I wasn't a very motivated student when I was younger, so I failed my exams in 1999 and had to retake them the following summer. I'd already decided I wanted to take a gap year then go to business school, so this time I completed all the coursework and revised thoroughly; I passed easily. I spent a year abroad as an assistant in a secondary school and then went to business school - I'd already applied and successfully attended an interview before resitting my exams.

In my second year as an undergraduate, I spent a semester as an intern at Hewlett Packard, which was very rewarding. In fact, I went straight into a job at HP after I graduated the following June. They encouraged me to do a Master's degree by correspondence - I just have to finish writing a dissertation. I need a break now, but I may take a sabbatical to study for an MBA in a few years' time.

Told through the fictional experiences of Okonkwo, a wealthy and fearless Igbo warrior of Umuofia in the late 1800s, Things Fall Apart explores one man's futile resistance to the devaluing of his Igbo traditions by British political and religious forces and his despair as his community capitulates to the powerful new order. studysync answers: A Modest Proposal Jonathan Swift, 2024-05-30 In one of the most powerful and darkly satirical works of the 18th century, a chilling solution is proposed to address the dire poverty and overpopulation plaguing Ireland. Jonathan Swift presents a shockingly calculated and seemingly rational argument for using the children of the poor as a food source, thereby addressing both the economic burden on society and the issue of hunger. This provocative piece is a masterful example of irony and social criticism, as it exposes the cruel attitudes and policies of the British ruling class towards the Irish populace. Jonathan Swift's incisive critique not only underscores the absurdity of the proposed solution but also serves as a profound commentary on the exploitation and mistreatment of the oppressed. A Modest Proposal remains a quintessential example of satirical literature, its biting wit and moral indignation as relevant today as it was at the time of its publication. JONATHAN SWIFT [1667-1745] was an Anglo-Irish author, poet, and satirist. His deadpan satire led to the coining of the term »Swiftian«, describing satire of similarly ironic writing style. He is most famous for the novel Gulliver's Travels [1726] and the essay A Modest Proposal [1729].

studysync answers: The Warmth of Other Suns Isabel Wilkerson, 2011-10-04 NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • NEW YORK TIMES BESTSELLER • In this beautifully written masterwork, the Pulitzer Prize-winner and bestselling author of *Caste* chronicles one of the great untold stories of American history: the decades-long migration of black citizens who fled the South for northern and western cities, in search of a better life. From 1915 to 1970, this exodus of almost six million people changed the face of America. Wilkerson compares this epic migration to the migrations of other peoples in history. She interviewed more than a thousand people, and gained access to new data and official records, to write this definitive and vividly dramatic account of how these American journeys unfolded, altering our cities, our country, and ourselves. With stunning historical detail, Wilkerson tells this story through the lives of three unique individuals: Ida Mae Gladney, who in 1937 left sharecropping and prejudice in Mississippi for Chicago, where she achieved quiet blue-collar success and, in old age, voted for Barack Obama when he ran for an Illinois Senate seat; sharp and quick-tempered George Starling, who in 1945 fled Florida for Harlem, where he endangered his job fighting for civil rights, saw his family fall, and finally found peace in God; and Robert Foster, who left Louisiana in 1953 to pursue a medical career, the personal physician to Ray Charles as part of a glitteringly successful medical career, which allowed him to purchase a grand home where he often threw exuberant parties. Wilkerson brilliantly captures their first treacherous and exhausting cross-country trips by car and train and their new lives in colonies that grew into ghettos, as well as how they changed these cities with southern food, faith, and culture and improved them with discipline, drive, and hard work. Both a riveting microcosm and a major assessment, *The Warmth of Other Suns* is a bold, remarkable, and riveting work, a superb account of an "unrecognized immigration" within our own land. Through the breadth of its narrative, the beauty of the writing, the depth of its research, and the fullness of the people and lives portrayed herein, this book is destined to become a classic.

studysync answers: Reclaiming Personalized Learning Paul Emerich France, 2019-10-01 Where exactly did personalized learning go so wrong? For teacher and consultant Paul France, at first technology-powered personalized learning seemed like a panacea. But after three years spent at a personalized learning start-up and network of microschools, he soon realized that such corporate-driven individualized learning initiatives do more harm than good, especially among our most vulnerable students. The far-superior alternative? A human-centered pedagogy that prioritizes children over technology. First, let's be clear: Reclaiming Personalized Learning is not yet-another ed tech book. Instead it's a user's guide to restoring equity and humanity to our classrooms and schools through personalization. One part polemical, eleven parts practical, the book describes how to: Shape whole-class instruction, leverage small-group interactions, and nurture a student's inner-dialogue Cultivate awareness within and among students, and build autonomy and authority Design curriculum with a flexible frame and where exactly the standards fit Humanize assessment and instruction, including the place of responsive teaching Create a sense of belonging, humanize technology integration, and effect socially just teaching and learning—all central issues in equity The truth is this: there's no one framework, there's no one tool that makes learning personalized—what personalized learning companies with a vested interest in profits might tempt you to believe. It's people who personalize learning, and people not technology must be at the center of education. The time is now for all of us teachers to reclaim personalized learning, and this all-important book is our very best resource for getting started. This is a compelling and critically important book for our time. With rich stories of teaching and learning Paul France considers ways to create the most positive learning experiences possible. - JO BOALER, Nomellini & Olivier Professor of Education, Stanford Graduate School of Education This brilliant book is a major contribution to the re-imagination of learning and teaching for the twenty-first century and should be essential reading for new and experienced teachers alike. - TONY WAGNER, Senior Research Fellow, Learning Policy Institute In these troubled times, this book is more than a breath of fresh air, it is a call to action. Paul gives us an accessible and sophisticated book that explains how and why we should celebrate the humanity of every single student. - JIM KNIGHT, Senior Partner of the Instructional Coaching Group (ICG) and Author of The Impact Cycle

studysync answers: *The 57 Bus* Dashka Slater, 2017-10-17 The riveting New York Times bestseller and Stonewall Book Award winner that will make you rethink all you know about race, class, gender, crime, and punishment. Artfully, compassionately, and expertly told, Dashka Slater’s *The 57 Bus* is a must-read nonfiction book for teens that chronicles the true story of an agender teen who was set on fire by another teen while riding a bus in Oakland, California. Two ends of the same line. Two sides of the same crime. If it weren’t for the 57 bus, Sasha and Richard never would have met. Both were high school students from Oakland, California, one of the most diverse cities in the country, but they inhabited different worlds. Sasha, a white teen, lived in the middle-class foothills and attended a small private school. Richard, a Black teen, lived in the economically challenged flatlands and attended a large public one. Each day, their paths overlapped for a mere eight minutes. But one afternoon on the bus ride home from school, a single reckless act left Sasha severely burned, and Richard charged with two hate crimes and facing life imprisonment. The case garnered international attention, thrusting both teenagers into the spotlight. But in *The 57 Bus*, award-winning journalist Dashka Slater shows that what might at first seem like a simple matter of right and wrong, justice and injustice, victim and criminal, is something more complicated—and far more heartbreaking.
