

Timbuktu Ap World History

Timbuktu AP World History: A Crossroads of Learning and Trade

Timbuktu. The name conjures images of mystery, adventure, and a lost city of gold. But for students tackling AP World History, Timbuktu represents something far more significant: a pivotal crossroads of learning, trade, and cultural exchange in the medieval and early modern world. This comprehensive guide delves into Timbuktu's importance in the context of the AP World History curriculum, providing insights into its rise, flourishing, and eventual decline, highlighting its enduring legacy. We'll examine its role within the trans-Saharan trade, its intellectual vibrancy, and its significance within the broader context of African history and global interconnectedness.

The Rise of Timbuktu: A Gateway to the Sahara

Before Timbuktu became the legendary center of learning it's known as today, it was a small trading post on the Niger River. Its strategic location along vital trade routes connecting North Africa and sub-Saharan Africa proved crucial to its growth. The trans-Saharan trade, facilitated by camel caravans, brought salt, textiles, and manufactured goods south, while gold, ivory, and slaves flowed north. Timbuktu quickly became a vital hub, benefiting enormously from the lucrative exchange. This period (roughly from the 11th to the 16th centuries) witnessed its remarkable transformation into a major urban center.

The Role of the Mali Empire

The Mali Empire's conquest and subsequent rule (13th-15th centuries) played a pivotal role in Timbuktu's development. Under Mansa Musa, Mali's most famous ruler, Timbuktu flourished. Mansa Musa's pilgrimage to Mecca in 1324, showcasing the empire's immense wealth, further cemented Timbuktu's status on the world stage. His patronage of learning and the establishment of mosques and libraries significantly contributed to the city's intellectual growth.

Timbuktu: A Center of Islamic Scholarship and Learning

Beyond its economic significance, Timbuktu's intellectual prowess is what truly cemented its place in history. The city became a renowned center of Islamic learning, attracting scholars and students from across the African continent and beyond. The famous Sankore Madrasa, alongside other mosques and libraries, housed vast collections of manuscripts covering a wide range of subjects including law, theology, medicine, mathematics, and astronomy. These manuscripts, many of which survive today, offer invaluable insights into the intellectual life of the time.

Preserving Knowledge: The Timbuktu Manuscripts

The survival of thousands of ancient manuscripts from Timbuktu is a testament to the enduring value of the city's intellectual heritage. These manuscripts, written in Arabic and other languages, provide a wealth of information about the history, culture, and everyday life of the region. Their preservation and ongoing study continue to illuminate our understanding of this important historical period.

The Decline of Timbuktu: Political Shifts and Economic Changes

Timbuktu's prominence began to wane in the 16th century. Several factors contributed to its decline, including political instability, shifting trade routes, and the rise of other commercial centers. The decline of the Mali Empire, followed by the Songhai Empire's conquest and subsequent fall to Moroccan forces, disrupted the region's stability and impacted trade flows. The gradual shift of trans-Saharan trade routes further marginalized Timbuktu's economic importance.

Timbuktu's Enduring Legacy in AP World History

Despite its decline, Timbuktu's legacy remains profoundly significant in the context of AP World

History. Its story serves as a compelling case study of:

The interconnectedness of global trade: Timbuktu highlights the intricate network of exchange and interaction across vast distances.

The flourishing of Islamic culture in Africa: The city's intellectual achievements demonstrate the rich and diverse contributions of African societies to the global intellectual landscape.

The impact of political and economic changes: Timbuktu's rise and fall illustrate the dynamic nature of power and the influence of trade routes on urban development.

The importance of preserving cultural heritage: The ongoing efforts to preserve and study the Timbuktu manuscripts underscore the value of historical documentation and the importance of protecting cultural heritage.

Conclusion

Timbuktu's story transcends a simple account of a city's rise and fall. It is a testament to the power of trade, the importance of intellectual exchange, and the enduring legacy of cultural heritage. Understanding Timbuktu's significance within the broader context of AP World History is crucial for comprehending the complex interplay of factors that shaped global history. By exploring its rich history, we gain valuable insights into the interconnectedness of the world and the profound impact of cultural exchange on societies across time.

FAQs

1. What was the primary source of Timbuktu's wealth? Timbuktu's wealth primarily stemmed from its role as a major hub in the trans-Saharan trade network, facilitating the exchange of gold, salt, slaves, and other goods.
2. How did Mansa Musa impact Timbuktu? Mansa Musa's reign saw a significant flourishing of Timbuktu. His patronage of learning, construction of mosques and libraries, and his pilgrimage to Mecca, showcasing the empire's wealth, greatly elevated the city's status.
3. What happened to the Timbuktu manuscripts? Many of the Timbuktu manuscripts were preserved, despite periods of conflict and instability. Efforts to catalog, digitize, and study them are ongoing, providing invaluable historical insights.
4. What other cities were important in the trans-Saharan trade? Other important cities in the trans-Saharan trade included Sijilmasa, Gao, and Marrakech. Each city played a specific role within the trade network.
5. Why is studying Timbuktu relevant to AP World History? Studying Timbuktu is vital for AP World History because it exemplifies the interconnectedness of cultures, the impact of trade on urban development, and the importance of preserving historical artifacts and knowledge. It shows the exchange of ideas and goods across vast geographical distances, challenging Eurocentric narratives.

timbuktu ap world history: Empires of Medieval West Africa David C. Conrad, 2010

Explores empires of medieval west Africa.

timbuktu ap world history: The Book Smugglers of Timbuktu Charlie English, 2018-05-17

Two tales of a city: The historical race to reach one of the world's most mythologized places, and the story of how a contemporary band of archivists and librarians, fighting to save its ancient manuscripts from destruction at the hands of al Qaeda, added another layer to the legend. To Westerners, the name Timbuktu long conjured a tantalising paradise, an African El Dorado where even the slaves wore gold. Beginning in the late eighteenth century, a series of explorers gripped by the fever for discovery tried repeatedly to reach the fabled city. But one expedition after another went disastrously awry, succumbing to attack, the climate, and disease. Timbuktu was rich in another way too. A medieval centre of learning, it was home to tens of thousands of ancient manuscripts, on subjects ranging from religion to poetry, law to history, pharmacology, and astronomy. When al-Qaeda-linked jihadists surged across Mali in 2012, threatening the existence of these precious documents, a remarkable thing happened: a team of librarians and archivists joined forces to spirit the manuscripts into hiding. Relying on extensive research and firsthand reporting, Charlie English expertly twines these two suspenseful strands into a fascinating account of one of the planet's extraordinary places, and the myths from which it has become inseparable

timbuktu ap world history: A Modern Translation of the Kebra Nagast Miguel F. Brooks,

1996 Lost for centuries, the Kebra Nagast (The Glory of Kings) is a truly majestic unveiling of ancient secrets. These pages were excised by royal decree from the authorized 1611 King James version of the Bible. Originally recorded in the ancient Ethiopian language (Ge'ez) by anonymous scribes, The Red Sea Press, Inc. and Kingston Publishers now bring you a complete, accurate modern English translation of this long suppressed account. Here is the most startling and fascinating revelation of hidden truths; not only revealing the present location of the Ark of the Covenant, but also explaining fully many of the puzzling questions on Biblical topics which have remained unanswered up to today.

timbuktu ap world history: The Travels of Ibn Batūta Ibn Batuta, 1829

timbuktu ap world history: From Babylon to Timbuktu Rudolph Windsor, 2023-11-02

timbuktu ap world history: The Bad-Ass Librarians of Timbuktu Joshua Hammer,

2016-04-19 ****New York Times Book Review Editors' Choice**** To save ancient Arabic texts from Al Qaeda, a band of librarians pulls off a brazen heist worthy of Ocean's Eleven in this "fast-paced narrative that is...part intellectual history, part geopolitical tract, and part out-and-out thriller" (The Washington Post) from the author of The Falcon Thief. In the 1980s, a young adventurer and collector for a government library, Abdel Kader Haidara, journeyed across the Sahara Desert and along the Niger River, tracking down and salvaging tens of thousands of ancient Islamic and secular manuscripts that were crumbling in the trunks of desert shepherds. His goal: preserve this crucial part of the world's patrimony in a gorgeous library. But then Al Qaeda showed up at the door. "Part history, part scholarly adventure story, and part journalist survey...Joshua Hammer writes with verve and expertise" (The New York Times Book Review) about how Haidara, a mild-mannered archivist from the legendary city of Timbuktu, became one of the world's greatest smugglers by saving the texts from sure destruction. With bravery and patience, Haidara organized a dangerous operation to sneak all 350,000 volumes out of the city to the safety of southern Mali. His heroic heist "has all the elements of a classic adventure novel" (The Seattle Times), and is a reminder that ordinary citizens often do the most to protect the beauty of their culture. His the story is one of a man who, through extreme circumstances, discovered his higher calling and was changed forever by it.

timbuktu ap world history: The Silk Roads Peter Frankopan, 2016-02-16 INTERNATIONAL

BESTSELLER • Far more than a history of the Silk Roads, this book is truly a revelatory new history of the world, promising to destabilize notions of where we come from and where we are headed next. A rare book that makes you question your assumptions about the world." —The Wall Street Journal From the Middle East and its political instability to China and its economic rise, the vast

region stretching eastward from the Balkans across the steppe and South Asia has been thrust into the global spotlight in recent years. Frankopan teaches us that to understand what is at stake for the cities and nations built on these intricate trade routes, we must first understand their astounding pasts. Frankopan realigns our understanding of the world, pointing us eastward. It was on the Silk Roads that East and West first encountered each other through trade and conquest, leading to the spread of ideas, cultures and religions. From the rise and fall of empires to the spread of Buddhism and the advent of Christianity and Islam, right up to the great wars of the twentieth century—this book shows how the fate of the West has always been inextricably linked to the East. Also available: *The New Silk Roads*, a timely exploration of the dramatic and profound changes our world is undergoing right now—as seen from the perspective of the rising powers of the East.

timbuktu ap world history: *African Dominion* Michael A. Gomez, 2018-01-01 A groundbreaking history that puts early and medieval West Africa in a global context Pick up almost any book on early and medieval world history and empire, and where do you find West Africa? On the periphery. This pioneering book, the first on this period of the region's history in a generation, tells a different story. Interweaving political and social history and drawing on a rich array of sources, including Arabic manuscripts, oral histories, and recent archaeological findings, Michael Gomez unveils a new vision of how categories of ethnicity, race, gender, and caste emerged in Africa and in global history more generally. Scholars have long held that such distinctions arose during the colonial period, but Gomez shows they developed much earlier. Focusing on the Savannah and Sahel region, Gomez traces the exchange of ideas and influences with North Africa and the Central Islamic Lands by way of merchants, scholars, and pilgrims. Islam's growth in West Africa, in tandem with intensifying commerce that included slaves, resulted in a series of political experiments unique to the region, culminating in the rise of empire. A major preoccupation was the question of who could be legally enslaved, which together with other factors led to the construction of new ideas about ethnicity, race, gender, and caste—long before colonialism and the transatlantic slave trade. Telling a radically new story about early Africa in global history, *African Dominion* is set to be the standard work on the subject for many years to come.

timbuktu ap world history: *Behind the Scenes* Elizabeth Keckley, 1988 Part slave narrative, part memoir, and part sentimental fiction *Behind the Scenes* depicts Elizabeth Keckley's years as a salve and subsequent four years in Abraham Lincoln's White House during the Civil War. Through the eyes of this black woman, we see a wide range of historical figures and events of the antebellum South, the Washington of the Civil War years, and the final stages of the war.

timbuktu ap world history: *The Negro Motorist Green Book* Victor H. Green, *The Negro Motorist Green Book* was a groundbreaking guide that provided African American travelers with crucial information on safe places to stay, eat, and visit during the era of segregation in the United States. This essential resource, originally published from 1936 to 1966, offered a lifeline to black motorists navigating a deeply divided nation, helping them avoid the dangers and indignities of racism on the road. More than just a travel guide, *The Negro Motorist Green Book* stands as a powerful symbol of resilience and resistance in the face of oppression, offering a poignant glimpse into the challenges and triumphs of the African American experience in the 20th century.

timbuktu ap world history: *World History* Eugene Berger, Brian Parkinson, Larry Israel, Charlotte Miller, Andrew Reeves, Nadejda Williams, 2014 Annotation *World History: Cultures, States, and Societies to 1500* offers a comprehensive introduction to the history of humankind from prehistory to 1500. Authored by six USG faculty members with advance degrees in History, this textbook offers up-to-date original scholarship. It covers such cultures, states, and societies as Ancient Mesopotamia, Ancient Israel, Dynastic Egypt, India's Classical Age, the Dynasties of China, Archaic Greece, the Roman Empire, Islam, Medieval Africa, the Americas, and the Khanates of Central Asia. It includes 350 high-quality images and maps, chronologies, and learning questions to help guide student learning. Its digital nature allows students to follow links to applicable sources and videos, expanding their educational experience beyond the textbook. It provides a new and free alternative to traditional textbooks, making *World History* an invaluable resource in our modern age

of technology and advancement.

timbuktu ap world history: Travels Through Central Africa to Timbuctoo René Caillié, Jomard (M., Edme-François), 1830

timbuktu ap world history: UNESCO General History of Africa, Vol. III, Abridged Edition Unesco. International Scientific Committee for the Drafting of a General History of Africa, 1992-11-03 The book first places Africa in the context of world history at the opening of the seventh century, before examining the general impact of Islamic penetration, the continuing expansion of the Bantu-speaking peoples, and the growth of civilizations in the Sudanic zones of West Africa--Back cover.

timbuktu ap world history: The Hidden Treasures of Timbuktu John Owen Hunwick, Alida Jay Boye, 2008-10-28 The extraordinary manuscripts of Timbuktu: invaluable historical documents, objects of tremendous beauty, and a testament to a great center of learning and civilization. For centuries, trading caravans made epic journeys across the Saharan sands to reach the markets of the legendary city of Timbuktu, where they traded salt, gold, slaves, textiles—and books. By the mid-fifteenth century, Timbuktu had become a major center of Islamic literary culture and scholarship. The city's libraries were repositories of all the world's learning, housing not only works by Arab and Islamic writers but also volumes from the classical Greek and Roman worlds and studies by contemporary scholars. The astonishing manuscripts of Timbuktu form the lavish visual heart of this book. Beautifully graphic, occasionally decorated, these exquisite artifacts reveal great craftsmanship as well as learning. All were written in the Arabic script, but not all are in Arabic, for they also feature a range of local African languages. Aside from scholarly works, the surviving manuscripts include a wealth of correspondence between rulers, advisers, and merchants on subjects as various as taxation, commerce, marriage, divorce, adoption, breastfeeding, and prostitution, providing a vivid insight into the ordinary life and values of the day.

timbuktu ap world history: The Meanings of Timbuktu Shamil Jeppie, Souleymane Bachir Diagne, 2008 Salt comes from the north, gold from the south, but the word of God and the treasures of wisdom are only to be found in Timbuktu. 15th-century Malian proverb. In a joint project between South Africa and Mali, a library to preserve more than 200 000 Arabic and West African manuscripts dating from the 13th to the 19th centuries is currently under construction. It is the first official cultural project of the New Partnership for Africa's Development (Nepad), the socio-economic development plan of the African Union, and when the library is built, the cultural role of Timbuktu will be revived, as it becomes the safehaven for the treasured manuscripts. The manuscripts prove that Africa had a rich legacy of written history, long before western colonisers set foot on the continent. This volume, authored by leading international scholars, begins to sketch the 'meaning' of Timbuktu within the context of the intellectual history of West Africa, in particular, and of the African continent, in general. The book covers four broad areas: Part I provides an introduction to the region; outlines what archaeology can tell us of its history, examines the paper and various calligraphic styles used in the manuscripts; and explains how ancient institutions of scholarship functioned. Part II begins to analyse what the manuscripts can tell us of African history. Part III offers insight into the lives and works of just a few of the many scholars who achieved renown in the region and beyond. Part IV provides a glimpse into Timbuktu's libraries and private collections. Part V looks at the written legacy of the eastern half of Africa, which like that of the western region, is often ignored. A fascinating read for anyone who wishes to gain an understanding of the aura of mystique and legend that surrounds Timbuktu. The Meanings of Timbuktu strives to contextualise and clarify the importance of efforts to preserve Timbuktu's manuscripts for Mali, for Africa and for the intellectual world.--Abstract

timbuktu ap world history: Timbuktu Marq De Villiers, Sheila Hirtle, 2012-11-13 The first book for general readers about the storied past of one of the world's most fabled cities. Timbuktu — the name still evokes an exotic, faraway place, even though the city's glory days are long gone. Unspooling its history and legends, resolving myth with reality, Marq de Villiers and Sheila Hirtle have captured the splendour and decay of one of humankind's treasures. Founded in the early 1100s

by Tuareg nomads who called their camp “Tin Buktu,” it became, within two centuries, a wealthy metropolis and a nexus of the trans-Saharan trade. Salt from the deep Sahara, gold from Ghana, and money from slave markets made it rich. In part because of its wealth, Timbuktu also became a centre of Islamic learning and religion, boasting impressive schools and libraries that attracted scholars from Alexandria, Baghdad, Mecca, and Marrakech. The arts flourished, and Timbuktu gained near-mythic stature around the world, capturing the imagination of outsiders and ultimately attracting the attention of hostile sovereigns who sacked the city three times and plundered it half a dozen more. The ancient city was invaded by a Moroccan army in 1600, beginning its long decline; since then, it has been seized by Tuareg nomads and a variety of jihadists, in addition to enduring a terrible earthquake, several epidemics, and numerous famines. Perhaps no other city in the world has been as golden — and as deeply tarnished — as Timbuktu. Using sources dating deep into Timbuktu’s fabled past, alongside interviews with Tuareg nomads and city residents and officials today, de Villiers and Hirtle have produced a spectacular portrait that brings the city back to life.

timbuktu ap world history: *How to Write About Africa* Binyavanga Wainaina, 2023-06-06 From one of Africa’s most influential and eloquent essayists, a posthumous collection that highlights his biting satire and subversive wisdom on topics from travel to cultural identity to sexuality “A fierce literary talent . . . [Wainaina] shines a light on his continent without cliché.”—The Guardian “Africa

is the only continent you can love—take advantage of this. . . . Africa is to be pitied, worshipped, or dominated. Whichever angle you take, be sure to leave the strong impression that without your intervention and your important book, Africa is doomed.” Binyavanga Wainaina was a pioneering voice in African literature, an award-winning memoirist and essayist remembered as one of the greatest chroniclers of contemporary African life. This groundbreaking collection brings together, for the first time, Wainaina’s pioneering writing on the African continent, including many of his most critically acclaimed pieces, such as the viral satirical sensation “How to Write About Africa.” Working fearlessly across a range of topics—from politics to international aid, cultural heritage, and redefined sexuality—he describes the modern world with sensual, emotional, and psychological detail, giving us a full-color view of his home country and continent. These works present the portrait of a giant in African literature who left a tremendous legacy.

timbuktu ap world history: Beyond Timbuktu Ousmane Oumar Kane, 2016-06-07 Renowned for its madrassas and archives of rare Arabic manuscripts, Timbuktu is famous as a great center of Muslim learning from Islam’s Golden Age. Yet Timbuktu is not unique. It was one among many scholarly centers to exist in precolonial West Africa. Beyond Timbuktu charts the rise of Muslim learning in West Africa from the beginning of Islam to the present day, examining the shifting contexts that have influenced the production and dissemination of Islamic knowledge—and shaped the sometimes conflicting interpretations of Muslim intellectuals—over the course of centuries. Highlighting the significant breadth and versatility of the Muslim intellectual tradition in sub-Saharan Africa, Ousmane Kane corrects lingering misconceptions in both the West and the Middle East that Africa’s Muslim heritage represents a minor thread in Islam’s larger tapestry. West African Muslims have never been isolated. To the contrary, their connection with Muslims worldwide is robust and longstanding. The Sahara was not an insuperable barrier but a bridge that allowed the Arabo-Berbers of the North to sustain relations with West African Muslims through trade, diplomacy, and intellectual and spiritual exchange. The West African tradition of Islamic learning has grown in tandem with the spread of Arabic literacy, making Arabic the most widely spoken language in Africa today. In the postcolonial period, dramatic transformations in West African education, together with the rise of media technologies and the ever-evolving public roles of African Muslim intellectuals, continue to spread knowledge of Islam throughout the continent.

timbuktu ap world history: The Black Death in the Middle East Michael Walters Dols, 2019-01-29 In the middle of the fourteenth century a devastating epidemic of plague, commonly known in European history as the Black Death, swept over the Eurasian continent. This book, based principally on Arabic sources, establishes the means of transmission and the chronology of the plague pandemic's advance through the Middle East. The prolonged reduction of population that

began with the Black Death was of fundamental significance to the social and economic history of Egypt and Syria in the later Middle Ages. The epidemic's spread suggests a remarkable destruction of human life in the fourteenth century, and a series of plague recurrences appreciably slowed population growth in the following century and a half, impoverishing Middle Eastern society. Social reactions illustrate the strength of traditional Muslim values and practices, social organization, and cohesiveness. The sudden demographic decline brought about long-term as well as immediate economic adjustments in land values, salaries, and commerce. Michael W. Dols is Assistant Professor of History at California State University, Hayward. Originally published in 1977. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

timbuktu ap world history: *Understanding by Design* Grant P. Wiggins, Jay McTighe, 2005 What is understanding and how does it differ from knowledge? How can we determine the big ideas worth understanding? Why is understanding an important teaching goal, and how do we know when students have attained it? How can we create a rigorous and engaging curriculum that focuses on understanding and leads to improved student performance in today's high-stakes, standards-based environment? Authors Grant Wiggins and Jay McTighe answer these and many other questions in this second edition of *Understanding by Design*. Drawing on feedback from thousands of educators around the world who have used the UbD framework since its introduction in 1998, the authors have greatly revised and expanded their original work to guide educators across the K-16 spectrum in the design of curriculum, assessment, and instruction. With an improved UbD Template at its core, the book explains the rationale of backward design and explores in greater depth the meaning of such key ideas as essential questions and transfer tasks. Readers will learn why the familiar coverage- and activity-based approaches to curriculum design fall short, and how a focus on the six facets of understanding can enrich student learning. With an expanded array of practical strategies, tools, and examples from all subject areas, the book demonstrates how the research-based principles of *Understanding by Design* apply to district frameworks as well as to individual units of curriculum. Combining provocative ideas, thoughtful analysis, and tested approaches, this new edition of *Understanding by Design* offers teacher-designers a clear path to the creation of curriculum that ensures better learning and a more stimulating experience for students and teachers alike.

timbuktu ap world history: *Islam in West Africa* John Spencer Trimingham, 1972

timbuktu ap world history: *Letters from Mexico* Hernan Cortes, Hernán Cortés, 2001-01-01 Written over a seven-year period to Charles V of Spain, Hernan Cortes's letters provide a narrative account of the conquest of Mexico from the founding of the coastal town of Veracruz until Cortes's journey to Honduras in 1525. The two introductions set the letters in context.

timbuktu ap world history: *The History of Western Africa* Amy McKenna Senior Editor, Geography and History, 2011-01-15 From its ancient kingdoms to the independent post-colonial states that make up the region today, western Africa has transformed dramatically over the centuries. Economically lucrative for European slave traders and later for their colonial successors, the territories along Africa's Atlantic coast were forced to overcome great adversity before achieving autonomy. This volume surveys the history of the many nations of western Africa where vestiges of its celebrated past are still visible in cities like Timbuktu and where its diverse peoples continue to navigate a path towards a more stable future.

timbuktu ap world history: *The Cambridge Handbook of the Psychology of Aesthetics and the Arts* Pablo P. L. Tinio, Jeffrey K. Smith, 2014-10-30 The psychology of aesthetics and the arts is dedicated to the study of our experiences of the visual arts, music, literature, film, performances, architecture and design; our experiences of beauty and ugliness; our preferences and dislikes; and our everyday perceptions of things in our world. The Cambridge Handbook of the Psychology of Aesthetics and the Arts is a foundational volume presenting an overview of the key concepts and theories of the discipline where readers can learn about the questions that are being asked and become acquainted with the perspectives and methodologies used to address them. The psychology of aesthetics and the arts is one of the oldest areas of psychology but it is also one of the fastest growing and most exciting areas. This is a comprehensive and authoritative handbook featuring essays from some of the most respected scholars in the field.

timbuktu ap world history: *A People's History of the United States* Howard Zinn, 2003-02-04 Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's History* is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.
