomer at the same age? Just \$2,300 in today's dollars. -Millennials are paying almost 40 percent more for their first homes than Boomers did. -American families spend twice as much on healthcare now than they did when Boomers were young parents. Filipovic shows that Millennials are not the avocado-toast-eating snowflakes of Boomer outrage fantasies. But they are the first American generation that will do worse than their parents. "OK, Boomer" isn't just a sarcastic dismissal—it's a recognition that Millennials are in crisis, and that Boomer voters, bankers, and policy makers are responsible. Filipovic goes beyond the meme, upending dated assumptions with revelatory data and revealing portraits of young people delaying adulthood to pay down debt, obsessed with "wellness" because they can't afford real healthcare, and struggling to #hustle in the precarious gig economy. *Ok Boomer, Let's Talk* is at once an explainer and an extended olive branch that will finally allow these two generations to truly understand each other.

ron desantis history: The 1619 Project Nikole Hannah-Jones, The New York Times Magazine, 2024-06-04 #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD WINNER • A dramatic expansion of a groundbreaking work of journalism, *The 1619 Project: A New Origin Story* offers a profoundly revealing vision of the American past and present. "[A] groundbreaking compendium . . . bracing and urgent . . . This collection is an extraordinary update to an ongoing project of vital truth-telling."—Esquire NOW AN EMMY-NOMINATED HULU ORIGINAL DOCUSERIES • FINALIST FOR THE KIRKUS PRIZE • ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, NPR, Esquire, Marie Claire, Electric Lit, Ms. magazine, Kirkus Reviews, Booklist In late August 1619, a ship arrived in the British colony of Virginia bearing a cargo of twenty to thirty enslaved people from Africa. Their arrival led to the barbaric and unprecedented system of American chattel slavery that would last for the next 250 years. This is sometimes referred to as the country's original sin, but it is more than that: It is the source of so much that still defines the United States. The New York Times Magazine's award-winning 1619 Project issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This book substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show how the inheritance of 1619 reaches into every part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation's founding and construction—and the way that the legacy of slavery did not end with emancipation, but continues to shape contemporary American life. ron desantis history: The Hill to Die on Jake Sherman, Anna Palmer, 2019 With control of both the House and Senate up for grabs in 2018 and the direction of the nation resting on the outcome, never has a more savage, unrelenting fight been waged in the raptor cage that is the U.S. congress. From the torrid struggle between the conservative Freedom Caucus and Speaker Paul Ryan for control of the house, to the sexual assault accusations against Court nominee Brett Kavanaugh that threw the Senate into turmoil, to the pitched battles across America in primaries, the road to the midterm election has been paved with chaos and intrigue. And that's before one considers that it's all refracted through the kaleidoscopic lens of President Trump, who can turn any situation on its head with just a single tweet. With inside access that ushers readers deep into the inner workings and hidden secrets of party leadership, Politco Playbook writers Anna Palmer and Jake Sherman trace the strategy and the impulsiveness, the deal-making and the backstabbing, in a blow-by-blow account of the power struggle roiling the halls of Congress. *The Hill to Die On* will be an unforgettable story of power and politics, where the stakes are nothing less than the future of America under Trump.

ron desantis history: The Dangerous Case of Donald Trump Bandy X. Lee, 2019-03-19 As this bestseller predicted, Trump has only grown more erratic and dangerous as the pressures on him mount. This new edition includes new essays bringing the book up to date—because this is still not normal. Originally released in fall 2017, *The Dangerous Case of Donald Trump* was a runaway bestseller. Alarmed Americans and international onlookers wanted to know: What is wrong with him? That question still plagues us. The Trump administration has proven as chaotic and destructive as its opponents feared, and the man at the center of it all remains a cipher. Constrained by the APA's "Goldwater rule," which inhibits mental health professionals from diagnosing public figures they have not personally examined, many of those qualified to weigh in on the issue have shied away from discussing it at all. The public has thus been left to wonder whether he is mad, bad, or both. The prestigious mental health experts who have contributed to the revised and updated version of *The Dangerous Case of Donald Trump* argue that their moral and civic duty to warn supersedes professional neutrality. Whatever affects him, affects the nation: From the trauma people have experienced under the Trump administration to the cult-like characteristics of his followers, he has created unprecedented mental health consequences across our nation and beyond. With eight new essays (about one hundred pages of new material), this edition will cover the dangerous ramifications of Trump's unnatural state. It's not all in our heads. It's in his.

ron desantis history: The Fight for the Soul of the Democratic Party John Nichols, 2020-05-05 Fighting fascism at home and abroad begins with the consolidation of a progressive politics. Seventy-five years ago, Henry Wallace, then the sitting Vice President of the United States, mounted a campaign to warn about the persisting Danger of American Fascism. As fighting in the European and Japanese theaters drew to a close, Wallace warned that the country may win the war and lose the piece; that the fascist threat that the U.S. was battling abroad had a terrifying domestic variant, growing rapidly in power: wealthy corporatists and their allies in the media. Wallace warned that if the New Deal project was not renewed and expanded in the post-war era, American fascists would use fear mongering, xenophobia, and racism to regain the economic and political power that they lost. He championed an alternative, progressive vision of a post-war world—an alternative to triumphalist American Century vision then rising—in which the United States rejected colonialism

and imperialism. Wallace's political vision - as well as his standing in the Democratic Party - were quickly sidelined. In the decades to come, other progressive forces would mount similar campaigns: George McGovern and Jesse Jackson more prominently. As John Nichols chronicles in this book, they ultimately failed - a warning to would-be reformers today - but their successive efforts provide us with insights into the nature of the Democratic Party, and a strategic script for the likes of Bernie Sanders and Alexandria Ocasio-Cortez.

ron desantis history: The Viking Heart Arthur Herman, 2021 From a New York Times best-selling historian and Pulitzer Prize finalist, a sweeping epic of how the Vikings and their descendants have shaped history and America

ron desantis history: BLM Mike Gonzalez, 2021-09-07 The George Floyd riots that have precipitated great changes throughout American society were not spontaneous events. Americans did not suddenly rise up in righteous anger, take to the streets, and demand not just that police departments be defunded but that all the structures, institutions, and systems of the United States—all supposedly racist—be overhauled. The 12,000 or so demonstrations and 633 related riots that followed Floyd's death took organizational muscle. The movement's grip on institutions from the classroom to the ballpark required ideological commitment. That muscle and commitment were provided by the various Black Lives Matter organizations. This book examines who the BLM leaders are, delving into their backgrounds and exposing their agendas—something the media has so far refused to do. These people are shown to be avowed Marxists who say they want to dismantle our way of life. Along with their fellow activists, they make savvy use of social media to spread their message and organize marches, sit-ins, statue tumbings, and riots. In 2020 they seized upon the video showing George Floyd's suffering as a pretext to unleash a nationwide insurgency. Certainly, no person of good will could object to the proposition that "black lives matter" as much as any other human life. But Americans need to understand how their laudable moral concern is being exploited for purposes that a great many of them would not approve.

ron desantis history: Horsemen of the Trumpocalypse John Nichols, 2017-08-29 A line-up of the dirty dealers and defenders of the indefensible who are definitely not making America great again Donald Trump has assembled a rogue's gallery of alt-right hatemongers, crony capitalists, immigrant bashers, and climate-change deniers to run the American government. To survive the next four years, we the people need to know whose hands are on the levers of power. And we need to know how to challenge their abuses. John Nichols, veteran political correspondent at the Nation, has been covering many of these deplorables for decades. Sticking to the hard facts and unafraid to dig deep into the histories and ideologies of the people who make up Trump's inner circle, Nichols delivers a clear-eyed and complete guide to this wrecking-crew administration.

ron desantis history: Family History in Black and White Christine Sleeter, 2021-04-06 Situated within today's changing racial demographics, *Family History in Black and White: A Novel* traces two competitors - one white and one black - for the same position. Both are urban high school principals. Ultimately, both must reckon with a surprising twist in their histories.

ron desantis history: It Feels Good to Be Yourself Theresa Thorn, 2019-06-04 A picture book that introduces the concept of gender identity to the youngest reader from writer Theresa Thorn and illustrator Noah Grigni. Some people are boys. Some people are girls. Some people are both, neither, or somewhere in between. This sweet, straightforward exploration of gender identity will give children a fuller understanding of themselves and others. With child-friendly language and vibrant art, *It Feels Good to Be Yourself* provides young readers and parents alike with the vocabulary to discuss this important topic with sensitivity.

ron desantis history: Liberty Is Sweet Woody Holton, 2021-10-19 A "deeply researched and bracing retelling" (Annette Gordon-Reed, Pulitzer Prize-winning historian) of the American Revolution, showing how the Founders were influenced by overlooked Americans—women, Native Americans, African Americans, and religious dissenters. Using more than a thousand eyewitness records, *Liberty Is Sweet* is a "spirited account" (Gordon S. Wood, Pulitzer Prize-winning author of *The Radicalism of the American Revolution*) that explores countless connections between the

Patriots of 1776 and other Americans whose passion for freedom often brought them into conflict with the Founding Fathers. "It is all one story," prizewinning historian Woody Holton writes. Holton describes the origins and crucial battles of the Revolution from Lexington and Concord to the British surrender at Yorktown, always focusing on marginalized Americans—enslaved Africans and African Americans, Native Americans, women, and dissenters—and on overlooked factors such as weather, North America's unique geography, chance, misperception, attempts to manipulate public opinion, and (most of all) disease. Thousands of enslaved Americans exploited the chaos of war to obtain their own freedom, while others were given away as enlistment bounties to whites. Women provided material support for the troops, sewing clothes for soldiers and in some cases taking part in the fighting. Both sides courted native people and mimicked their tactics. *Liberty Is Sweet* is a "must-read book for understanding the founding of our nation" (Walter Isaacson, author of *Benjamin Franklin*), from its origins on the frontiers and in the Atlantic ports to the creation of the Constitution. Offering surprises at every turn—for example, Holton makes a convincing case that Britain never had a chance of winning the war—this majestic history revivifies a story we thought we already knew.

ron desantis history: Native Americans in Florida Kevin M. McCarthy, 1999 Traces the history and culture of various Native American tribes in Florida, addressing such topics as mounds and other archeological remains, languages, reservations, wars, and European encroachment.
