tonight youre sleeping with me parents guide: *How to Sleep Train Twins* Nina Garcia, 2016-03-26 You're sleep-deprived, in ways you never imagined. Putting one baby to sleep is hard enough, but now you have two to contend with. Two babies who wake up at random times

throughout the night. Two babies whose pacifiers fall out and need to be put back in a million times. Two babies you need to rock, nurse, or hold to get them to fall back asleep several times every night. No wonder you're tired. And I can relate: my twins kept my husband and me up at nights, disrupting everyone's sleep. Rocking or nursing to sleep was exhausting. I knew this wasn't a sustainable pattern to continue, and I looked forward to the day when I could finally help them fall asleep on their own. I had an older son whom I sleep trained when he was a baby, but I needed a system that worked specifically with twins. I was dealing with two babies with different patterns and sleeping aids. And so I modified the sleep training method I had used for my singleton to accommodate twins. After just a week, both boys were sleeping 12 hours straight (from 7pm to 7am) without waking up once. I wrote a blog post about the process, to the delight of many twin parents. Several responded with success stories after using my methods. Others had more questions. After answering many of them, I knew I had more to say than what could fit in a single blog post. I wrote and wrote until I answered their questions and addressed different scenarios... and then compiled it all into this guide. I don't know about you, but I had some serious doubts about sleep training twins. I didn't know if it would work, especially since my twins had gotten so used to rocking and nursing. They also woke up several times a night to nurse. I couldn't imagine how they'd sleep through the night without waking up once. And they were supposed to share a room not just with each other, but with their big brother as well. Sleep training seemed all but impossible. Thankfully it all worked out. I wrote *How to Sleep Train Twins* so your twins can sleep through the night. No fluff, no extra stuff, just the exact steps and information you need. My goal is to help you truly enjoy parenthood. It's pretty hard to do that when you're sleep deprived. What you'll learn: The step-by-step process of sleep training twins: Confused with all the sleep training books you've read? *How to Sleep Train Twins* guides you through the exact process, even with twins in the same room. How to wean from night feedings: Learn how to gradually reduce and drop night feedings. Your twins will learn to consume their calories during the day and sleep through the night. Sleep training for naps: Learn the techniques to sleep train your twins for naps. You'll get the when, where, and how of doing it successfully. The tools you'll need: Successful sleep training relies on preparation. I'll show you the items you'll need to make sure sleep training goes smoothly. You'll also get a printable sleep tracker to record your progress. An invitation to a private Facebook group all about twins: You're not alone! You can ask me and other twin parents questions about sleep training or life with twins in general.

tonight youre sleeping with me parents guide: How Not to Hate Your Husband After Kids Jancee Dunn, 2017-03-21 Get this for your pregnant friends, or yourself (People): a hilariously candid account of one woman's quest to bring her post-baby marriage back from the brink, with life-changing, real-world advice. Recommended by Nicole Cliffe in Slate Featured in People Picks A Red Tricycle Best Baby and Toddler Parenting Book of the Year One of Mother magazine's favorite parenting books of the Year *How Not To Hate Your Husband After Kids* tackles the last taboo subject of parenthood: the startling, white-hot fury that new (and not-so-new) mothers often have for their mates. After Jancee Dunn had her baby, she found that she was doing virtually all the household chores, even though she and her husband worked equal hours. She asked herself: How did I become the 'expert' at changing a diaper? Many expectant parents spend weeks researching the best crib or safest car seat, but spend little if any time thinking about the titanic impact the baby will have on their marriage - and the way their marriage will affect their child. Enter Dunn, her well-meaning but blithely unhelpful husband, their daughter, and her boisterous extended family, who show us the ways in which outmoded family patterns and traditions thwart the overworked, overloaded parents of today. On the brink of marital Armageddon, Dunn plunges into the latest relationship research, solicits the counsel of the country's most renowned couples' and sex therapists, canvasses fellow parents, and even consults an FBI hostage negotiator on how to effectively contain an explosive situation. Instead of having the same fights over and over, Dunn and her husband must figure out a way to resolve their larger issues and fix their family while there is still time. As they discover, adding a demanding new person to your relationship means you have to reevaluate -- and rebuild -- your marriage. In an exhilarating twist, they work together to save the day, happily returning to the

kind of peaceful life they previously thought was the sole province of couples without children. Part memoir, part self-help book with actionable and achievable advice, *How Not To Hate Your Husband After Kids* is an eye-opening look at how the man who got you into this position in the first place is the ally you didn't know you had.

tonight youre sleeping with me parents guide: *Here Be Dragons* Annmarie Kelly-Harbaugh, Ken Harbaugh, 2016-10-11 Before our three kids, we had been decent people. Interesting even. One of us had taught Shakespeare to gang members while the other flew reconnaissance missions off North Korea. But our own children had proven our biggest challenge. We were passionate and service-driven folks, except we were not demonstrating this to our kids. We spent so much time trying to be good parents that we forgot to be good people. Something had to change. Two parents challenge one another to find balance between work and family life. Their stories are both uproarious and poignant as they raise children and strive to leave their mark on the wider world. Filled with tender moments and plenty of laughs, *Here Be Dragons* recounts the adventures of a family trying to stay afloat, and offers a life raft to the rest of us in choppy waters.

tonight youre sleeping with me parents guide: Think Like a Monk Jay Shetty, 2020-09-08 Jay Shetty, social media superstar and host of the #1 podcast On Purpose, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts

-How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

tonight youre sleeping with me parents guide: **A Voice for Justice** Seth Kaper-Dale, 2013-11-28 In the decade after 9/11, Rev. Seth Kaper-Dale did what preachers were doing all across America—he entered the pulpit and tried to claim Jesus Christ as the risen one who is ushering in a renewed and restored kingdom, even as it seemed that so many nations and special interest groups were claiming power and authority. Over the course of a decade many of the sermons directly addressed the great issues through reflection on the biblical narrative. Sometimes that interaction resulted in the congregation being moved by faith to enter the fray and to address issues such as war, natural disasters, sexual orientation, economic disparity, immigration reform, interfaith matters, and ecological disaster. In short, when the Bible met the big issues in congregational space and time, the church was transformed in Spirit and made ready for real action. In thirty-four sermons that go from pre-emptive war to the Arab Spring, Seth insists that nothing that happens in real history lies outside the realm of theological reflection, and that there is nothing a congregation cannot delve into once it has seen why the particular kingdom message of Jesus Christ is stronger

than any other power.
