**st martins guide to writing 13th edition: Teaching Readers in Post-Truth America** Ellen C. Carillo, 2018-10-01 Teaching Readers in Post-Truth America shows how postsecondary teachers can engage with the phenomenon of "post-truth." Drawing on research from the fields of educational and cognitive psychology, human development, philosophy, and education, Ellen C. Carillo demonstrates that teaching critical reading is a strategic and targeted response to the current climate. Readers in this post-truth culture are under unprecedented pressure to interpret an overwhelming quantity of texts in many forms, including speeches, news articles, position papers, and social media posts. In response, Carillo describes pedagogical interventions designed to help students become more metacognitive about their own reading and, in turn, better equipped to respond to texts in a post-truth culture. Teaching Readers in Post-Truth America is an invaluable source of support for writing instructors striving to prepare their students to resist post-truth rhetoric and participate in an information-rich, divisive democratic society.

**st martins guide to writing 13th edition: *Revising Moves*** Christina LaVecchia, Allison Carr, Laura Micciche, Hannah Rule, Jayne Stone, 2024-04-22 Revision sometimes seems more metaphor than real, having been variously described as a stage, an act of goal setting, a method of correction, a process of discovery, a form of resistance. *Revising Moves* makes a significant contribution to writing theory by collecting stories of revision that honor revision's vitality and immerse readers in rooms, life circumstances, and scenes where revision comes to life. In these narrative-driven essays written by a wide range of writing professionals, *Revising Moves* describes revision as a messy, generative, and often collaborative act. These meditations reveal how revision is both a micro practice tracked by textual change and a macro phenomenon rooted in family life, institutional culture, identity commitments, and political and social upheaval. Contributors depict revision as a holistic undertaking and a radically contextualized, distributed practice that showcases its relationality to everything else. Authors share their revision processes when creating scholarly works, institutional and self-promoting documents, and creative projects. Through narrative the

volume opens a window to what is often unseen in a finished text: months or years of work, life events that disrupt or alter writing plans, multiple draft changes, questions about writerly identity and positionality, layers of (sometimes contradictory) feedback, and much more.
